Nineteenth Century and After, 1911 Dictionary Of British And Irish Botanists And Horticulturalists Including plant collectors, flower painters and garden designers Ray Desmond, 2002-09-11 An exhaustive treatment of all British and Irish botanists through 1976

Sculpture and the Garden Patrick Eyres, 2017-07-05 Although the integration of sculpture in gardens is part of a long tradition dating back at least to antiquity the sculptures themselves are often overlooked both in the history of art and in the history of the garden This collection of essays considers the changing relationship between sculpture and gardens over the last three centuries focusing on four British archetypes the Georgian landscape garden the Victorian urban park the outdoor spaces of twentieth century modernism and the late twentieth century sculpture park Through a series of case studies exploring the contemporaneous audiences of gardens the book uncovers the social political and gendered messages revealed by sculpture's placement and suggests that the garden can itself be read as a sculptural landscape

The Nineteenth Century and After, 1911

Man in the Landscape Paul Shepard, 2010-07-01 A pioneering exploration of the roots of our attitudes toward nature Paul Shepard's most seminal work is as challenging and provocative today as when it first appeared in 1967 Man in the Landscape was among the first books of a new genre that has elucidated the ideas beliefs and images that lie behind our modern destruction and conservation of the natural world Departing from the traditional study of land use as a history of technology this book explores the emergence of modern attitudes in literature art and architecture their evolutionary past and their taproot in European and Mediterranean cultures With humor and wit Shepard considers the influence of Christianity on ideas of nature the absence of an ethic of nature in modern philosophy and the obsessive themes of dominance and control as elements of the modern mind In his discussions of the exploration of the American West the establishment of the first national parks and the reactions of pioneers to their totally new habitat he identifies the transport of traditional imagery into new places as a sort of cultural baggage

Lancelot Brown and the Capability Men David Brown,Tom Williamson,2016-08-15 Lancelot Capability Brown is often thought of as the innovative genius who single handedly pioneered a new naturalistic style of landscape design but he was in fact only one of many landscape designers in Georgian England Published to commemorate the three hundredth anniversary of Brown s birth this book casts important new light on his world renowned work his eventful life and the wider and robust world of landscape design in Georgian England David Brown and Tom Williamson argue that Brown was one of the most successful designers of his time working in a style that was otherwise widespread and that it was his skill with this style and not his having invented it that linked his name to it The authors look closely at Brown s design business and the products he offered clients showing that his design packages helped define the era s aesthetic They compare Brown s business to those of similar designers such as the Adam brothers Thomas Chippendale and Josiah Wedgwood and they contextualize Brown s work within the wider contexts of domestic planning and the rise of neoclassicism Beautifully illustrated throughout this book celebrates the work of a master designer who was both a product and harbinger of the modern world
