twenty first century The country s global evolvement from a shambled and discombobulated piecemeal feudal system into a modern unified powerhouse is a remarkable feat Incredibly despite undue external political pressures from the West and religious pressures from the Middle East Malaysia has somehow mastered the technique of blending the best of the East and the West to form its own singular independent identity The characters in the short stories of Malaya House reflect the temperament and social commentary of the times as well as the gradual evolvement and eventual maturity of a developing nation They also illustrate how the citizens of Malaysia have decided that they can get along put past hatred and racism aside and show the world that people from all persuasions can live in relative peace and tolerance with Islam as their central core
