Spring Grove Minnesotas First Norwegian Settlement:

Images of America Spring Grove Minnesota's First Norwegian Settlement Chad Muller, 2002 **Spring Grove** Chad Muller, 2002 Spring Grove Minnesota's First Norwegian Settlement is a tribute to the state's earliest Norwegian emigrants and to generations of Norwegian Americans who have made this small farming community amongst deep valleys fjord like bluffs and winding streams their true vesterheim It is a tale told through striking historic photographs many previously unreleased and personal narratives often humorous and always insightful The area was first settled in the 1850s by pioneers like James Smith who inspired by the landscape named the place Spring Grove Smith was followed by the likes of Big Ole Gulbransgutton who chased crooked land surveyors out of town with his bare fist by the innovative Mons Fladager whose business acumen earned him the title of Father of Spring Grove and by the 20th century cartoonist Peter J Rosendahl whose work gave a comical voice to the challenges of cultural assimilation Spring Grove Minnesota's First Norwegian Settlement also conveys the universality of the Norwegian immigrant experience and anyone with Norwegian roots who desires to learn more about their ancestors will find it an enjoyable read **Norwegians, Swedes and More** Loren Amundson, Loren H. Norwegians in Minnesota Carlton Chester Qualey,Jon Gjerde,2014-12-11 **Pictures of Longing** Sigrid Lien,2018-12-21 Haunting and revealing photographs sent home by Norwegian immigrants in America as visual document and collective expression of the emigrant experience Between 1836 and 1915 in what has been called history s largest population migration more than 750 000 Norwegians emigrated to North America Writing home the newcomers sent thousands of pictures America photographs as they are called in Norway In these photographs the emigrant experience unfolds as framed by thousands of Norwegian transplants in towns cities and rural communities across America Pictures of Longing brings more than 250 America photographs into focus as a moving account of Norwegian migration in the nineteenth and early twentieth centuries conceived of and crafted by its photographer authors to shape and reshape their

story To clarify the historic nature and the cultural function of the America photographs art historian and photography scholar Sigrid Lien located thousands of the photographs in public and private archives and museums in Norway and the United States Reading these photographs alongside letters sent home by Norwegian immigrants Lien provides the first comprehensive account of this collective photographic practice involving the voice of the many Pictures of Longing shows in fascinating detail how the photographs like the accompanying letters contribute to the cultural grassroots expression of Norwegian migration They steer us toward multiple fragmented and dispersed histories and also complement the existing fabric of established historical narratives demonstrating photography s potential to engage with history
