Social Case Work, Generic and Specific Milford Conference Staff, *Social Case Work, Generic and Specific*, 1929

Social Casework Helen Harris Perlman, 1957-03-15 This is a basic book in social casework Its thesis is that among all the complexities within the subject matter and operations of casework there are certain constant elements forces and processes which give coherence and unity to its practice Mrs Perlman identifies and analyzes these constants and views them within the logical framework of problem solving In turn problem solving as a casework process is examined in its likeness to normal human problem solving efforts The result is an approach to learning and thinking about casework which is at once organized synthesized and imaginative The book s usefulness is enhanced by the author s lucid and pointed style *Social Work Practice and Social Welfare Policy in the United States* Philip R. Popple, 2018-01-26 The first new social work history to be written in over twenty years Social Work Practice and Social Welfare Policy in the United States presents a history of the field from the perspective of elites service providers and recipients This book uniquely chronicles and analyzes the development of social work practice theory on two levels from the top down looking at the writings conference presentations and training course material developed by leaders of the profession and from the bottom up looking at case records for evidence of techniques that were actually applied by social workers in the field Additionally the author takes a careful and critical look at the development of social work methods setting it apart from existing histories that generally accept the effectiveness of the field s work Addressing CSWE EPAS standards at both the BSW and MSW levels Social Work Practice and Social Welfare Policy in the United States is ideal both as a primary text for history of social work social welfare classes and a supplementary text for introduction to social work social welfare or social welfare policy and services classes

Casework Eileen Younghusband, 2021-11-07 Originally published in 1966 this book gives examples of the most advanced thought about casework by well known writers in England and the United States at the time The ground covered includes the use of some current sociological theory in casework analysis of the interpersonal relationships in casework new thought about the appropriate use of authority with people whose own internal controls are weak and unreliable and recent advances in understanding and working with people who respond to action more easily than to words These articles by well known authorities illustrate the increased range of insight and skill required of modern caseworkers and at the same time are highly readable conveying complex ideas in language refreshingly free from jargon **Common Human Needs, an**

Library,1929 *Social Casework Cumulative Index, 1920-1979* ,1982 *Social Work, Social Justice, and Human Rights* Colleen Lundy,2011-11-15 Social workers take pride in their commitment to social and economic justice peace and human rights and in their responses to related inequalities and social problems At a time when economic globalization armed conflict and ecological devastation continue to undermine human rights and the possibilities for social justice the need for linking a structural analysis to social work practice is greater than ever The second edition of this popular social work practice text more fully addresses the connection between social justice and human rights It includes a discussion of social work's role in promoting peace and responding to environmental problems It also places a greater attention on the links between social work theories concepts and practice skill responses The text has been updated and revised throughout with four new chapters social work and human rights cultural competence and practice with immigrant communities social work and mental health communities and practice with couples and families Detailed case studies demonstrate the integration of theory policy and practice *Developing and Validating Rapid Assessment Instruments* Neil Abell, David W.
