## **Teufel Von Loudon German:**

*German Expressionism in the Audiovisual Culture / Der deutsche Expressionismus in den Audiovisuellen Medien* Paloma Ortiz-de-Urbina, 2022-12-19 Zu Beginn des 20. Jahrhunderts machte zeitgleich mit dem Expressionismus eine neue Kunstform ihre ersten Schritte: die Bildsprache und Musik in sich vereinte der Kinofilm. In Deutschland hatte die expressionistische Ästhetik einen enormen Einfluss auf dieses neue Medium, der sich in Filmen wie *Das Cabinet des Dr. Caligari* (1920), *Der Golem* (1920), *Nosferatu* (1922) oder *Metropolis* (1927) zeigt und bis heute seine Spuren hinterlassen hat. Dieser Band analysiert wie Themen, Motive, Mythen und Ästhetik des expressionistischen Kinos der 1920er Jahre in den audiovisuellen Medien bis ins 21. Jahrhundert fortwirken und welchen Einfluss sie auf Mythoskritik oder auf populäre Gattungen wie Fantasy, Horror oder Science Fiction nach wie vor ausüben.

*Operas in German: A Dictionary* Margaret Ross Griffel, 2018-01-23 With nearly three thousand new entries, the revised edition of *Operas in German: A Dictionary* is the most current encyclopedic treatment of operas written specifically to a German text from the seventeenth century through 2016. Musicologist Margaret Ross Griffel details the operas' composers, scores, librettos, first performances, and bibliographic sources. Four appendixes then list composers, librettists, authors whose works inspired or were adapted for the opera librettos, and a chronological listing of the entries in the A-Z section. The bibliography details other dictionaries and encyclopedias, performance studies collections, plot summaries, general studies on operas, sources on locales where opera premieres took place, works on the history of operas in German, and selective volumes on individual opera composers, librettists, producers, directors, and designers. Finally, two indexes list the main characters in each opera and the names of singers, conductors, producers, composers, directors, choreographers, and arrangers. The revised edition of *Operas in German* provides opera historians, musicologists, performers, and opera lovers with an invaluable resource for continued study and enjoyment.

*The National Union Catalog*, 1968  
**National Union Catalog**, 1973 Includes entries for maps and atlases  
*The Defortification of the German City, 1689-1866* Yair Mintzker, 2012-07-09 This book tells the story of German cities' metamorphoses from walled to defortified places between 1689 and 1866. Using a wealth of original sources, the book discusses one of the most significant moments in the emergence of the modern city: the dramatic and often traumatic demolition of the city's centuries-old fortifications and the creation of the open city.

**Opera in the Media Age** Paul Fryer, 2014-05-14 This collection of essays explores the relationship between opera and the development of media technology from the late 19th to the early 21st century. Taking an international perspective, the contributing authors, each with extensive experience as scholars or practitioners of the art, cover a variety of topics including audio, video, and film recording; contemporary critical responses; popular and high-brow culture; live and recorded performance; lighting and performance technology; media marketing and advertising.

**Library of Congress Catalog** Library of Congress, 1973 A cumulative list of works represented by Library of Congress printed cards

Opera Production II Quaintance Eaton, 2009-06 *Opera Production II* was first published in 1974. Minnesota Archive

Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions For the world of opera this is an indispensable basic reference work which provides essential information about more than 350 operas Producers singers directors students orchestras and audiences will find useful concise information in this handbook a sequel to the author's earlier book *Opera Production I A Handbook* which contains similar information about more than 500 other operas While the first volume concentrates on more familiar operas this book is devoted principally to lesser known works both old and new including many as yet unperformed contemporary operas The details given about each opera are those needed to assess the production requirements for a given work the number and importance of settings size of orchestra chorus and ballet number of singers their relative importance and individual requirements vocal and acting demands of performers including vocal ranges in most cases plot synopsis and brief historical material to anchor the reader in the necessary knowledge of the period and source of the libretto The information is compressed into capsule form so that anyone using the book can tell at a glance the suitability of a work to the particular facilities talents or tastes of an opera company or its public In addition to the reference material there is a chapter *Production Problems in Handel's Opera* by Randolph Mickelson a helpful feature since nine of Handel's operas are included and they are apt to pose special production problems
