The Law of Corporate Groups Phillip I. Blumberg,Kurt A. Strasser,Nicholas L. Georgakopoulos,2007-01-01 Traditional corporation law or entity law no longer covers the challenges presented by today s multinational corporate integration and control Now Blumberg s ground breaking analysis of the law of corporate groups or enterprise law brings current trends in business law into sharp focus with detailed examination of thousands of cases Every corporate lawyer must deal with state statutory issues and this is the source to turn to for information and guidance Blumberg provides expert practical analysis of the statutes and their application in such areas as Public utilities banking and Savings and Loan Associations following federal models Insurance Alcoholic beverages and gambling The vital topic of professional responsibility in the representation of affiliated corporations is also covered here **Business Taxpayer Information Publications** ,2003

Trust and Corporation Problems Henry Rogers Seager,Charles Adams Gulick,1929 *Martindale Hubbell Law Directory* Martindale-Hubbell,2003-04 *Management Challenges for Africa in the Twenty-First Century* Felix M. Edoho,2000-12-30 Edoho and his contributors examine the management challenges facing African governments and businesses on the eve of a new millennium As the authors make clear Africa s future is defined by how Africa does in the 21st century For Africa a major challenge is how to effectively and efficiently manage its vast wealth Africa is not poor because it is poor it is poor because it cannot manage its development process The shortages of managerial knowledge skills and talents are pervasive Consequently the region lacks the ability to organize production and run operations effectively and efficiently The task of developing managerial manpower in Africa is not only imperative it is urgent After outlining theoretical and applied perspectives on management the volume examines the public and private sector planning and management It then explores the globalization of management technology provides case studies of African management dilemmas looks at management

ethics and morality and concludes with an analysis of the role of management in African national development As the authors make clear abundant resources will not of themselves usher in an African economic renaissance Africa needs skills to identify and analyze its resources to undertake investment and to establish and run all kinds of organizations Until Africa develops its indigenous managerial talents development will continue to be elusive and the process traumatizing An important resource for scholars students and policy makers involved with African economic development *Federal Register* ,1996-08-12
