The Pioneer West Hamlin Garland,2024-01-05

Excerpt The history of America is the story of trail makers pioneers in every sense of the word Our forefathers had trails to

make in new fields of government of invention and in city building but before all smoothing the way for all came the men and women who explored and ploughed and planted the wilderness Their story will grow in interest as the years pass Their deeds have already taken on something of the dim quality of heroic myths They form the most distinctive of our contributions to history and poetry

Do-Overs and Detours Steve Vernon, 2017-02-17 Detours are amazing creatures A detour can shortcut your existence or it can lead you down a forever long road that will linger far into the distant reaches of eternity It is these unexpected tangents that people stumble across nearly every day that will haunt you in a frighteningly familiar fashion Wander into a laundromat and find a kind of a time machine Indulge yourself in a particularly nasty game of baseball Hitch a ride on a freight train with the piggyback man or entomb yourself in a trailer walled with books or take a ride on a bus that is going nowhere fast or just lean over an empty ocean and wait for the very first mermaid you see Detour around an overturned trailer of chickens and find a chance to do it all over again Take a taxi ride with a very hungry passenger or just walk in the park and watch a juggler balancing severed heads Reality will take you only so far and after that there is nothing to rely on but faith and fear I offer you eighteen eerie tales of fantasy horror science fiction and all around strangeness that will take you to the edge of the map and then nudge you just a little bit further If Harlan Ellison Richard Matheson and Robert Bloch had a three way sex romp in a hot tub and then a team of scientists came in and filtered out the water and mixed the leftover DNA into a test tube the resulting genetic experiment would most likely grow up into Steve Vernon
