Social And Psychological Contexts Of Language

Valerie Lynn Manusov

Social And Psychological Contexts Of Language:

The Social and Psychological Contexts of Language R. N. St. Clair, H. Giles, 2013-05-13 Published in the year 1982 The Social and Psychological Contexts of Language is a valuable contribution to the field of Social Psychology **The Social and Psychological Contexts of Language** R. N. St. Clair, H. Giles, 2013-05-13 Published in the year 1982 The Social and Psychological Contexts of Language is a valuable contribution to the field of Social Psychology Contexts of Accommodation Howard Giles, Justine Coupland, Nikolas Coupland, 1991-09-27 In Contexts of Accommodation accommodation theory is presented as a basis for sociolinguistic explanation and it is the applied perspective that predominates this edited collection The book seeks to demonstrate how the core concepts and relationships invoked by accommodation theory are available for addressing altogether pragmatic concerns *Studies in the Pronunciation of English* Susan Ramsaran, 2015-07-03 First published in 1990 this collection celebrates the life and work of Professor A C Gimson four years after his untimely death in 1985 A C Gimson Professor of Phonetics at University College London 1966-83 was the most distinguished and influential phonetician of his day concentrating specifically on English speech This collection of essays on phonetics and phonology of English written by linguists from all over the world celebrates his life and work The work is divided into five sections prosody phonology and phonetic description accents of English and RP other accents of English focusing on those non native speakers and phonostylistics The twenty eight chapters cover a very wide range of topics and the contributors offer a stimulating variety of approaches with the emphasis on data based objectivity Balancing description and theory with application this volume provides a serious and coherent contribution to the academic study of English pronunciation Communication Yearbook 5 Michael Burgoon, 1981-12-01 Published under the auspices of the International Communication Association this volume the fifth in the Communication Yearbook series provides an annual overview and synthesis of developments in the science of communication Disciplinary reviews and commentaries on general topics in all subdivisions of communication accompany analyses of developments in communication theory and research in specialized areas within the communication sciences Among the areas covered are information systems interpersonal communication political communication instructional communication health communication mass communication organizational communication and intercultural communication Reviews and commentaries are commissioned by the editor and divisional overviews are prepared by scholars in each area of specialization Articles presenting current research are selected through competitive judging processes within each interest area Language and Ethnic Relations Howard Giles, Bernard Saint-Jacques, 1979 **Language Use, Education, and Professional Contexts** Barbara Lewandowska-Tomaszczyk, Marcin Trojczak, 2022-04-06 This present book addresses language and its diverse forms in an array of professional and practical contexts Besides discussing the intricacies of specialized settings such as legal medical technical or corporate the collection also focuses on the role of education in relation to professional contexts ranging from challenges in professional university

teaching and translation didactics to business environment requirements Acceptability in Language Sidney Greenbaum, 2015-04-28 No detailed description available for Acceptability in Language **Routledge Library Editions: Sociolinguistics** Various Authors, 2021-02-25 Reissuing works originally published between 1978 and 1992 this collection includes books across the span of sociolinguistics from its theory and philosophy to specific language change study This small set will be of benefit to sociology and linguistics but also to psychology media and communication education and development studies The Handbook of Applied Linguistics Alan Davies, Catherine Elder, 2008-04-15 The Handbook of Applied Linguistics is a collection of newly commissioned articles that provide a comprehensive and up to date picture of the field of Applied Linguistics Provides a comprehensive and current picture of the field of Applied Linguistics Contains 32 newly commissioned articles that examine both the applications of linguistics to language data and the use of real world language to ameliorate social problems Valuable resource for students and researchers in applied linguistics language teaching and second language acquisition Presents applied linguistics as an independent discipline that unifies practical experience and theoretical understanding of language development and language in use **Cogent Science in Context** William Rehg, 2011-08-19 A proposal for an interdisciplinary context sensitive framework for assessing the strength of scientific arguments that melds Jürgen Habermas's discourse theory and sociological contextualism Recent years have seen a series of intense increasingly acrimonious debates over the status and legitimacy of the natural sciences These science wars take place in the public arena with current battles over evolution and global warming and in academia where assumptions about scientific objectivity have been called into question Given these hostilities what makes a scientific claim merit our consideration In Cogent Science in Context William Rehg examines what makes scientific arguments cogent that is strong and convincing and how we should assess that cogency Drawing on the tools of argumentation theory Rehg proposes a multidimensional context sensitive framework both for understanding the cogency of scientific arguments and for conducting cooperative interdisciplinary assessments of the cogency of actual scientific arguments Rehg closely examines Jürgen Habermas's argumentation theory and its implications for understanding cogency applying it to a case from high energy physics A series of problems however beset Habermas's approach In response Rehg outlines his own critical contextualist approach which uses argumentation theory categories in a new and more context sensitive way inspired by ethnography of science Social Psychology in South Africa Don Foster, Joha Louw-Potgieter, 1991 Dialect and Language Variation, 2014-06-28 This anthology emphasizes dialects of American English and language variation in America The editors present original essays by today's leading investigators including articles by some of Europe's best dialectologists obtained expressly for this work Important topics featured in Dialect and Language Variation include Dialect theories linguistic geography structural and generative dialectology and language variation The nature of social dialects and language variation with attention to women's speech Overview of regional dialects and area studies The nature and study of the relationship between

ethnicity and dialects including Black Italian Irish Chicano and Jewish ethnic groups The application of dialect studies to education Of special interest to dialectologists sociolinguists and English language educators and specialists this work provides original insight into a general background and history of dialect theory an overview of regional geography and area studies the principles of social dialects and language variation from several perspectives an exploration of the relationship between ethnicity and dialects o explanations of the relationship between historical and language change a section on how dialects and language variation can contribute to effective language instruction Communication Yearbook 10 Margaret McLaughlin,2012-05-23 The Communication Yearbook annuals publish diverse state of the discipline literature reviews that advance knowledge and understanding of communication systems processes and impacts across the discipline Sponsored by the International Communication Association each volume provides a forum for the exchange of interdisciplinary and internationally diverse scholarship relating to communication in its many forms This volume re issues the yearbook from 1987 Scientific and Humanistic Dimensions of Language Kurt R. Jankowsky,1985-01-01 A collection of papers on Language teaching Bilingualism Language testing Contrastive analysis Language acquisition and performance Language thought and meaning Linguistic and literary analysis Lexical and terminological studies Language policy and language planning *Multilingualism* John Edwards,2002-11-01 By looking at the effect of language difference rather than at theories of language John Edwards examines the interaction of language with nationalism politics history identity and education He illustrates his arguments with a rangew of examples from recent attempts to revive and preserve languages such as Irish and Basque to the argument over French and English in Canada and the US English campaign He also examines the linguistic myopia of those who would seek to elevate one language over another Multilingualism unpicks the complexity associated with a world of so many languages and creates an overview which is multidisciplinary in focus Its mixture of curious facts wit and eloquence will appeal to anyone who cares about the role of language in society **Routledge Library Editions:** **Special Educational Needs** Various,2021-07-29 This set of 62 volumes originally published between 1951 and 1999 amalgamates a wide breadth of literature on Special Educational Needs with a particular focus on inclusivity class management and curriculum theory This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time and will be of particular interest to students of Education and those undertaking teaching qualifications *Communication in Japan and the United States* William B. Gudykunst,1993-10-05 This book is the first to provide a summary of the state of knowledge about communication in Japan and the United States Included is an overview of the major approaches used in the study of communication in these two countries an overview of the major cultural factors influencing communication a description of the sociolinguistic differences between English and Japanese an examination of Japanese American communication as a function of the cultural values learned from the two cultures and a summary of research comparing interpersonal research in Japan and the United States

as well as research on intercultural communication between Japanese and North Americans The book also examines communication in organizational contexts in Japan and the United States and describes differences in mass communication between the two cultures

The Sourcebook of Nonverbal Measures Valerie Lynn Manusov, 2014-04-04 The Sourcebook of Nonverbal Measures provides a comprehensive discussion of research choices for investigating nonverbal phenomena The volume presents many of the primary means by which researchers assess nonverbal cues Editor Valerie Manusov has collected both well established and new measures used in researching nonverbal behaviors illustrating the broad spectrum of measures appropriate for use in research and providing a critical resource for future studies With chapters written by the creators of the research measures this volume represents work across disciplines and provides first hand experience and thoughtful guidance on the use of nonverbal measures It also offers research strategies researchers can use to answer their research questions discussions of larger research paradigms into which a measure may be placed and analysis tools to help researchers think through the research choices available to them With its thorough and pragmatic approach this Sourcebook will be an invaluable resource for studying nonverbal behavior Researchers in interpersonal communication psychology personal relationships and related areas will find it to be an essential research tool
