Sketch Of A Serpent:

Sketch of a Serpent Paul Valéry, Lynn Hoggard, 1987-01-01 *The Poems of Paul Valéry* Jan Schreiber, 2021-03-19 One of the most important French poets of the twentieth century Paul Valéry 1871 1945 influenced generations of poets who came after him Major poets in England and America including T S Eliot Wallace Stevens and W H Auden agreed that he should be better known in the English speaking world However his complex and graceful writing presents daunting obstacles for the translator who must capture the motions of a subtle intellect while recreating the rhythms and rhymes that entranced the poet's French contemporaries This volume is the culmination of 50 years devoted to bringing Valéry's poems into fluent English It shows the writer to be both the supreme poet of the mind and a consummate linguistic musician Readers curious to encounter *The Graveyard by the Sea* will find it brilliantly rendered here along with other masterpieces in both long and short forms This is a book for every lover of language and ideas *Theological Sketch-book Or Skeletons of Sermons;*
