Legends Kristine Kathryn Rusch, 2011-06-28 Award winning author Kristine Kathryn Rusch brings her remarkable talents to the Star Wars universe where the New Republic faces sudden and total annihilation Somewhere in the galaxy millions suddenly perish a disruption of the Force so shocking it is felt by Luke at his Jedi academy and by Leia on Coruscant While Leia must deal with an assassination attempt a rumored plot against the New Republic and allegations that Han Solo is involved Luke seeks out a former Jedi student who may hold the key to the mass destruction But Brakiss is only the bait in a deadly trap set by a master of the dark side who is determined to rule as emperor He's targeted Luke Leia and Leia's Jedi children to die Then billions will follow in a holocaust unequalled in galactic history Features a bonus section following the novel that includes a primer on the Star Wars expanded universe and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years **The House That Jack Built** Michael J. Elisabeth Vallet, 2016-04-08 Twenty years after the fall of the Berlin Wall the question remains Do good fences still make good neighbours Since the Great Wall of China the Antonine Wall built in Scotland to support Hadrian's Wall the Roman Limes or the Danevirk fence the wall has been a constant in the protection of defined entities claiming sovereignty East and West But is the wall more than an historical relict for the management of borders In recent years the wall has been given

renewed vigour in North America particularly along the U S Mexico border and in Israel Palestine But the success of these new walls in the development of friendly and orderly relations between nations or indeed within nations remains unclear What role does the wall play in the development of security and insecurity Do walls contribute to a sense of insecurity as much as they assuage fears and create a sense of security for those behind the line Exactly what kind of security is associated with border walls This book explores the issue of how the return of the border fences and walls as a political tool may be symptomatic of a new era in border studies and international relations Taking a multidisciplinary approach this volume examines problems that include security issues the recurrence and or decline of the wall wall discourses legal approaches to the wall the wall industry and border technology as well as their symbolism role objectives and efficiency
