Cruz, 1999 Quality Education for Latinos and Latinas Rita Portales, Marco Portales, 2010-01-01 As educators and legislators across the country debate how to improve public schools the most vital factor often disappears from the equation the relationship between the teacher and the student According to veteran educators Rita and Marco Portales this relationship is the central issue in the education of students especially Latino a students who often face serious barriers to school success because of the legacy of racism insufficient English language skills and cultural differences with the educational establishment To break down these barriers and help Latino a students acquire a quality education the Portaleses focus attention on the teacher student relationship and offer a proven method that teachers can use to strengthen the print and oral skills of their students They begin by analyzing the reasons why schools too often fail to educate Latino a students using eloquent comments from young Latinos as and their parents to confirm how important the teacher student relationship is to the student s success Then they show how all educational stakeholders teachers administrators state education agencies legislators and parents can work together to facilitate the teacher student relationship and improve student education By demonstrating how teachers can improve students reading critical thinking writing and oral communication skills across the curriculum they argue that learning can be made more relevant for students keeping their interest levels high while preparing them for academically competitive colleges *Than Shwe's Burma, 2nd Edition* Diane Zahler, 2012-08-01 Than Shwe was part of a military coup that took over Burma in the 1960s The British had granted Burma independence in 1948 but the country with its many ethnic groups had trouble building a democratic government Than Shwe rose through the military ranks and after the army stepped in to quell demonstrations and riots that began on August 8 1988 he emerged as head of the military council He became one of the most secretive and repressive leaders in the world Than Shwe uses Burma s resources to finance a strong military To suppress dissent his soldiers destroy the countryside sending people into hiding refugee camps or slavery His control has isolated the country from international

observers In 2007 Internet images of monks being beaten during a protest rally reached the rest of the world This was followed by reports in 2008 of a devastating cyclone when Than Shwe banned outside aid for weeks Both events helped to raise global awareness about the human rights abuses suffered by the Burmese people In Than Shwe s Burma learn more about this dictatorship and about Burma s long struggle to become a free nation **MAT For Dummies** Vince

**Knowledge for Academic Achievement** Robert J. Marzano,2004-08-15 In Building Background Knowledge for Academic Achievement Robert J Marzano shows how a carefully structured combination of two approaches sustained silent reading and instruction in subject specific vocabulary terms can help overcome the deficiencies in background knowledge that hamper the achievement of many children Readers will learn The principles that underlie an effective sustained silent reading program A five step process for using sustained silent reading to enhance background knowledge The defining characteristics of effective vocabulary instruction A six step process for direct instruction in vocabulary in each discipline The vocabulary terms critical to students success in every academic subject Vignettes suggest how the recommended reading and vocabulary instruction programs might be implemented in elementary schools middle and junior high schools and high schools The book also includes a list of 7 923 vocabulary terms culled from the national standards documents and other publications organized into 11 subject areas and 4 grade level categories With its research based recommendations and step by step approach Building Background Knowledge equips educators with the tools they need to help close the achievement gap and enable all students to succeed **An Empty Curriculum** Sandra Stotsky,2015-02-19 Teachers cannot teach what

they do not know This country has tolerated a weak licensing system for prospective teachers for decades This weak system has been accompanied by an increasingly emptier curriculum for most students depriving them of the knowledge and skills needed for self government An Empty Curriculum How Teacher Licensure Tests Lead to Empty Student Minds makes the case that the complete revision of the licensing system for prospective and veteran teachers in Massachusetts in 2000 and the construction of new or more demanding teacher licensing tests contributed significantly to the Massachusetts education miracle That miracle consisted of enduring gains in achievement for students in all demographic groups and in all regional

vocational technical high schools since 2005 gains confirmed by tests independent of Massachusetts policy makers The immediate purpose of this book is to explain what Massachusetts did in 2000 to strengthen its teacher licensing and re licensing system to ensure that all teachers could teach to relatively strong K 12 standards Its larger purpose is to suggest that development of strong academic standards in all major subjects should be followed by complete revision of a state s teacher licensing system not as has been the case for several decades the development of K 12 student tests if this country wants to strengthen public education      *Communication Approach in English Through the Internet* Amzat K.
