Squeaking By Us Energy Policy Since The Embargo:

Energy Abstracts for Policy Analysis ,1977 *Solar Energy, Technology Policy, and Institutional Values* Frank N. Laird,2001-03-26 Energy policies that promote new technologies and energy sources are policies for the future They influence the shape of emergent technological systems and also condition our social political and economic lives *Solar Energy Technology Policy and Institutional Values* demonstrates the difficulties of deliberating such properties by providing a historical case study that analyses US renewable energy policy from the end of World War II through the energy crisis of the 1970s The book illuminates the ways beliefs and values come to dominate official problem frames and get entrenched in institutions In doing so it also explains why advocates of renewable energy have often faced ideological opposition and why policy makers fail to take them seriously *Economic Diplomacy* M. S. Daoudi,2019-03-05 The 1983 collapse of world oil prices revived memories of a time only a decade earlier when the price of a barrel of oil did not exceed three dollars By the late 1970s spot market prices had reached peaks of forty dollars a barrel A major role in creating these new realities was played by the 1973 1974 Arab oil embargo which formed the psychological political and market conditions for the dramatic price surge This important study probes the embargo in detail thoroughly examining its history the motivations that caused it and its ripple effect on world politics and the international economic order The authors carefully examine the interruption of oil supplies to Western Europe during the 1956 Suez Canal crisis the growing momentum of Arab oil leverage beginning with the First Arab Petroleum Congress in 1959 the decline of the oil companies domination of the petroleum industry and the Arab political environment between the 1967 Arab defeat and the 1973 Arab oil embargo The book concludes with a chapter addressing the lessons to be learned from these recent embargoes **Energy antimonopoly act of 1979, S. 1246** United States.
