## **Tesio In His Own Words:**

**Tesio** Federico Tesio, 2005 Federico Tesio 1869 1954 is the most successful breeder of Thoroughbreds in the history of racing The horses he bred at his Dormello Stud on the banks of Lake Maggiore in northern Italy continue to have a genetic impact on Thoroughbreds around the world This new faithful translation of Tesio's 1947 work *Puro Sangue Animale da Esperimento* The Pure Blood An Animal of Experimentation captures every idea and nuance of the original Italian text In it the reader will find this great breeder's own views on genetics and the Thoroughbred as a hybrid what he looks for in the first 64 ancestors of a horse's pedigree why heavily raced horses rarely produce successful offspring and more He also shares his Law of Changeable Maximums and Law of Similar but not Identical Federico Tesio has been the envy of racehorse breeders for generations Now *Tesio In His Own Words* can help unlock the secrets to his success *Made to Order* Margaret E.

Derry, 2022-03-01 Animal breeding has been complicated by persisting factors across species cultures geography and time In *Made to Order* Margaret E Derry explains these factors and other breeding concerns in relation to both animals and society in North America and Europe over the past three centuries *Made to Order* addresses how breeding methodology evolved what characterized the aims of breeding and the way structures were put in place to regulate the occupation Illustrated by case studies on important farm animals and companion species the book presents a synthetic overview of livestock breeding as a whole It gives considerable emphasis to genetics and animal breeding in the post 1960 period the relationship between environmental and improvement breeding and regulation of breeding as seen through pedigrees In doing so *Made to Order* shows how studying the ancient human practice of animal breeding can illuminate the ways in which human thinking theorizing and evolving characterize our interactions with all natural processes **Mr. Darley's Arabian** Christopher

McGrath, 2017-03-07 In 1704 a bankrupt English merchant sent home the colt he had bought from Bedouin tribesmen near the ruins of Palmyra Thomas Darley hoped this horse might be the ticket to a new life back in Yorkshire But he turned out to be far more than that and although Mr Darley's Arabian never ran a race 95% of all thoroughbreds in the world today are descended from him In this book for the first time award winning racing writer Christopher McGrath traces this extraordinary bloodline through twenty five generations to our greatest modern racehorse Frankel The story of racing is about man's relationship with horses and Mr Darley's Arabian also celebrates the men and women who owned trained and traded the stallions that extended the dynasty McGrath expertly guides us through three centuries of scandals adventures and fortunes won and lost our sporting life offers a fascinating view into our history With a canvas that extends from the diamond mines of South Africa to the trenches of the Great War and a cast ranging from Smithfield meat salesmen to the inspiration for Mr Toad and from legendary jockeys to not one but two disreputable Princes of Wales and a very unamused Queen Victoria Mr Darley's Arabian shows us the many faces of the sport of kings *Makers of the Modern Thoroughbred*

Gianoli,1969      **The Last Interview** Primo Levi,2018-07-04 At the start of 1987 Primo Levi took part in a remarkable series of conversations about his early life with a friend and fellow writer Giovanni Tesio This book is the result of those meetings originally intended to be the basis for an authorized biography and published here in English for the first time In a densely packed dialogue Levi responds to Tesio's tactful and never too insistent questions with a watchful readiness and candour breaking through the reserve of his public persona to allow a more intimate self to emerge Following the thread of memory he lucidly discusses his family his childhood his education during the Fascist period his adolescent friendships his reading his shyness and his passion for mountaineering and recounts his wartime experience as a partisan and the terrible price it exacted from him and his comrades Though we glimpse his later life as a writer the story breaks off just before his deportation to Auschwitz owing to his sudden death In *The Last Interview* Levi the man the witness the chemist and the writer all unite to offer us a story which is also a window onto history These conversations shed new light on Levi's life and will appeal to the many readers of this most eloquent witness to the horrors of the Holocaust      **Sports Illustrated**, 1959
