Suicide In America:

Suicide in America Herbert Hendin,1995 This book integrating psychological and social knowledge has much to say not only about how we die but also about how we choose to live **Suicide in America** Herbert Hendin,1996-02 Who commits suicide in this country and why Should we legalize assisted suicide and euthanasia What has the last decade taught us about those who are suicidal In this new edition of his acclaimed work Dr Herbert Hendin addresses these and other important questions Demonstrating that treatment of seriously suicidal people is possible he also shows how our social policy toward suicide is marked by misconception He evaluates the right to die movement and in a comprehensive new chapter he presents a powerful portrait of euthanasia and assisted suicide in the Netherlands Interviews with the leading practitioners and proponents are included This book integrating psychological and social knowledge has much to say not only about how we die but also about how we choose to live **American Suicide** Howard I. Kushner,1991 For the nineteenth century

physician the moral issues that suicide raised could not be isolated from its constitutional components Thus those who exhibited suicidal tendencies were subjected to an amalgamation of pharmacological social and psychological interventions which practitioners labeled the moral treatment By the 1890s however the consensus about the causes of suicide became unglued as a bacteriological medicine and the rise of the social sciences jointly served to call into question eclectic diagnoses The goal of American Suicide is to demonstrate how the apparent contradictions among sociological psychoanalytic and neurobiological explanations of the etiology of suicide may be resolved Only through a reintegration of culture psychology and biology can we begin to construct a satisfactory answer to the questions first raised by Durkheim Freud and Kraepelin
