Texas Almanac 1986-1987 State Industrial Guide:

Texas Almanac and State Industrial Guide, 1986-1987, 1965 *Texas Almanac and State Industrial Guide, 1986-1987*
Mike Kingston, 1985 **Texas Almanac and State Industrial Guide, 1980-1981**, 1987 **The Texas Almanac and Industrial Guide 1986-1987** Dallas Morning News, 1985 *Texas Almanac and State Industrial Guide, 1982-1983*, 1965
Texas Almanac and State Industrial Guide, 1991 *The Story of North Texas* James Lloyd Rogers, 2002 With unlimited archival access and a journalist's attention to detail James L. Rogers updates and expands his 1965 publication to bring the university's history into the next century. The founder of the Texas Normal College Joshua C. Chilton declared in 1890 the institution's aim to become leaders in the education of the young men and women of Texas, fitting them to creditably fill the most important positions in business and professional circles. By 1965 the eighth president J. C. Matthews presided over an institution granting doctorates in the sciences, mathematics, humanities, social sciences, teacher education, business administration, and the fine arts. In the last thirty-five years the institution has grown to become the University of North Texas System under the leadership of Chancellor Alfred Hurley and President Norval Pohl, with campuses in Dallas and Fort Worth. It now stands as the leading university of the Dallas-Fort Worth Metroplex. Generously illustrated with over eighty photos of people and events on campus, *The Story of North Texas* provides the definitive history of this institution and is an inspiration to its alumni and friends.

An Empire for Slavery Randolph B. Campbell, 1991-08 Randolph B. Campbell is a professor of history at The University of North Texas. *Inside Texas* Cynthia A. Brandimarte, 2013-05-31 *Inside Texas: Culture, Identity, and Houses 1878-1920* is a 464-page book with 296 photos that tests and rejects the notion that Texas homes like all things Texan were unique and different. Over the 40-year time span covered by the book, decorating ideas nationally and in Texas went from the era of Victorianism with all that stuff to the spare, clean lines of the arts and crafts movement. By 1920 like Americans across the country, many Texans, especially the wealthier, were taking their decorating ideas from the new professionals, architects and designers, and their homes reflected less their own identity than the taste and eye of the decorator. In seven years of research, Brandimarte traveled the state collecting photographs of interiors of Texas homes, rare in comparison to exterior views. The images reprinted here are arranged neither in chronological order nor according to decorating style but by identities, occupation, family, ethnicity, social group, region, culture, and refinement, class, and style. Brief biographical information about the homeowners is incorporated into the text. *Inside Texas* is about people and houses. It is social history, a significant contribution to scholarship, an invaluable resource for preservationists, docents, architects, and designers, as well as a book to be treasured by anyone who loves old houses.

Writing the Story of Texas Patrick L. Cox, Kenneth E. Hendrickson, Jr., 2013-03-01 The history of the Lone Star state is a narrative dominated by larger-than-life personalities and often contentious legends, presenting interesting challenges for historians. Perhaps for this reason, Texas has produced a cadre of revered historians who have had a significant impact on the preservation. Some would argue

creation of our state's past An anthology of biographical essays *Writing the Story of Texas* pays tribute to the scholars who shaped our understanding of Texas's past and ultimately the Texan identity Edited by esteemed historians Patrick Cox and Kenneth Hendrickson this collection includes insightful cross generational examinations of pivotal individuals who interpreted our history On these pages the contributors chart the progression from Eugene C Barker's groundbreaking research to his public confrontations with Texas political leaders and his fellow historians They look at Walter Prescott Webb's fundamental innovative vision as a promoter of the past and Ruthe Winegarten's efforts to shine the spotlight on minorities and women who made history across the state Other essayists explore Llerena Friend delving into an ambitious study of Sam Houston Charles Ramsdell courageously addressing delicate issues such as racism and launching his controversial examination of Reconstruction in Texas Robert Cotner an Ohio born product of the Ivy League bringing a fresh perspective to the field and Robert Maxwell engaged in early work in environmental history Texas Almanac, 1986-1987 Mike Kingston, 1985-10 *National Water Summary* 1987 Geological Survey (U.S.), 1990 **Federal Correctional Institution Complex, Three Rivers**, 1988 **A Model for Estimating the Value of Property Access Rights** Heidi Westerfield, 1995 **U.S. Geological Survey Water-supply Paper**, 1982 *Difference Equations with Public Health Applications* Lemuel A.
