## **Social Class In America And Britain:**

**Social Class on British and American Screens** Nicole Cloarec, David Haigron, Delphine Letort, 2016-03-15 At a time when debates about social inequality are in the spotlight it is worth examining how the two most popular media of the 20th and 21st centuries film and television have shaped the representation of social classes How do generic conventions determine the representation of social stereotypes How do filmmakers challenge social class identification How do factors such as national history geography and gender affect the representation of social classes This collection of new essays explores these and other questions through an analysis of a wide range of American and British productions from sitcoms and reality TV to documentaries and auteur cinema from the 1950s to the present

**The Changing Social Structure of England and Wales** David Marsh, 2013-08-21 This is Volume I of twenty one in the Class Race and Social Structure Series Originally published in 1958 this is the second edition of a study that now focuses on the changing social structure of England and Wales between 1871 and 1961 The main object of this book therefore as it was in the first edition is to introduce the student and the general reader to the maze of social statistics which have become available concerning the social structure of England and Wales The emphasis throughout is on applied or descriptive statistics and a knowledge of statistical techniques therefore those and they seem to be many who have an instinctive dislike of mathematics need not be deterred from following the attempt which has been made to analyse the changing social structure with the aid of social statistics

Social Class in Modern Britain Gordon Marshall, Howard Newby, David Rose, Carol Vogler, 2005-08-10 The book incorporates three alternative conceptions of class Erik Olin Wright's structural Marxist account is set alongside John Goldthorpe's occupational class schema and the Registrar General's prestige and skill related categories The authors use their unique data on inequality and conflict in contemporary Britain to provide for the first time a rigorous comparison of Marxist sociological and official class frameworks The book ranges widely across such topics as sectionalism in the workforce privatism of families and individuals fatalism gender and class processes sectoral production and consumption cleavages The authors conclude that class is still crucial in structuring economic political and social life

Social Inequalities in Comparative Perspective Fiona Devine, Mary C. Waters, 2008-04-15 This unique collection of original essays brings a comparative perspective to issues of social inequality First rate sociologists from around the world have contributed to this exciting and rigorous volume drawing upon their own research in the fields of race and ethnicity class and inequality and gender and sexuality Contains original essays by first rate scholars on issues of social inequalities around the world Features research and examples from the USA Canada UK Australia France Portugal Finland and Japan Reviews research on issues of social inequalities from the fields of race class and gender Reflects on methodological issues and the strengths of qualitative research Provides students with an important overview of the development of social stratification studies

**Love and Marriage Across Social Classes in American Cinema** Stephen Sharot, 2016-11-18 This book is the first comprehensive

and systematic study of cross class romance films throughout the history of American cinema It provides vivid discussions of these romantic films analyses their normative patterns and thematic concerns traces how they were shaped by inequalities of gender and class in American society and explains why they were especially popular from World War I through the roaring twenties and the Great Depression In the vast majority of cross class romance films the female is poor or from the working class the male is wealthy or from the upper class and the romance ends successfully in marriage or the promise of marriage

*Britain and America* Open University,1997-01-01 Britain and the United States share a common language a liberal and cultural heritage and a democratic political system They also have pronounced differences for their economic political and social structures have developed in distinctive ways This book compares and contrasts the historical course of the two countries and explores the significance of their similarities and differences over a period of two centuries The book offers wide ranging and up to date analyses of such issues as industrialization and urbanization democracy and politics class and gender and citizenship and welfare With contributions from leading scholars in both countries it will be an invaluable resource for classrooms and seminar study appealing to students of both history and social science Some of the essays are classic expositions of debates that resonate on both sides of the Atlantic Others are exemplary pieces that signal new agendas for research Contributors Anthony Badger Mark Clapson J C D Clark Clive Emsley Mary K Geiter H J Habakkuk Jeffrey Haydu Ira Katznelson Leon S Marshall David Morgan Ann Shola Orloff Gretchen Ritter S B Saul Theda Skocpol W A Speck and David Ward      **Social Forces in England and America** Herbert George Wells,1914      **Social Class in**

**America and Britain** Fiona Devine,1997 Social Class in America and Britain is the first introductory textbook to combine a clear comparative study of social class with the latest research      **Class and Other Identities** Lex Heerma van

Voss,Marcel van der Linden,2002 With the onset of a more conservative political climate in the 1980s social and especially labour history saw a decline in the popularity that they had enjoyed throughout the 1960s and 1970s This led to much debate on its future and function within the historical discipline as a whole Some critics declared it dead altogether Others have proposed a change of direction and a more or less exclusive focus on images and texts The most constructive proposals have suggested that labour history in the past concentrated too much on class and that other identities of working people should be taken into account to a larger extent than they had been previously such as gender religion and ethnicity Although class as a social category is still as valid as it has been before the questions now to be asked are to what extent non class identities shape working people s lives and mentalities and how these are linked with the class system In this volume some of the leading European historians of labour and the working classes address these questions Two non European scholars comment on their findings from an Indian resp American point of view The volume is rounded off by a most useful bibliography of recent studies in European labour history class gender religion and ethnicity      *Evangelical Christianity in the United States and Great Britain* J. Soper,1994-06-28 A significant scholarly work Its continuous assessment of different theories of social

movement formation its unique contentions concerning the mechanisms by which groups become politically mobilized and its insightful comparative analysis make this an important study C Smidt Calvin College a helpful contribution to the continuing debate on the nature of evangelicalism and its relationship to political action Richard Turnbull Church of England Newspaper This book examines the factors that have contributed to evangelical Christian politics in the United States and Great Britain in the past two centuries Through a careful analysis of the temperance and abortion movements the book shows how evangelical religious beliefs and cultural values led believers in America and Britain to form political protest groups The book also assesses the outcome of evangelical politics by showing how political institutions unique to each nation shaped the social expression of religious values

**Handbook of Studies on Men and Masculinities** Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys' identities conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars researchers and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men boys and gender as well as an excellent addition to any academic library

Women and Social Class Pat Mahony, Christine Zmroczek, 2004-01-14 This text focuses on women's theorized experience of social class from a range of feminist perspectives contextualized in relation to where they live

**21st Century Sociology: A Reference Handbook** Clifton D. Bryant, Dennis L. Peck, 2007 Publisher Description

**Social Classes in Marxist Theory** Allin Cottrell, 2019-11-19 First published in 1984 This study critically examines the conceptions of social class employed by Marx and by modern Marxist writers to probe their problematic areas and to propose certain modifications to those conception The author also tests the conclusions deriving from this theoretical reflection

against the task of analysing some aspects of the development of class relations in a particular social formation in Britain  
This title will be of interest to students of philosophy and politics      **Social Mobility in Nineteenth- and Early**

**Twentieth-Century England** A. Miles, 1999-04-12 This pioneering book provides the first systematic historical analysis of occupational and social mobility in England Using a collection of over 10 000 marriage certificates to examine inter generational change and almost 500 autobiographical texts and abstracts to explore the dynamics of career mobility it shows how the development of the nineteenth century economy was accompanied by rising rates of mobility which made English society more open while at the same encouraging a distinct process of working class formation      **Childerley** Michael Bell, 1994-05-02 Bell argues they find in class and its conflicts the restraints and workings of social interests and feel that by living close to nature they have an alternative the identity of a country person a villager that the natural conscience gives

*Menace in Europe* Claire Berlinski, 2007 A provocative study of the critical problems that are crippling Europe and causing an increasing anti Americanism looks at the return of the ethnic hatred class divisions and war that previously wreaked havoc on Europe as well as the rise of such new issues as declining birthrates growing Islamic fundamentalism and an unsustainable economic model Reprint 15 000 first printing      *Old People in Three Industrial Societies* Ethel Shanas, Peter Townsend, Dorothy Wedderburn, Henning Kristian Friis, Poul Milhoj, Jan Stehouwer, 2017-07-12 Robert and Helen Lynd s Middletown set the format in sociological theory and practice for hundreds of studies in the decades following its publication in 1929 Old People in Three Industrial Societies may well set similar standards for studies in its field for many years to come In addition to achieving a significant breakthrough in the progress of sociological research techniques the book offers a monumental cross cultural exposition of the health family relationships and social and economic status of the aged in three countries the United States Britain and Denmark      *Diverging Tracks* Trevor K. Snowdon, 2019-01-01 The advent of mass railroad travel in the 1800s saw the extension of a system of global transport that developed various national styles of construction operation administration and passenger experiences Drawing on travel narratives and a broad range of other contemporary sources this history contrasts the railroad cultures of 19th century England and America with a focus on the differing social structures and value systems of each nation and how the railroad fit into the wider industrial landscape

*The Psychology of Social Class* Michael Argyle, 1994 In The Psychology of Social Class leading social psychologist Michael Argyle provides a comprehensive account of psychological and other research into social class using data from Britain the United States and elsewhere By addressing differences in social class the book broadens the perspective of social psychological research to examine such topics as the effect of achievement motivation and other personality variables on social mobility and the effect of social class on health After examining the historical development of class and the attempts to abolish it Argyle describes the class system currently existing in Britain and compares it with others in the modern world Included are discussions of psychological models of class and hierarchies in small groups and social organizations A detailed

account is provided of class differences in behavior and beliefs covering such aspects as marriage friendship speech style personality sexual behavior crime religion and leisure Finally Argyle examines the images people have of the class system the effects of class on well being and discusses possible explanations of class differences in terms of genetics socialization work experience differences in lifestyle and the sheer effects of social status
