Two semi autobiographical works full of fantasy and invention of self knowledge and understanding testifying to the progress of the human spirit Two related sketches in the one book **Arnold's Poetic Landscapes** Alan Roper,2019-12-01 Originally published in 1969 Alan Roper studies the degree to which Arnold achieved a unity of human significance and literal landscape If landscape poetry is to rise above the level of what Roper calls country contentments in verse the poet cannot think and describe alternately his thinking and describing must be a part of one another That Matthew Arnold was aware of the difficulty in achieving the necessary unity becomes clear in his own criticism which Roper examines along with a large and representative number of Arnold s poems Considering the latter roughly in the order they were published except for a fuller analysis of Empedocles on Etna The Scholar Gipsy and Thyrsis Roper follows important changes in Arnold s view of the function and nature of poetry as it emerged in the poems themselves Basic to the author s critical method is a distinction between geographical sites and poetic landscapes Focusing on the ways that Arnold and to a lesser extent the Augustan and Romantic poets before him untied thought and description Roper adds a critical dimension to Arnold scholarship Concerned not with the development of Arnold s ideas nor with their sources in classical antiquity and the Romantic period he considers

Arnold a self conscious poet who though sometimes successful became increasingly unsuccessful in his efforts to imbue a landscape with meaning for individual or social man

Presumed Lost Stephen Moore, 2009-10-01 When submarines failed to return to port from patrol they were officially listed by the Navy as overdue and presumed lost Loved ones were notified by the War Department that their siblings spouses and sons were missing in action and presumed lost While 52 U S submarines were sunk in the Pacific the Japanese took prisoners of war from the survivors of only seven of these lost submarines Presumed Lost is the compelling story of the final patrols of those seven submarines and the long captivity of the survivors Of the 196 sailors taken prisoner 158 would survive the horrors of the POW camps where torture starvation and slave labor were common This is the most complete and accurate record of their

captivity experiences ever compiled Author Stephen L Moore draws on personal interviews with the survivors as well as on diaries family archives and POW statements to reveal new details and correct longstanding errors in previously published accounts Moore s research brought to light the following facts Most crewmen from USS Perch endured 1 298 days of captivity without their families ever being told that they were still alive The Perch and USS Grenadier were so badly damaged by enemy depth charge attacks that their crews were forced to scuttle their ships USS Sculpin and USS S 44 went down fighting with only forty two men from the Sculpin being taken prisoner and half of them perishing on the way to Japan USS Tang and USS Tullibee victims of their own faulty circling torpedoes had few survivors five of whom managed to escape from the sunken burning Tang when it was 180 feet below the ocean surface As many as six men survived the loss of USS Robalo after it struck a mine off Palawan but none of those survived the prison camps The book includes dozens of rare photos of the POWs many of which have never before been published Appendices include final muster rolls of the seven submarines and a complete list of the U S submariners who were held as POWs with details of their various camps of internment
