**SUMMUM** Summum Bonum Amen Ra,2020-02-26 Billions of years ago the universe came into existence with a Big Bang The creation of the universe is the single paramount event from which all other events precipitate and why it happened is the greatest mystery we have ever known On the tiniest of scales the cosmos reveals to us a universe filled with quanta particles and on the largest a universe of planets stars galaxies and life The expanse is endless Are we then to believe ourselves alone in the vastness of creation or to solely occupy the crown of it In 1975 Corky Ra an administrative manager for a large supply company began to experience a series of encounters with advanced beings His first reactions of shock and disbelief led him to a period of seclusion yet the visits continued leading him to an awakening Ra realized it was the purpose of these beings to re introduce in a pure form principles of nature that have always existed and address all issues of existence sexuality and death **SUMMUM** Sealed Except to the Open Mind is about existence in its broadest context and delves into the forces behind cosmic rhythms and change Most importantly it describes a meditation for developing a personal relationship with the essence of nature This is the second edition of a work first published in 1988 and contains illustrations Make this book your companion and venture to get a glimpse of the inner workings of Creation     **SUMMUM** Summum Bonum Amen

**Making an Exit** Sarah Murray,2024-08-06 Thoughtful amusing and provocative Making an Exit will transform the way you look at life s last passage Because as Murray discovers death is for many not an ending but the start of something new Author and journalist Sarah Murray never gave much thought to what might ultimately happen to her remains that was until her father died While he d always insisted that the organic matter left after a person takes their last breath had no significance he surprised his family by setting down elaborate arrangements for the scattering of his own ashes This

unexpected last request prompted Murray to embark on a series of voyages to discover how our end is commemorated around the globe and how we approach our own mortality Spanning continents and centuries Making an Exit is Murray's exploration of the extraordinary creativity unleashed when we seek to dignify the dead Along the way she encounters a cremation in Bali in which two royal personages are placed in giant decorative bulls and consigned to the afterlife in a burst of flames a chandelier in the Czech Republic made entirely from human bones a weeping ceremony in Iran and a Philippine village where the casketed dead are left hanging in caves She even goes to Ghana to commission her own fantasy coffin The accounts of these journeys are fascinating poignant and funny But this is also a very personal quest on her travels Murray is seeking inspiration for her own eventual send off
