Sky Of Peleg:

The Sky of Peleg Twelve, **Any Other World Will Do** Alex Lubertozzi, 2021-08-01 *Any Other World Will Do* presents an alien vision of Earth's possible future. It's a send-up of the genre that wraps its earnest warning in plausible deniability. Foreword Reviews 2022 Benjamin Franklin Award Silver Winner. In a chance encounter on the overnight train from Paris to Barcelona, Vikram Bhat stumbles across a promising new recruit, Miles Townsend, an 18-year-old kid running away from a past he'd just as soon forget. He is drawn to the older Indian man, dazzled by Barcelona and smitten with the Hotel Kashmir's bartender, Anna de Wit, a Surinamese grad student with a genius for languages. Vikram's first recruit, Miles, and Anna have no idea they're being recruited. They have no idea that Vikram is neither an Indian nor a man or that he's a few thousand light years from home. He has a lot of secrets; it turns out. But he means well. When a series of bad decisions reveals the fact that Vikram isn't the only one light years from home and this other one does not mean well, Miles and Anna become unwitting ambassadors to Vikram's world, a place where the locals haven't got their shit together any better than the people of Earth. A unique coming-of-age story, *Any Other World Will Do* is inventive, irreverent science fiction, a wry commentary on the primal urge to flee our troubles and the romantic way we remember the journey. Earth, Man, & Devolution R. Pilotte, 2009-01-28. A girl on a couch appeared in an electro-magnetically generated cloud and it was deduced to be a vision from the past. UFOs are seen to appear and disappear out of nowhere and they are presumed to be entering and leaving another dimension. The ancients speak of the Gods descending to earth and they're deduced to be spacemen from another galaxy seeding life on earth and helping evolution along. Archaeologists see the pyramids and decide they were built by 200,000 slaves to exacting standards we can't match today, just to bury a king. People read about world flood legends, look at Mount Everest, say impossible, and decide the legends speak of local floods. Anthropologists see writing start about 5000 years ago and deduce this is evidence of the greatest advancement in the history of mankind. These deductions are all incorrect. Find out what these and other curious tidbits really mean and how they'll change your world view forever. Ever wondered where the Noah floodwater went? Find out where it came from and finally where it went. Radioactive Carbon 14 in our atmosphere isn't at equilibrium; it forms at a faster rate than it breaks down. Why? And why is that crucial in figuring out the age of the earth? Ever wondered what caused different races? How about dinosaurs? Find out what killed them recently and be prepared for a shock because they aren't all dead. One of the plagues of Egypt was the river of blood, but this happened in more places than just Egypt. Find out the cause. This book solves the Bermuda Triangle disappearances, invisibility, the Tower of Babel, frozen woolly mammoths, erratics, massive fossil sites all around the globe, destruction of Mu and Atlantis. We also figure out the origin of reincarnation, the underworld, the continents, the seven heavens, pole shifts, the Sumerians, and not just the origin of the gods; we find out who they are. How can one book solve so much? Read *Earth Man*, *Maps of the Ancient Sea Kings*, *Immanuel Velikovsky*, *Earth in Upheaval*, *Wallace Budge*, *Book of the Dead*, *The Hollow Earth* by Raymond Bernard, and

The Rendezvous and Other Stories Patrick O'Brian,1995-11-17 A collection of startlingly vivid short stories from Patrick O Brian author of the highly acclaimed Aubrey Maturin series Patrick O Brian has emerged in the opinion of many as one of the greatest novelists in English His fame rests mainly on the achievement of the epic Aubrey Maturin novels but few readers know that O Brian first made his reputation as a writer of short fiction Collected here are twenty seven stories that O Brian wished to preserve stories of uncommon lyricism and beauty that will confirm his rightful place in the front rank of short story writers as well as of novelists Although the tone of this collection ranges effortlessly from the humorous to the dramatic the most characteristic and memorable stories often have to do with a glimpse of savage destructive forces through the fragile shell of human civilization The threatened chaos may be psychological as in On the Wolfsberg or it may be lurking in the natural world as in A Passage of the Frontier or as in the dark masterpiece The Chian Wine it is suddenly discovered in the ancient irrational impulses of human nature The setting may be the marshes of western Ireland the Pyrenees or the claustrophobic confines of a clockmender s house but each story is a showcase for Patrick O Brian s fresh and meticulous prose each story reaffirms his sympathetic understanding of human passion and suffering This collection proves that O Brian is not simply the master of a genre but an author who will long be honored as one of our most eminent literary figures
