No Woman s Land? Women s Writings and Historical Representation in World War I Denise Borille de Abreu, 2012-02-28 Women s participation in wars either directly or indirectly has been the study object of war narratives since the Classical Age This book aims to analyze women s significant role to the construction of cultural memory and how women s representations have evolved from myth since Homer until the

early twentieth century when the First War was declared to the assumption of silent victims in wartime and finally to the condition of proactive members of a much dreamed society with equal opportunities for everyone This book also addresses more specifically how women war narratives of the First World War reflect upon the war trauma which brought equally disastrous consequences for women men and children and how the War contributed to the reconfiguration of women s social roles

British Identity in World War I Mary K. Laurents,2020-12-10 This book analyzes the development of the Lost Generation narrative following the First World War The author examines narratives that illustrate the fracture of upper class identity including well known examples of the Lost Generation Robert Graves Siegfried Sassoon and Vera Brittain as well as other less typical cases George Mallory and JRR Tolkien to demonstrate the effects of the First World War on British society culture and politics

Russian and West European Women, 1860-1939 Marcelline J. Hutton,2001 This ambitious study provides a sweeping overview of the position of women in England France Germany and Russia USSR from 1860 1939 The book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary hard even horrifying lives Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women s lives the book assesses the significance of gender class nationality and religion This richly researched work traces common patterns and unique experiences in women s lives by showing how they defined themselves coped with daily life and confronted disaster with courage and resourcefulness

Women's Autobiography V. Inside Out ,2008-01-01 The incursions of women into areas from which they had been traditionally excluded together with the literary representations of their attempts to negotiate subvert and appropriate these forbidden spaces is the underlying theme that unites this collection of essays Here scholars from Australia Greece Great Britain Spain Switzerland and the United States reconsider the well entrenched assumptions associated with the public private distinction working with the notions of public and private spheres while testing their currency and exploring their blurred edges The essays cover and uncover a rich variety of spaces from the slums and court rooms of London to the American wilderness from the Victorian drawing room and sick room to out of the ordinary places like Turkish baths and the trenches of the First World War Where previous studies have tended to focus on a single aspect of women s engagement with space this edited book reveals a plethora of subtle and tenacious strategies found in a variety of discourses that include fiction poetry diaries letters essays and journalism Inside Out goes beyond the early work on artistic explorations of gendered space to explore the breadth of the field and its theoretical implications

Self-portraits Andrea Peterson,2006 In 1915 Vera

Brittain began to wonder whether it was possible to make a book out of the very essence of one's self. In this study the author moves away from Brittain's already well-documented political passions: socialism, feminism, and pacifism, to discuss her enduring fascination with philosophy and the problems surrounding the literary representation of subjectivity. Using the psychoanalytical, philosophical, and literary theories known to Brittain as well as some more recent and pertinent theoretical developments, the author examines not only Brittain's explicitly autobiographical writings but also all of her published novels: *The Dark Tide* (1923), *Not Without Honour* (1924), *Honourable Estate* (1936), *Account Rendered* (1945), and *Born* (1925, 1948). This insightful and accessible book details Brittain's innovative writing methods and re-evaluates her contribution to the development of the novel during the early twentieth century. The author offers a new and interesting perspective on one of the most popular writers of the First World War.

Handbook of British Literature and Culture of the First World War Ralf Schneider, Jane Potter, 2021-09-20. The First World War has given rise to a multifaceted cultural production like no other historical event. This handbook surveys British literature and film about the war from 1914 until today. The continuing interest in World War I highlights the interdependence of war experience, the imaginative re-creation of that experience in writing, and individual as well as collective memory. In the first part of the handbook, the major genres of war writing and film are addressed, including, of course, poetry and the novel, but also the short story; furthermore, it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post-colonial criticism. The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain. All in all, the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War.

Publishers, Readers and the Great War Vincent Trott, 2017-10-05. Literature is at the heart of popular understandings of the First World War in Britain and has perpetuated a popular memory of the conflict centred on disillusionment, horror, and futility. This book examines how and why literature has had this impact, exploring the role played by authors, publishers, and readers in constructing the memory of the war since 1918. It demonstrates that publishers were as influential as authors in shaping perceptions of the conflict and it provides a detailed analysis of critical and popular responses to war books, tracing the evolution of readers' attitudes to the war between 1918 and 2014. By exploring the cultural legacy of the war from these two previously overlooked perspectives, Vincent Trott offers fresh insights regarding the emergence of a collective memory of the First World War in Britain. Drawing on a broad range of primary source material, including publishers' correspondence, dust jackets, adverts, book reviews, and diary entries, and examining canonical authors such as Wilfred Owen, Siegfried Sassoon, and Vera Brittain alongside long-forgotten texts and more recent autobiographical works by Harry Patch and Henry Allingham, *Publishers, Readers and the Great War* provides a rich and nuanced analysis of the climate within which First World War literature was written, published, and received since 1918.

Winifred Holtby, "A

Woman In Her Time" Lisa Regan,2009-12-14 Winifred Holtby A Woman In Her Time Critical Essays brings together for the first time a range of scholarly perspectives on one of Britain's best loved regional authors Remembered for her vivid portrayal of 1930s rural Yorkshire in her final novel South Riding 1936 and for her friendship with Vera Brittain Winifred Holtby 1898 1935 has become a key figure for those interested in British literature politics and culture between the wars Epitomising the professional independence and political passion which we have come to associate with the newly emancipated women of her era Holtby's was a life devoted to myriad causes and directed to the pressing issues of her day With fresh perspectives on Holtby's better known novels alongside new critical forays into her short stories drama journalism and historical writing Winifred Holtby A Woman In Her Time sheds new light on a woman who not only spoke out in support of feminism peace and racial equality at a time when fascism and war loomed but who also shared with us her views on a wide spectrum of topical concerns from Virginia Woolf D H Lawrence H G Wells psychology spinsters mothers and the B B C to her delight in clothes films and village gossip

Women's Life-writing Linda S. Coleman,1997 The essays in this collection offer readers vivid and varied evidence of the female response to recurring attempts by culture to artificially limit identity along the gendered lines of private and public experience Calling on voices both familiar and little known British and American black and white young and old poor and rich heterosexual and lesbian the essayists explore how women within unique personal and historical conditions used life writing as a means of both self understanding and connection to a community of sympathetic others real or imagined The life writings within this anthology span the modern history of the genre itself with writers drawn from as early as the seventeenth century and as late as the 1990s
