Challenging Reflections on the Christian Life J.L. Moore, 2011-04-25

When is the last time you were discouraged in your relationship with God were distracted by a crying infant during a church service shared the gospel with an unbeliever heard someone say they rededicated their life to Christ heard an intense conversation about sports among Christian men were equipped by your pastor to present and defend the gospel If your experience is similar to most Christians you have probably never spent much time reflecting on the issues above as they pertain to the seriousness of the Christian life *Challenging Reflections on the Christian Life* covers topics that include raising children in the church evangelism apologetics men and sports the concept of rededication the pastors primary responsibility infants in the sanctuary knowing God and much more This book is designed to encourage you to give deep contemplation to the all too common experiences encountered in the Christian life and lead you to an awakened sense of reverence for God and passion for the truth Whether you are a new Christian or a seasoned pastor this book will cause you to rethink much of what you see in your life and in your church This book is inspiring encouraging and challenging The author carefully and faithfully handles the Scriptures and applies them to our lives Every Christian will profit from reading this book Dr Norman Geisler Professor of Apologetics Veritas Evangelical Seminary

Attracting and Maintaining Good Friendships Brook Hayes, 2018-06-23 During the beginning of the millennium I wrote a dozen papers on civility and mailed fifty two page letters to presidents and corporate CEOs I recommended the initiation of Friendship Day every August 2 each year President Bushs speechwriter used a mailed thirty page treatise in the first part of his inauguration speech with three references to civility Unfortunately the events of 9 11 reduced any impact the use of civility could have later Various wars terror and disasters proved that greater issues of morality were to be dealt with for the next seventeen years Friendships are the universal cures

Warring with Words Michael Hanne, William D. Crano, Jeffery Scott Mio, 2014-08-01 Scholars in many of the disciplines surrounding politics explicitly utilize either a narrative perspective or a metaphor perspective though rarely the two in combination to analyze issues theoretical and practical domestic and international in the broad field of politics Among the topics they have studied are competing metaphors for the state or nation which have been coined over the centuries in diverse cultures the frequency with which communal and international conflicts are generated at least in part by the clashing religious and historical narratives held by opposing groups the cognitive short cuts employing metaphor by which citizens make sense of politics the need for political candidates to project

a convincing self narrative the extent to which the metaphors used to formulate social issues determine the policies which will be developed to resolve them the failure of narratives around the security of the nation to take account of the individual experiences of women and children This volume is the first in which eminent scholars from disciplines as diverse as social psychology anthropology political theory international relations feminist political science and media studies have sought to integrate the narrative and the metaphor perspectives on politics It will appeal to any scholar interested in the many ways in which narrative and metaphor function in combination as cognitive and rhetorical instruments in discourse around politics
