Test Of Faith Hope Courage And The Prison Experience:

Test of Faith Eva Evelyn Hanks,2000 Part of the CSPI Social Justice series founded by Ruth Morris A Test of Faith offers a unique multi voiced perspective of prison life The author takes the reader on a journey of arbitrariness and cruelty which is inherent in the current penitentiary system The book works because the reader comes to sympathize with the main characters and understand their plight as well as to understand a system that most of us assume will never touch our lives

Stories of Transformative Justice Ruth Morris,2000 Can justice be healing Can crime victims find a new peace through transformative processes that include victims offenders and community in creative solutions that enable all to grow We can turn irritation into iridescence find ways to take the hard blows of life and use the very power of our pain to grow from the experience and create new hope beyond crime or other trauma Forgiveness is an untapped force in our revenge oriented culture These stories show that forgiveness is not condoning or forgetting or failing to set limits Forgiveness is recognizing and acknowledging all that was wrong but refusing to be destroyed by it and refusing to be drawn into a cycle of hatred and bitterness We can change our criminal justice system to include transformative methods We can change our world to one with greater social and economic justice For readers who yearn for realistic hope in these troubled times this is a must read

Dress Behind Bars Juliet Ash,2009-11-30 From nineteenth century broad arrows and black and white stripes to twenty first century orange jumpsuits prison clothing has both mirrored and bolstered the power of penal institutions over prisoners lives Vividly illustrated and based on original research including throughout the voices of the incarcerated this book is a pioneering history and investigation of prison dress which demystifies the experience of what it is like to be an imprisoned criminal Juliet Ash takes the reader on a journey from the production of prison clothing to the bodies of its wearers She uncovers a history characterized by waves of reform sandwiched between regimes that use clothing as punishment and discovers how inmates use their dress to surmount subvert or survive these punishment cultures She reveals the hoods the masks and pink boxer shorts near nakedness even twenty first century civvies to be not just other types of uniform but political embodiments of the surveillance of everyday life
