Rethinking the Erotic: Eroticism in Literature, Film, Art and Society Katarzyna Popak-Bernat, Sara D'Arcy, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 The erotic is a complex and highly problematic phenomenon that scholars have agonised over for centuries Generally speaking the erotic refers to sex and sexuality However it is a multifaceted term that holds multiple meanings for different people The erotic on the one hand is personal a collection of thoughts feelings beliefs and sensations shared with one s self or other people On the other hand it is explicitly public subject to censorship scientific study penalisation political debate and reproduction in art It is also the basis of this volume which includes chapters from 14 different authors who presented their ideas on eroticism at the 7th Global Conference The Erotic Exploring Critical Issues at Mansfield College Oxford in September 2012 This volume offers a broad perspective on issues of the erotic with the authors representing not only a wide variety of academic and non academic disciplines but also a range of countries from across the globe

Sex, Needs and Queer Culture Doctor David Alderson, 2016-04-15 The belief of many in the early sexual liberation movements was that capitalism s investment in the norms of the heterosexual family meant that any challenge to them was invariably anti capitalist In recent years however lesbian and gay subcultures have become increasingly mainstream and commercialized as seen for example in corporate backing for pride events while the initial radicalism of sexual liberation has given way to relatively conservative goals over marriage and adoption rights Meanwhile queer theory has critiqued this homonormativity or assimilation as if some act of betrayal had occurred In Sex Needs and Queer Culture David Alderson seeks to account for these shifts in both queer movements and the wider society and argues powerfully for a distinctive theoretical framework Through a critical reassessment of the work of Herbert Marcuse as well as the cultural theorists Raymond Williams and Alan Sinfield Alderson asks whether capitalism is progressive for queers evaluates the distinctive radicalism of the counterculture as it has mutated into queer and distinguishes between avant garde protest and subcultural development In doing so the book offers new directions for thinking about sexuality and its relations to the broader project of human liberation
