On Russian Soil Mieka Erley,2021-06-15 Blending close readings of literature films and other artworks with analysis of texts of political philosophy science and social theory Mieka Erley offers an interdisciplinary perspective on attitudes to soil in Russia and the Soviet Union from the early nineteenth to the mid twentieth century As Erley shows in On Russian Soil the earth has inspired utopian dreams reactionary ideologies social theories and durable myths about the relationship between nation and nature In this period of modernization soil was understood as the collective body of the nation sitting at the crux of all economic and social problems The soil question was debated by nationalists and radical materialists Slavophiles and Westernizers poets and scientists On Russian Soil highlights a selection of key myths at the intersection of cultural and material history that show how soil served as a natural national and symbolic resource from Fedor Dostoevsky s native soil movement to Nikita Khrushchev s Virgin Lands campaign at the Soviet periphery in the 1960s Providing an original contribution to ecocriticism and environmental humanities Erley expands our understanding of how cultural processes write nature and how nature inspires culture On Russian Soil brings Slavic studies into new conversations in the environmental humanities generating fresh interpretations of literary and cultural movements and innovative readings of major writers

The Politics of Reception Gregory Carleton, 1998 Mikhail Zoshchenko was one of the most popular and contentious Russian writers in the period from 1920 to 1950 Scholars and critics have long enlisted Zoshchenko to fight the cultural battles of early Soviet history the Cold War and even the glasnost era In The Politics of Reception Gregory Carleton analyzes how and why Zoshchenko s legacy has become a battleground for competing ideological interests Prodigal Son John Givens, 2000 A wildly prolific director actor and writer Vasilii Shukshin 1929 74 reached more Soviets in more media than perhaps any other artist in the post Stalinist USSR This first English language study of Shukshin and his work is thus a portrait of the culture of Soviet Russia after Stalin John Givens begins with Shukshin's position between cultural realms and social strata his abandoned peasant heritage in Siberia as the son of a purged kulak on the one hand and his life as a successful artist in Moscow on the other Givens shows how this clash of cultures and identities was both a burden and the driving force of Shukshin's art and how it represents a central dichotomy between rural and urban culture in Soviet Russia This work provides new terms for rereading the culture of Shukshin's time terms that take up notions of demographic displacement class difference and blurred boundaries among genres audiences and arts Russian Cinema David C. Gillespie, 2014-09-25 Russian Cinema provides a lively and informative exploration of the film genres that developed during Russia s tumultuous history with discussion of the work of Eisenstein Pudovkin Mikhalkov Paradzhanov Sokurov and others The background section assesses the contribution of visual art and music especially the work of the composers Shostakovich and Prokofev to Russian cinema Subsequent chapters explore a variety of topics The literary space the cinematic rendering of the literary text from Sovietized versions to bolder and more innovative interpretations as well as adaptations of foreign

classics The Russian film comedy looks at this perennially popular genre over the decades from the domestication of laughter under Stalin to the emergence of satire The historical film how history has been used in film to affirm prevailing ideological norms from October to Taurus Women and Russian film discusses some of the female stars of the Soviet screen Liubov Orlova Vera Alentova Liudmila Gurchenko as well as films made by male and female directors such as Askoldov and Kira Muratova Film and ideology shows why ideology was an essential component of Soviet films such as The Maxim Trilogy and how it was later definitively rejected The Russian war film looks at Civil War and Second World War films and the post Soviet treatment of recent conflicts in Afghanistan and Chechnya Private life and public morality explores the evolution of melodramas about youth angst town and village life personal relationships and the emergence of the dominant sub genre of the 1990s the gangster thriller Autobiography memory and identity offers a close reading of the work of Andrei Tarkovskii Russia s greatest post war director whose films including Andrei Rublev and Mirror place him among the foremost European auteur film makers Russian Cinema offers a close analysis of over 300 films illustrated with representative stills throughout As with other titles in the Inside Film series it includes comprehensive filmographies a thorough bibliography and an annotated further reading list The book is a jargon free accessible study that will be of interest to undergraduates of film studies modern languages Russian language and literature as well as cineastes film teachers and researchers
