Get out of Jena Levi M. Hatcher, 2010-12-13 Get Out Of Jena takes a look into the conditions that makes for racial divides to persist in any modern day American society that refuses to acknowledge the contributions that any race makes to that society Through the real life experiences of a family from LaSalle Parish Louisiana where Jena is the parish seat we can see how such conditions when ignored can create a hostile situation In North American society we cannot overlook the crippling effects of slavery's contribution to these conditions How it affects economic struggles attitudes and the pride of a people on both sides of the color line Get Out Of Jena does not lay the responsibility to change these conditions on the shoulders of any one race or people Therefore the adults of both sides contribute to these conditions either by submission or omission In the end we will see how it is the youth that pay a bigger price for the arrogance of those conditioned adults The price they pay for their refusal to acknowledge the importance of all its citizens The question this book asks is can any of us run away from that
