Spy In The Enemys Country The Emergence Of Modern Black Literature:

A Spy in the Enemy's Country Donald A. Petesch, 1989 Paperbound reprint of a 1989 study that provides background for understanding the works of black American writers in the late 19th and early 20th centuries Annotation copyrighted by Book News Inc Portland OR

Directions Home George Elliott Clarke, 2012-09-26 The latest work from pioneering scholar George Elliott Clarke *Directions Home* is the most comprehensive analysis of African Canadian texts and writers to date Building on the discoveries of his critically acclaimed *Odysseys Home* Clarke passionately analyses the beautiful complexities and haunting conundrums of this important body of literature *Directions Home* explores the trajectories and tendencies of African Canadian literature within the Canadian canon and the socio cultural traditions of the African Diaspora Clarke showcases the importance of little known texts including church histories and slave narratives and offers studies of autobiography crime and punishment jazz poetics and musical composition The collection also includes studies of significant contemporary writers such as George Boyd and Dionne Brand and trailblazing African Canadian intellectuals like A B Walker and Anna Minerva Henderson With its national bilingual and historical perspectives *Directions Home* is an essential guide to African Canadian literature

Split-Gut Song Karen Jackson Ford, 2015-09-15 A deft study of the evolving literary aesthetic of one of the first avant garde black writers in America In *Split Gut Song* Karen Jackson Ford looks at what it means to be African American free and creative by analyzing Jean Toomer's main body of work specifically his groundbreaking creation *Cane* When first published in 1923 this pivotal work of modernism was widely hailed as inaugurating a truly artistic African American literary tradition Yet Toomer's experiments in literary form are consistently read in terms of political radicalism protest and uplift rather than literary radicalism Ford contextualizes Toomer's poetry letters and essays in the literary culture of his period and through close readings of the poems shows how they negotiate formal experimentation imagism fragmentation dialect and traditional African American forms slave songs field hollers call and response sermons lyric poetry At the heart of Toomer's work is the paradox that poetry is both the saving grace of African American culture and that poetry cannot survive modernity This contradiction Ford argues structures *Cane* wherein traditional lyric poetry first flourishes then falters then falls silent The Toomer that Ford discovers in *Split Gut Song* is a complicated contradictory poet who brings his vexed experience and ideas of racial identity to both conventional lyric and experimental forms Although Toomer has been labelled a political radical Ford argues that politics is peripheral in his experimental stream of consciousness work Rather Toomer exhibits a literary radicalism as he struggles to articulate his perplexed understanding of race and art in 20th century America

Passing Novels in the Harlem Renaissance María del Mar Gallego Durán, 2003 This book offers an insightful study of the significance of passing novels for the literary and intellectual debate of the Harlem Renaissance Author Mar Gallego effectively uncovers the presence of a subversive component in five of these novels by James Weldon Johnson George Schuyler Nella Larsen and Jessie Fauset turning them into useful tools to explore the passing phenomenon in

all its richness and complexity Her compelling study intends to contribute to the ongoing revision of the parameters conventionally employed to analyze passing novels by drawing attention to a great variety of textual strategies such as double consciousness parody and multiple generic covers Examining the hybrid nature of these texts Gallego skillfully highlights their radical critique of the status quo and their celebration of a distinct African American identity Well researched and stimulating to read *Passing Novels in the Harlem Renaissance* is an impressive work of scholarship and interpretation

Ralph Ellison and the Raft of Hope Lucas E. Morel, 2014-07-11 An important new collection of original essays that examine how Ellison's landmark novel *Invisible Man* 1952 addresses the social cultural political economic and racial contradictions of America Commenting on the significance of Mark Twain's writings Ralph Ellison wrote that a novel could be fashioned as a raft of hope perception and entertainment that might help keep us afloat as we tried to negotiate the snags and whirlpools that mark our nation's vacillating course toward and away from the democratic ideal Ellison believed it was the contradiction between America's noble ideals and the actualities of our conduct that inspired the most profound literature the American novel at its best Drawing from the fields of literature politics law and history the contributors make visible the political and ethical terms of *Invisible Man* while also illuminating Ellison's understanding of democracy and art Ellison hoped that his novel by providing a tragicomic look at American ideals and mores would make better citizens of his readers The contributors also explain Ellison's distinctive views on the political tasks and responsibilities of the novelist an especially relevant topic as contemporary writers continue to confront the American incongruity between democratic faith and practice *Ralph Ellison and the Raft of Hope* uniquely demonstrates why *Invisible Man* stands as a premier literary meditation on American democracy

Sutton E. Griggs and the Struggle Against White Supremacy Finnie D. Coleman, 2007 Sutton E. Griggs 1872-1933 was a significant African American social reformer pastor and prolific writer His successful first novel *Imperium in Imperio* 1899 addressed in a forceful way the plight of Black Americans in post Reconstruction America Using Griggs's life story as a platform *Sutton E. Griggs and the Struggle against White Supremacy* explores how conservative pragmatism shaped the dynamics of race relations and racial politics during the late nineteenth and early twentieth centuries More precisely the book examines the various intellectual tactics that Griggs developed to combat white supremacy Author Finnie D. Coleman shows that Griggs was a pivotal shaper of a racial uplift philosophy that bore little relationship to more melioristic attempts at racial reconciliation Coleman explores how Griggs's family particularly his father influenced his political ideology Coleman examines why and how Griggs toyed with militant and at times violent fictional responses to white supremacy when his background and temperament were profoundly conservative and peaceful Ultimately Griggs yielded to his father's brand of pragmatic conservatism but not before he produced a number of works of fiction and nonfiction that pushed the boundaries of what were acceptable reactions to the racial status quo of his day The author addresses other questions about Griggs's work How did his fiction capture the generational differences between

African Americans born in antebellum America and those who came of age at the end of the Gilded Age Which rhetorical conventions proved effective against the ever obdurate Jim Crow Why have critical assessments of his works varied so greatly over the years Most important when compared with other writings of his day why have his texts been so thoroughly marginalized This new volume adds to our understanding of Griggs s literary career and his role as one of the most widely read and selflessly dedicated intellectual leaders of his day

Word, Image, and the New Negro Anne Elizabeth Carroll, 2005 This book focuses on the collaborative illustrated volumes published during the Harlem Renaissance in which African Americans used written and visual texts to shape ideas about themselves and to redefine African American identity Anne Elizabeth Carroll argues that these volumes show how participants in the movement engaged in the processes of representation and identity formation in sophisticated and largely successful ways Though they have received little scholarly attention these volumes constitute an important aspect of the cultural production of the Harlem Renaissance Word Image and the New Negro marks the beginning of a long overdue recovery of this legacy and points the way to a greater understanding of the potential of texts to influence social change Anne Elizabeth Carroll is Assistant Professor of English at Wichita State University

Toni Morrison's Beloved as African-American Scripture & Other Articles on History and Canon Heerak Christian Kim, 2006 Kim has compiled a collection of academic articles ranging from African American history Jewish history early Christian history the New Testament Patristic history medieval history and the history of the Reformation to capture the essence of history and canon as phenomenalized in the human experience

Slavery, Surveillance and Genre in Antebellum United States Literature Kelly Ross, 2023-01-23 This book argues for the existence of deep often unexamined interconnections between genre and race by tracing how surveillance migrates from the literature of slavery to crime gothic and detective fiction not only through the traditional concept of surveillance top down but also the tactics of sousveillance watching from below

American Body Politics Felipe Smith, 1998 Felipe Smith tracks the emergence of particular gender images such as white witch black madonna mammy and white lady and their impact on early African American literature Smith gives us a remarkable synthesis of historical readings combined with a highly original contribution to the comprehension of racial thought and literary writing
