

Suke European Union

Michael Seilmaier

Suke European Union:

European Union Law Catherine Barnard, Steve Peers, 2023 Edited by Catherine Barnard and Steve Peers *European Union Law* draws together a range of perspectives from experienced academics teachers and practitioners to provide a comprehensive introduction Each chapter has been written and updated by an expert in the field to provide students with access to a broad range of ideas while offering a solid foundation in the institutional and substantive law of the EU Written by experts designed for students every chapter ensures a balance of accessible explanation and critical detail Case studies are included throughout the book to enable students to understand the context and implications of EU law as well as helping to familiarize them with some of the most significant case law in the area Quotations and examples from key legislation and academic sources are also included to help develop a well rounded understanding while further reading suggestions for each chapter act as a springboard for further study and assessment preparation This text provides a fresh and modern guide to EU law and is an ideal entry point for students new to the subject as well as those looking to develop their understanding Digital formats and resources The fourth edition is available for students and institutions to purchase in a variety of formats The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks

European Union Law Robert Schütze, 2021 A comprehensive and critical textbook Sch tze s *European Union Law* uses a distinctive three part structure to examine the constitutional foundations legal powers and substantive law of the European Union Written in a uniquely engaging style and full of illuminating analyses this book provides a thorough and modern guide to the study of the European law Visual and pedagogical support is offered by the book s numerous diagrams and tables that clarify key concepts and processes and a practical appendix helps students to find and read primary and secondary legal sources This third edition includes an updated dedicated chapter on the past present and future of Brexit Digital formats and resources The third edition is available for students and institutions to purchase in a variety of formats The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks

Political Leadership in the European Union Ingeborg Tömmel, Amy Verdun, 2018-12-07 The challenges that have been facing the European Union in recent years have given rise to the question who leads the EU This book offers a systematic analysis of political leadership in the EU This volume offers a theoretical and conceptual analysis of political leadership in the EU It deals with questions such as what kind of leadership is there in the different domains such as climate change or central banking It also examines how various EU institutions European Commission European Parliament exert or have exerted leadership Furthermore it examines the role of the presidents of some of these institutions such as the European Commission the European Council the European Central Bank but also of selected national leaders Although the book does not advance a single leadership concept the findings of the individual case studies show that

the EU is by no means leaderless The chapters originally published as a special issue in the Journal of European Integration

The European Union: A Citizen's Guide Chris Bickerton, 2016-05-12 The essential Pelican introduction to the European Union its history its politics and its role today For most of us today Europe refers to the European Union At the centre of a seemingly never ending crisis the EU remains a black box closed to public understanding Is it a state An empire Is Europe ruled by Germany or by European bureaucrats Does a single European economy exist after all these years of economic integration And should the EU have been awarded the Nobel peace prize in 2012 Critics tell us the EU undermines democracy Are they right In this provocative volume political scientist Chris Bickerton provides an answer to all these key questions and more at a time when understanding what the EU is and what it does is more important than ever before

EU External Relations Law and Policy in the Post-Lisbon Era Paul James Cardwell, 2011-11-17 This is a collection of works which considers the many different facets of the EU s increasingly important engagement with the world beyond its borders The Treaty of Lisbon marked a change in the powers and competences endowed on the EU the contributions to this collection consider both the direct and indirect impact of the Treaty on the contemporary state of EU external relations The authors are drawn from legal political science and international relations disciplines and consider innovations or changes brought about by the Treaty itself the European External Action Service the roles of the High Representative and President the collapse of the pillar structure and new competences such as those for foreign investment Other chapters cover developments which reflect the latest incremental changes upon which the post Lisbon Treaty arrangements have some bearing including the COREU network the transatlantic and neighbourhood relations and the external dimension of internal security Useful for academics working in the field of EU external relations law and foreign policy as well as the EU law politics European studies market more generally

The EU's External Action Service Great Britain: Parliament: House of Lords: European Union Committee, 2013-03-19 The 2009 Lisbon Treaty created the European External Action Service EEAS to support the work of the newly created post of High Representative Vice President of the Commission HR VP This report assesses the developments in the two years since the formal launch of the EEAS in January 2011 and makes recommendations which are intended to contribute to the HR VP s review of the Service in mid 2013 The report sets out 26 conclusions and recommendations including that the UK Government should look at ways in which EEAS could be used to its advantage in terms of saving costs or increasing influence that Member States should clarify what they want the EEAS to do which should include improved collection use and dissemination of political intelligence and better co ordination of the use of the EU s different instruments within particular regions

Understanding Conflicts of Sovereignty in the EU Nathalie Brack, Ramona Coman, Amandine Crespy, 2021-05-09 This book investigates the multifaceted conflicts of sovereignty in the recent crises in the European Union Although the notion of sovereignty has been central in the contentious debates triggered by the recent crises in the European Union it remains strikingly under researched in political science This book bridges this

gap by providing both theoretical reflections and empirical analyses of today's conflicts of sovereignty in the EU. More particularly, it investigates conflicts between four types of sovereignty: first, national sovereignty referring to the autonomy of the Westphalian Nation State to rule on a territory delimited by borders; second, the supranational sovereignty acquired by the EU in a fragmentary fashion in a number of scattered internal and external policy fields; third, parliamentary sovereignty understood as the autonomy of parliaments at the regional, national and European levels to take part in the decision making process and control the executive in the name of the principles of election and representation; fourth, popular sovereignty whereby the body politic confers legitimacy to decision makers in a democratic system. Through an analysis of the various crises: rule of law, Brexit, migration, Eurozone crisis, the chapters look at how sovereignty is framed and contested by different types of actors and how the strengthening or the weakening of certain types of sovereignty contribute to shape preferences regarding policies and governance structures in the multi-level EU. The chapters in this book were originally published as a special issue of the *Journal of European Integration*.

European Constitutional Law Robert Schütze, 2021. Written in a uniquely engaging style and full of illuminating analyses, this book provides a thorough and modern guide to the study of the constitutional law of the Union. Numerous diagrams and tables clarify key concepts and processes and a practical appendix helps students to find and read primary and secondary legal sources.

Economic and Monetary Union at Twenty David Howarth, Amy Verdun, 2021-05-19. The contributions to this book examine the two main asymmetries of the Euro Area as they have intensified during the second decade of Economic and Monetary Union (EMU): the first between monetary union (more supranational governance) versus economic union (less centralised governance); the second between those Euro Area member states of the so-called core and those of the periphery. EMU stands as one of the European Union's EU flagship integration achievements. Set up in 1999 with the large majority of EU member states at the time, EMU was described as asymmetrical even prior to its start. From the outset it involved asymmetrical integration in monetary and economic union. Although a major element of the blueprint that paved the way for the final stage of EMU, the concept of economic union was insufficiently developed. The second decade of the single currency gave rise to a second asymmetry, namely one between those Euro Area member states of the core and those of the periphery. The ten contributions to this volume speak to one or both of these asymmetries, covering the major political, political economy and policy dimensions of EMU and the ongoing debates about necessary policy and institutional reforms to overcome these asymmetries and bolster Euro Area stability. The outbreak of the Coronavirus Covid-19 Crisis in 2020 created unprecedented socio-economic challenges for Euro Area member states, heightening the perceived urgency of reform. The chapters in this book were originally published as a special issue of the *Journal of European Integration*.

The European Parliament in the Contested Union Edoardo Bressanelli, Nicola Chelotti, 2020-06-09. The *European Parliament in the Contested Union* provides a systematic assessment of the real influence of the European Parliament (EP) in policy making. Ten years after the coming into force of the Treaty of Lisbon, which

significantly empowered Europe's only directly elected institution the contributions collected in this volume analyse whether and under what conditions the EP has been able to use its new powers and shape decisions Going beyond formal or normative descriptions of the EP's powers this book provides an up to date and timely empirical assessment of the role of the EP in the European Union focusing on key cases such as the reforms of the EU's economic governance and asylum policy the Brexit negotiations and the budget The book challenges and qualifies the conventional view that the EP has become more influential after Lisbon It shows that the influence of the EP is conditional on the salience of the negotiated policy for the Member States When EU legislation touches upon core state powers as well as when national financial resources are at stake the role of the EP notwithstanding its formal powers is more constrained and its influence more limited This book provides fresh light on the impact of the EP and its role in a more contested and politicised European Union Bringing together an international team of top scholars in the field and analysing a wealth of new evidence The European Parliament in the Contested Union challenges conventional explanations on the role of the EP tracking down empirically its impact on key policies and processes It will be of great interest to scholars of the European Union European politics and policy making The chapters were originally published as a special issue of the Journal of European Integration

Constitutional Disintegration and Disruption Oliver Garner, 2025-04-02 The United Kingdom's unprecedented withdrawal from the European Union in 2020 may be regarded as the first example of European disintegration This moment however was preceded by decades of disruption as the UK Ireland and Denmark pursued opt outs from the supranational constitutional order Constitutional Disintegration and Disruption Withdrawal and Opt Outs from the European Union provides the first comprehensive analysis of these two phenomena The book presents the European Union as an order that is legitimated by individuals playing a dual role as both nationals of Member States and citizens of the European Union in turn individuals are both democratic subjects and juridical objects within this order The EU Treaties have instituted a triptych for the exercise of constituted constituent power by these individuals Article 49 TEU allowing accession Article 48 TEU enabling amendment and Article 50 TEU as a mechanism for the repatriation of power through withdrawal Opt outs are an iterative anomaly that have arisen through the retention of amendment power by representatives of Member State nationals Reservations of constituent power have been operationalized in Protocols to the Treaties By contrast the withdrawal clause was proactively inserted into the Treaties as a sovereign right for Member State nationals subject to an orderly supranational procedure for the benefit of all EU citizens The book presents narratives of disruption and disintegration that provide comprehensive historical overviews of how opt outs and withdrawal arose and developed Constitutional Disintegration and Disruption concludes with criticism of the consequences of these phenomena for individuals and proposes reforms to the EU Treaties that would enable citizens to more fully realize their dual role in the European constitutional space

European Studies in Asia Georg Wiessala, 2014-03-21 As countries across Asia continue to rise and become more assertive global powers the role

that Higher Education has played and continues to play in this process is an issue of growing pertinence Furthermore understanding the relationship between Europe and Asia fostered by historical and contemporary knowledge transfer including Higher Education is crucial to analysing and encouraging the progress of both regional integration and inter regional cooperation With a specific focus on international Higher Education European Studies in Asia investigates knowledge transfer and channels of learning between Europe and Asia from historical contemporary and teaching perspectives The book examines a selection of significant historical precedents of intellectual dialogue between the two regions and in turn explores contemporary cross regional discourses both inside and outside of the official frameworks of the European Union EU and the Asia Europe Meetings ASEM Drawing on extensive case studies based on many of his own teaching experiences Georg Wiessala addresses key questions such as the nature and construction of the European Studies in Asia curriculum aspects of values co constructed learning and adult pedagogy in the discipline of European Studies in Asia the politics of Asian host cultures the internationalization of Asian Higher Education and the experiences and expectations of tertiary sector students of this subject in Asia Australia and New Zealand In doing so the author articulates a range of outcomes for the further development of Higher Education cooperation agendas between Asia and Europe in the discipline of European Studies and in related fields such as International Relations This case study led book makes an original and novel contribution to our understanding of European Studies in Asia As such it will be of great interest to students and scholars of Asian Education Comparative Education European Studies and International Relations

Crisis and Politicisation Benedetta Voltolini, Michal Naturski, Colin Hay, 2021-05-18 This book elucidates the link between the politics of a now seemingly permanent crisis in Europe and the politicisation of European integration Looking at the epistemic dimension of crises it suggests that the way in which a crisis is framed and contested determines its potential impact on the level of politicisation of European integration Europe is more challenged and contested today than it has even been facing crisis of an almost existential kind Yet political crises are manufactured and narrated so Europe has the possibility to intervene and bring about her recovery instead of letting these crises prove terminal This book explores the political process in and through which certain events come to be framed as constitutive of a moment that requires a decisive intervention It shows that crises require a double framing a situation needs to be identified as one of crisis in the first place and subsequently the nature and character of the crisis need to be specified By examining a wide range of policy areas the book demonstrates that framing of crises i e identifying one situation both as a crisis and a crisis of a particular kind contributes to the politicisation or depoliticisation of the process of European integration The chapters in this book were originally published as special issue of Journal of European Integration

EU Values Before the Court of Justice Luke Dimitrios Spieker, 2023 The European Union's values enshrined in Article 2 TEU have come under severe pressure in several Member States In response the Court of Justice has set a spectacular development in motion With its ruling in *Associação Sindical dos Juizes Portugueses* it activated

the Union's common values and positioned Article 2 TEU at the very heart of its jurisprudence. Turning Article 2 TEU into an operational judicially applicable provision, the Court has begun to assess the Member States' constitutional structures against these yardsticks. Since then, the jurisprudence has evolved with remarkable speed. EU Values Before the Court of Justice provides a first comprehensive study of the judicial mobilisation of Article 2 TEU. It starts by developing the foundations of this emerging jurisprudence in empirical, doctrinal and theoretical terms. In this book, Spieker seeks to advance a new understanding of Article 2. He argues that the provision should be understood as having a dual character that resonates between two dimensions: namely, an EU dimension limited to the EU legal order and a *Verbund* dimension that extends to the common whole of the Union and its Member States. Article 2 plays different roles in these two spheres: as thick constitutional core of the EU legal order and as thin constitutional frame for the *Verbund*. This dual character should guide the provision's future judicial development. The book sets out to explore the multifaceted potential of Article 2 TEU in each of these two dimensions. As such, it goes far beyond the current focus on illiberal developments in Member States and strives to broaden our horizon for the judicial mobilisation of EU values. The book closes by assessing the risks of placing an activated Article 2 into the hands of Luxembourg judges and proposes ways to recalibrate the jurisprudence.

Public Policy and the CJEU's Power Emmanuelle Mathieu, Christian Adam, Miriam Hartlapp, 2020-05-21. *Public Policy and the CJEU's Power* offers an overarching analytical framework for thinking about the impact of policy contexts on the CJEU's influence on European public policy and the course of European integration. Thereby, it lays out a research agenda that is best described as public policy approach to studying judicial power in the European Union. The policy contexts within which actors operate do not only structure the incentives to use litigation; they also affect how strongly the implementation of court rulings relies on these policy stakeholders. Therefore, the CJEU's power is strongly dependent on policy contexts and policy stakeholders. This argument is illustrated by a wide variety of empirical analyses covering the three major types of legal actions before the CJEU: infringement proceedings, preliminary rulings and annulments, a wide variety of policy fields (e.g. competition law, internal market regulation, common agriculture policy, social policies, foreign policy) and different types of policy stakeholders (e.g. public, private, subnational, national and European stakeholders). Using this rich empirical material, the book provides an analytic framework for thinking about how policy contexts influence the CJEU's impact. Bringing together expert contributions, *Public Policy and the CJEU's Power* will be of great interest and use to scholars working on the European Union law and politics and public policy. The chapters were originally published as a special issue in the *Journal of European Integration*.

European Community, 1975. The Eclipse of a Great Power Keith Robbins, 2014-09-19. Covers both the expansion and the decline of the British Empire and the reasons behind this sudden eclipse in power.

The European Public Sphere and the Media A. Triandafyllidou, R. Wodak, Michał Krzyżanowski, 2009-06-25. This book contributes to the theoretical and policy debate on the existence of a European public sphere. It presents a critical discussion of the links

between media history and politics in Europe today examining the re organization of ideological and political dimensions and debates the existence of a European editorial culture *Europe as a Stronger Global Actor* Simon Duke,2016-11-10 This book considers the principal challenges facing the European Union which has been buffeted by a series of profound crises both internal and external These range from the future of Ukraine the Union s reactions to China s One Belt One Road initiative how to help stabilize countries to its south and relations with the United States The core argument is that the EU lacks a meta narrative that could indicate priorities and linkages between the various continental regional national and thematic strategies As a result the EU often appears to be a confusing and even contradictory actor to many international partners In response to these challenges the EU needs to develop a deeper sense of strategic awareness and confidence so that it may give a more convincing response to fundamental questions about the Union s role purpose and identity in a changing world Central European Political Science Review ,2004

Suke European Union Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Suke European Union**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
