Tejanos in the 1835 Texas Revolution L. Lloyd MacDonald, 2012-09-06 A Texas historian presents a vividly detailed account of the 1835-36 battle for independence shining new light on the experiences of Tejano rebels In the 1820s and 30s thousands of settlers from the United States migrated to Mexican Texas lured by Mexico s promise of freedom But when President Antonio Lopez de Santa Anna came to power he discarded the constitution and established a new

centralized government In 1835 and 36 Mexican born Tejanos and Anglo born Texans fought side by side to defend their rights against this authoritarian power grab After Santa Anna silenced dissent across Mexico Texas emerged as the lone province to gain independence Offering a unique study of the role the Mexican born revolutionaries played in Texas's battle for independence this account examines Mexico from the fifteenth century through the birth of the sovereign nation of Texas in 1836 Drawing heavily on first person accounts this detailed history sheds light on the stories and experiences of Tejanos and Texans who endured the fight for liberty Enhanced by maps and illustrations handcrafted by the author this volume contributes an important perspective to the ongoing scholarship and debate surrounding the Alamo generation of the 1830s
