George Gershwin Howard Pollack, 2007-01-15 This comprehensive biography of George Gershwin 1898 1937 unravels

the myths surrounding one of America's most celebrated composers and establishes the enduring value of his music. Gershwin created some of the most beloved music of the twentieth century and along with Jerome Kern, Irving Berlin, and Cole Porter helped make the golden age of Broadway golden. Howard Pollack draws from a wealth of sketches, manuscripts, letters, interviews, books, articles, recordings, films, and other materials, including a large cache of Gershwin scores discovered in a Warner Brothers warehouse in 1982, to create an expansive chronicle of Gershwin's meteoric rise to fame. He also traces Gershwin's powerful presence that even today extends from Broadway jazz clubs and film scores to symphony halls and opera houses. Pollack's lively narrative describes Gershwin's family, childhood, and education; his early career as a pianist; his friendships and romantic life; his relation to various musical trends; his writings on music; his working methods; and his tragic death at the age of 38. Unlike Kern, Berlin, and Porter, who mostly worked within the confines of Broadway and Hollywood, Gershwin actively sought to cross the boundaries between high and low and wrote works that crossed over into a realm where art music, jazz, and Broadway met and merged. The author surveys Gershwin's entire oeuvre from his first surviving compositions to the melodies that his brother and principal collaborator Ira Gershwin lyricized after his death. Pollack concludes with an exploration of the performances and critical reception of Gershwin's music over the years from his time to ours.

"Jews, Race and Popular Music" Jon Stratton, 2017-07-05. Jon Stratton provides a pioneering work on Jews as a racialized group in the popular music of America, Britain, and Australia during the twentieth and early twenty-first centuries. Rather than taking a narrative historical approach, the book consists of a number of case studies looking at the American, British, and Australian music industries. Stratton's primary motivation is to uncover how the racialized positioning of Jews, which was sometimes similar but often different in each of the societies under consideration, affected the kinds of music with which Jews have become involved. Stratton explores race as a cultural construction and continues discussions undertaken in Jewish Studies concerning the racialization of the Jews and the stereotyping of Jews in order to present an in-depth and critical understanding of Jews, race, and popular music.
