Benny Hinn

Six Days In June:

Six Days In June Eric Hammel, 2020-12-23 SIX DAYS IN JUNE How Israel Won the 1967 Arab Israeli War Eric Hammel Distinguished military historian Eric Hammel becomes the first chronicler of the 1967 Six Day War to unite the story of development of Israel's bold brand of military training and planning with a detailed narrative account of her breathtaking victories in Sinai Jerusalem The West Bank and the Golan Heights Unlike all earlier accounts of the 1967 war Hammel's sweeping narrative describes how from the early 1950s the Israel Defense Force Zahal undertook a relentless and often visionary campaign to prepare for the inevitable war of national survival that when it came radically altered the Middle East and has profoundly influenced international politics ever since Israel's brilliant innovative military thinkers developed extremely flexible strategies operational plans and battlefield tactics aimed at overcoming several large Arab forces with Zahal's much smaller army and air force Zahal's innovations proved to be so effective and fundamentally sound that they established the norms of modern military planning and performance that saw the United States and her coalition allies through the lightning Desert Storm campaign of 1991 Hammel decisively disproves the enduring myth that Israel's stunning 1967 victory was a miracle or a fluke He explains how by necessity and in secret a tiny Third World nation developed a First World military force that has become the envy of all the nations of the world Hammel is at his proven best when describing the actions of men at war Six Days in June seamlessly meshes classic military history with the human drama of Israel's finest hour Eric Hammel is the author of more than thirty five highly acclaimed books on military affairs including Chosin Heroic Ordeal of the Korean War Ace A Marine Night Fighter Pilot in World War II The Root The Marines in Beirut and Duel for the Golan The 100 Hour Battle that Saved Israel Six Days in June: the Havenport Murders Paul Eiseman, 2013-09-16 A SUNRISE CRUISE LEADS TO MURDER in this second Harrison Hunt mystery Fans will delight in revisiting the noted theatre director playwright and Shakespearean scholar as he and his long suffering assistant Sophie encounter murder and mayhem in the seemingly peaceful New England fishing village of Havenport CRITICS AND READERS RAVED when they first met Harrison Hunt FIVE DAYS IN MAY THE BROOKFIELD MURDERS is a breath of fresh air when it comes to mystery novels Eiseman knows theatre inside and out so the story has that authentic backstage feel It will remind you of those wonderful old films they don't make anymore If Eiseman didn't just invent Harrison Hunt the charmingly egocentric stage director you'd swear he'd been sleuthing around for years A GRIPPING AND EXCITING WHODUNIT from first page to last Author Paul Eiseman weaves an intricate tapestry of suspects red herrings clues and mystery that will keep you guessing until the last possible moment IF YOU'RE UP ON SHOW BIZ TRIVIA you might find yourself catching the killer Then again even with the clues right before your eyes you'll probably be as surprised as I was when everything came clear in the tense final pages I COULD NOT PUT THIS BOOK DOWN The plot is always turning The added bonus of getting a behind the scenes view of the theatre world is a delight A DELIGHT TO READ The characters are fun and well defined and there is a

lighthearted component to the work *Six Days of War* Michael B. Oren, 2017-06-06 NEW YORK TIMES BESTSELLER The first comprehensive account of the epoch making Six Day War from the author of *Ally* now featuring a fiftieth anniversary retrospective Though it lasted for only six tense days in June the 1967 Arab Israeli war never really ended Every crisis that has ripped through this region in the ensuing decades from the Yom Kippur War of 1973 to the ongoing intifada is a direct consequence of those six days of fighting Writing with a novelist's command of narrative and a historian's grasp of fact and motive Michael B Oren reconstructs both the lightning fast action on the battlefields and the political shocks that electrified the world Extraordinary personalities Moshe Dayan and Gamal Abdul Nasser Lyndon Johnson and Alexei Kosygin rose and toppled from power as a result of this war borders were redrawn daring strategies brilliantly succeeded or disastrously failed in a matter of hours And the balance of power changed in the Middle East and in the world A towering work of history and an enthralling human narrative *Six Days of War* is the most important book on the Middle East conflict to appear in a generation Praise for *Six Days of War* Powerful A highly readable even gripping account of the 1967 conflict Oren has woven a seamless narrative out of a staggering variety of diplomatic and military strands The New York Times With a remarkably assured style Oren elucidates nearly every aspect of the conflict Oren's book will remain the authoritative chronicle of the war His achievement as a writer and a historian is awesome The Atlantic Monthly This is not only the best book so far written on the six day war it is likely to remain the best The Washington Post Book World Phenomenal breathtaking history a profoundly talented writer This book is not only one of the best books on this critical episode in Middle East history it's one of the best written books I've read this year in any genre The Jerusalem Post In Michael Oren's richly detailed and lucid account the familiar story is thrilling once again What makes this book important is the breadth and depth of the research The New York Times Book Review A first rate new account of the conflict The Washington Post The definitive history of the Six Day War Oren's narrative is precise but written with great literary flair In no one else's study is there more understanding or more surprise Martin Peretz Publisher The New Republic Compelling perhaps even vital reading San Jose Mercury News [The June 1967 Arab-Israeli Six-Day War](#) Tom Cooper, Efim Sandler, 2024-01-20 In June 1967 Israel which seemed on the verge of being annihilated by its Arab neighbors took six days to redraw the Middle Eastern strategic map in one of the most dramatic reversals of fortune in modern times The success was over a decade in the making following the Suez Crisis with the Israeli forces being radically changed to create an army and air force upon which the country would rely when it became obvious the international community would take no action to implement guarantees made after the events of 1956 The Israeli forces were honed in low level clashes during the 1960s notably the Water Wars which the Israelis did so much to provoke By contrast the Arab forces became complacent largely due to supplies of arms from the Warsaw Pact states With proper training this complacency could have been turned into military effectiveness but the Arab forces were plagued by internal rivalries and high commands too often depending upon politically reliable officers rather than those who were militarily

effective The Egyptian forces were further undermined by their commitment to the debilitating Yemen Civil War which meant they were in no condition to confront Israel Syria and Jordan whose forces could not fight the Israelis alone complained loudly about President Nasser's lack of action against Israel Nasser's decision in early 1967 to regain the prestige he had lost since the heady days of the Suez Crisis with a demonstration in the Sinai Peninsula was interpreted by the Israelis as preparations for an invasion Nasser did nothing to persuade them otherwise and when it was clear the international community would do nothing the Israelis decided to strike Egypt and in turn Syria and Jordan The Israeli campaign was heralded by a massive surprise air attack first on the Egyptians and then on the other neighboring states and ground offensives then followed in succession Volume 1 of The June 1967 Arab Israeli Six Day War provides an in depth background to the long running confrontation between Arab and Jew in the Middle East a detailed overview of the rival air forces that would become embroiled in the conflict and an account of the opening Israeli air strikes against Egyptian targets This volume is illustrated throughout with original photographs and includes specially commissioned full color aircraft profiles

Victory, Defeat, or Draw David Rodman, 2020-12-09 Three outcomes are possible on the battlefield victory defeat or draw An adversary may defeat or be defeated by its adversary or neither of the two may emerge victorious or vanquished Observers of military history have long tried to identify the variables that determine victory defeat or draw While most would certainly acknowledge that decisions on the battlefield are dictated by a combination of variables rather than by a lone circumstance many observers nevertheless tend to stress a single variable for example the number of fighting men and fighting machines deployed by the adversaries or the operational doctrines employed by the opposing forces as far more significant to the explanations of these decisions than other variables This book in contrast takes a multicausal approach to the question of victory defeat or draw proposing that a combination of six organizational materiel and environmental variables are pivotal to the explanation of decision on the battlefield Using the extensive history of the Israel Defense Forces the book examines a sample of eight battles across the ArabIsraeli conflict from 1948 to 1982 in order to determine the collective impact of the six variables on the outcomes of these battles concluding that this basket of variables captures much of the explanation behind victory defeat or draw on the battlefield at least insofar as concerns the record of the IDF While the research in this book is aimed primarily at military historians and military practitioners it is fully accessible to any layperson interested in Israeli military history in particular or international military history in general **The Soviet Union and the June 1967 Six Day War** Yaacov Ro'i, Boris Morozov, 2008 Why did the Soviet Union spark war in 1967 between Israel and the Arab states by falsely informing Syria and Egypt that Israel was massing troops on the Syrian border Based on newly available archival sources The Soviet Union and the June 1967 Six Day War answers this controversial question more fully than ever before Directly opposing the thesis of the recently published Foxbats over Dimona by Isabella Ginor and Gideon Remez the contributors to this volume argue that Moscow had absolutely no intention of starting a war The Soviet Union's

reason for involvement in the region had more to do with enhancing its own status as a Cold War power than any desire for particular outcomes for Syria and Egypt In addition to assessing Soviet involvement in the June 1967 Arab Israeli Six Day War this book covers the USSR s relations with Syria and Egypt Soviet aims U S and Israeli perceptions of Soviet involvement Soviet intervention in the Egyptian Israeli War of Attrition 1969 70 and the impact of the conflicts on Soviet Jewish attitudes This book as a whole demonstrates how the Soviet Union s actions gave little consideration to the long or mid term consequences of their policy and how firing the first shot compelled them to react to events

Combined Arms Warfare in Israeli Military History David Rodman, 2018-12-07 Combined arms warfare CAW the integration of different arms on the battlefield e g armor infantry artillery aircraft and engineers in order to achieve maximal efficiency there is as old as war itself Every army across both time and space that has engaged in combat has practiced one version or another of CAW whether consciously or otherwise The Israel Defense Forces IDF has been no exception to the rule This book traces the Israeli experience with CAW from the country's War of Independence in 1947-49 against a coalition of Arab states through Operation Protective Edge in 2014 against a coalition of Hamas led terrorist insurgent groups It describes and analyzes the IDF's practice of CAW in each interstate war IW asymmetrical war AW and low intensity conflict LIC that Israel has fought since the country's establishment in the mid twentieth century The book also highlights the Israeli approach to CAW in respect of special operations SPEC OPS With no end in sight to the Arab-Israeli conflict and with further hostilities between Israel and its neighbors virtually assured in the future *Combined Arms Warfare in Israeli Military History* constitutes an essential addition to the literature about Middle Eastern warfare This book is aimed primarily at the academic and research community but it is fully accessible to anyone with an interest in Israeli military history
