Social Mobility In Contemporary Japan:

Social Mobility in Contemporary Japan Hiroshi Ishida, 1995-01-05 The book is a study of intergenerational class mobility and the process of socioeconomic status attainment in contemporary Japan The idea of Japan as an educational credential society has been debated for a long time in Japan The book empirically evaluates this idea within the framework of a cross national comparison with the United States and Britain The author also examines the patterns of class mobility in Japan within a cross national perspective and reports similarities and differences in the mobility patterns among the three societies [Social Mobility in Contemporary Japan](#) Hiroshi Ishida, 1993 The book is a study of intergenerational class

mobility and the process of socioeconomic status attainment in contemporary Japan The idea of Japan as an educational credential society has been debated for a long time in Japan The book empirically evaluates this idea within the framework of a cross national comparison with the United States and Britain The author also examines the patterns of class mobility in Japan within a cross national perspective and reports similarities and differences in the mobility patterns among the three societies BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [Social Class in](#)

[Contemporary Japan](#) Hiroshi Ishida, David H. Slater, 2009-10-16 Through examination of contemporary Japanese society this book demonstrates that the analysis of class formation is fundamental for a clear understanding of institutions and collective identity such as family school work gender and ethnicity *Social Mobility in Contemporary Japan* 山口洋子, 1993 [Social Class in Contemporary Japan](#) Hiroshi Ishida, David H. Slater, 2009-10-16 Post war Japan was often held up as the model example of the first mature industrial societies outside the Western economy and the first examples of middle mass society Today and since the bursting of the economic bubble in the 1990 s the promises of Japan Inc seem far away Social Class in Contemporary Japan is the first single volume that traces the dynamics of social structure institutional socialization and class culture through this turbulent period all the way into the contemporary neoliberal moment In an innovative multi disciplinary approach that include top scholars working on quantitative class structure policy development and ethnographic analysis this volume highlights the centrality of class formation to our understanding of the many levels of Japanese society The chapters each address a different aspect of class formation and transformation which stand on their own Taken together they document the advantages of putting Japan in the broad comparative framework of class analysis and the enduring importance of social class to the analysis of industrial and post industrial societies Written by a team of contributors from Japan the US and Europe this book will be invaluable to students and scholars of Japanese society and culture as well as those interested in cultural anthropology and social class alike **Social Stratification in Contemporary Japan** Kenji Kosaka, 2013-09-05 First Published in 1994 The focus of this study is class and stratification in Japan There are a few papers on social stratification in Japan that are written in English and make use of the SSM research The present study uses the latest SSM data These were collected in 1985 and are themselves becoming out of date given that Japanese society has been

experiencing rapid and radical change though they remain among the most recent available The authors are sociologists this book is intended for a general readership *Modern Japanese society / edited by Josef Kreiner, Ulrich Hohwald and Hans Dieter Olschleger*. Josef Kreiner,Ulrich Mèohwald,Hans Dieter Ölschleger,2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a result of different social and historical roots of the process of modernization Aspects of Social Change in Modern Japan Ronald Philip Dore,2015-03-08 This is an examination of the consequences of Japan s rapid industrialization upon interpersonal relations Based upon current theories of Western experiences with modernization these studies show that the Eastern changes do not conform to Western patterns Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Education Reform and Social Class in Japan** 田中道子,2013 Until the early 1990s Japanese education was widely commended for achieving outstanding outcomes in global comparison At the same time it was frequently criticized for failing to cultivate individuality and creativity in students Wide ranging education reforms were enacted during the 1990s to remedy these perceived failings However as this book argues the reforms produced a different outcome than intended contributing to growing disparity in learning motivation and educational aspiration of students from different class backgrounds instead Takehiko Kariya demonstrates by way of empirical sociological analysis that educational inequality in Japan has been expanding and that a new mechanism of educational selection has begun to operate which he calls the incentive divide Casting light on recent changes in Japanese society to critically reassess educational policy choices this book s quantitative and qualitative analyses of the mass education society in post war Japan offer important insights also for understanding similar problems faced in other parts of the world at present Translated into English for the first time the Japanese language version of Education Reform and Social Class in Japan won the first Osaragi Jir Prize for Commentary sponsored by the Asahi shinbun This book will be of interest to students and scholars in the fields of Asian studies Japanese studies education sociology and social policy **The SAGE Handbook of Social Anthropology** Richard Fardon,Oliva Harris,Trevor H J Marchand,Cris Shore,Veronica Strang,Richard Wilson,Mark Nuttall,2012-07-25 In two volumes the SAGE Handbook of Social

Anthropology provides the definitive overview of contemporary research in the discipline. It explains the what, where, and how of current and anticipated work in Social Anthropology. With 80 authors contributing more than 60 chapters, this is the most comprehensive and up-to-date statement of research in Social Anthropology available and the essential point of departure for future projects. The Handbook is divided into four sections: Part I Interfaces examines Social Anthropology's disciplinary connections from Art and Literature to Politics and Economics, from Linguistics to Biomedicine, from History to Media Studies; Part II Places examines place, region, culture, and history from regional area studies to a globalized world; Part III Methods examines issues of method from archives to war zones, from development projects to art objects and from ethics to comparison; Part IV Futures anticipates anthropologies to come in the Brain Sciences, in post-Development in the Body and Health, and in new Technologies and Materialities. Edited by the leading figures in social anthropology, the Handbook includes a substantive introduction by Richard Fardon, a think piece by Jean and John Comaroff, and a concluding last word on futures by Marilyn Strathern. The authors, each at the leading edge of the discipline, contribute in-depth chapters on both the foundational ideas and the latest research. Comprehensive and detailed, this magisterial Handbook overviews the last 25 years of the social anthropological imagination. It will speak to scholars in Social Anthropology and its many related disciplines.

Single Mothers in Contemporary Japan Aya Ezawa, 2016-05-12. Combining work and family remains a major challenge for married women in contemporary Japan, and it's not uncommon for them to quit working when starting a family. Single mothers, by contrast, almost always work regardless of the age of their children. Despite their eagerness to support themselves and their children through employment, their average income remains low, and many live on a household budget close to the poverty line. This book examines how the difficult living conditions facing single mothers in Japan highlight not only the challenges they face in earning a family wage and managing the work-family balance but also reveals the class dimensions of family life in contemporary Japan. The need to make ends meet with few resources means that mothers may find it difficult to uphold the lifestyle they may consider as most appropriate for the upbringing of their children, and that they may have to choose between their presence at home in line with the ideal of the middle-class housewife and mother or devoting more time to earning an income that can pay for a good education. Social class in this case is not just a matter of education, occupation, or income but is also expressed by mothers' approaches to their children's upbringing and future opportunities in education and employment. Based on life history interviews with single mothers, this study examines the gendered meanings of social class and social achievement and the role of maternal practices in shaping their children's future life trajectories.

Key Texts for Japanese Sociology Hideo Nakazawa, 2024-12-18. Though rich, diverse, unique, and engaging, Japan's sociological outputs have been internationally underrepresented. In its thoughtful translation and curation of key Japanese sociological texts, this book redresses this imbalance and treads exciting new ground. Comprising 17 chapters spanning 7 decades, this text introduces you to fundamental themes from classical studies in post-war Japan to contemporary

sociological issues like migration politics social mobility and gender based violence Key Texts for Japanese Sociology is an original much needed resource empowering a foundational confident understanding of the national regional and local traditions of Japanese sociology from the latter half of the last century to today **Critical Issues in Contemporary Japan** Jeff Kingston,2013-12-17 This book provides undergraduate and graduate students with an interdisciplinary compendium written by a number of leading specialists on contemporary Japan Chapters reflect the standards of rigorous scholarly work but also exceed them in their accessibility of language and engagement with concerns relevant to non specialists The probing analysis of key debates and issues confronting Japan make this ideal for college courses and an essential reference work on Japan Asia for libraries This book encompasses a range of disciplines in the social sciences and thus will be useful for a variety of courses including Comparative Politics Media Studies Anthropology Sociology Asian Studies International Relations Public Policy Healthcare Education Judicial Reform Gender and Minority Studies The strength of this volume is in the collective efforts of accomplished experts providing in depth analysis and up to date comprehensive coverage of Japan in the 21st century Students will gain the analytical insights and information necessary to assess the challenges that confront the Japanese people policymakers and private and public sector institutions Key issues covered in this volume include Rapidly Aging society Changing Employment system Energy policy Nuclear and Renewable Gender discrimination Immigration Ethnic minorities Trade policy Civil society Rural Japan Okinawa Post 3 11 Tsunami earthquake nuclear meltdown developments Internationalization Sino Japanese relations East Asia s divisive history **A Companion to the Anthropology of Japan** Jennifer Robertson,2008-03-10 This book is an unprecedented collection of 29 original essays by some of the world s most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country *Re-reading the Salaryman in Japan* Romit Dasgupta,2013 This book uses the figure of the salaryman to explore masculinity in Japan by examining the salaryman as a gendered construct and is one of the first to focus on the men within Japanese corporate culture through a gendered lens Not only does this add to the emerging literature on masculinity in Japan but given the important role Japanese corporate culture has played in Japan s emergence as an industrial power Romit Dasgupta s research offers a new way of looking both at Japanese business culture and more generally at important changes in Japanese society in recent years

Interpreting Japan Brian McVeigh,2014-07-11 Written by an experienced teacher and scholar this book offers university students a handy how to guide for interpreting Japanese society and conducting their own research Stressing the importance of an interdisciplinary approach Brian McVeigh lays out practical and understandable research approaches in a systematic fashion to demonstrate how with the right conceptual tools and enough bibliographical sources Japanese society

can be productively analyzed from a distance In concise chapters these approaches are applied to a whole range of topics from the aesthetics of street culture the philosophical import of sci fi anime how the state distributes wealth welfare policies the impact of official policies on gender relations updated spiritual traditions why manners are so important kinship structures corporate culture class schooling self presentation visual culture to the subtleties of Japanese grammar Examples from popular culture daily life and historical events are used to illustrate and highlight the color dynamism and diversity of Japanese society Designed for both beginning and more advanced students this book is intended not just for Japanese studies but for cross cultural comparison and to demonstrate how social scientists craft their scholarship *An Introduction to Japanese Society* Yoshio Sugimoto, 2014-09-24 Now in its fourth edition *An Introduction to Japanese Society* remains essential reading for students of Japanese society Internationally renowned scholar Yoshio Sugimoto uses both English and Japanese sources to update and expand upon his original narrative in this sophisticated yet highly readable text This book explores the breadth and diversity of Japanese society with chapters covering class geographical and generational variation work education gender minorities popular culture and the establishment Updates include an exploration of the Cool Japan phenomenon and the explosion of Japanese culture overseas This edition also features the latest research into Japanese society updated statistical data and coverage of recent events including the 2011 earthquake and tsunami and the change in government Written in a clear and engaging style *An Introduction to Japanese Society* provides an insight into all aspects of a diverse and ever evolving contemporary Japan **Images Of Japanese Society Hb** Ross Mouer, Yoshio

Sugimoto, 2013-10-28 The popular image of Japanese society is a stereotypical one that of a people characterised by a coherent set of thought and behaviour patterns applying to all Japanese and transcending time Ross Mouer and Yoshio Sugimoto found this image quite incongruous during their research for this book in Japan They ask whether this stereotype of the Japanese is not only generated by foreigners but by the Japanese themselves This is likely to be a controversial book as it does not contribute to the continuing mythologising of Japan and the Japanese The book examines contemporary images of Japanese society by surveying an extensive sample of popular and academic literature on Japan After tracing the development of holistic theories about the Japanese commonly referred to as the group model attention is focused on the evaluation of that image Empirical evidence contrary to this model is discussed and methodological lacunae are cited A sociology of Japanology is also presented In pursuit of other visions of Japanese society the authors argue that certain aspects of Japanese behaviour can be explained by considering Japanese society as the exact inverse of the portrayal provided by the group model The authors also present a multi dimensional model of social stratification arguing that much of the variation in Japanese behaviour can be understood within the framework as having universal equivalence **Social Stratification in an Aging Society with Low Fertility** Sawako Shirahase, 2022-08-31 This edited book empirically discusses stratification in contemporary Japanese society It is unique for its examination of social inequality in relation to declining fertility and an

aging population Japan is the most aged society in the world according to the Statistics Bureau of Japan people who are aged 65 and above comprised 29.1% of the country's total population in 2021. Meanwhile the fertility rate has continuously declined since the mid 1970s Japan experienced a dramatic change in its demographic structure in a short period of time. Such fast change could be a major factor that generated social stratification. In her industrialization Japan was thought to share a pattern of social stratification similar to that of developed European and North American countries but with a low degree of socio-economic inequality and a high degree of homogeneity. There is no clear support for this description of Japan although the country does share a pattern and degree of social stratification similar to that observed in Europe and North America. The social stratification theory has been developed in close relationship to the labor market however it is necessary to further examine the social stratification of very aged societies in which a substantial number of the population namely retired persons no longer have any ties to the labor market. In this book the contributors explore the pattern of social stratification at three life stages young middle aged and elderly. Included are discussions of various aspects of stratification such as education work wealth marriage family gender generation and social attitudes. *Middle-Class Boys' Schools in England and Japan* Robert W. Aspinall, 2024-09-02. Drawing on the author's own experience as a student and a teacher in England and Japan this book is a comparative study of boys' secondary schools in these two countries. By comparing two nations that are very different in their history culture and geographical location and by focusing on schools that are affordable to the majority of the population the analysis carried out in this book takes the onus away from money national culture and religion allowing for a more insightful understanding of those elements of schooling which prove essential to successful class reproduction and those that are contingent. The book also explores the experiences of boys who do not fit orthodox images of heterosexual masculinity discussing their interaction with teenage subcultures which encourage non-conformity to middle class norms. Representing a novel contribution to the understanding of the relationship between education gender and class this book will be a valuable resource to scholars and students of education studies Japanese studies and the sociology of education.

Whispering the Secrets of Language: An Mental Journey through **Social Mobility In Contemporary Japan**

In a digitally-driven world where monitors reign great and immediate interaction drowns out the subtleties of language, the profound strategies and mental nuances hidden within phrases frequently go unheard. Social Mobility In Contemporary Japan Introduction

In the digital age, access to information has become easier than ever before. The ability to download Social Mobility In Contemporary Japan has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Mobility In Contemporary Japan has opened up a world of possibilities. Downloading Social Mobility In Contemporary Japan provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Mobility In Contemporary Japan has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Mobility In Contemporary Japan. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Mobility In Contemporary Japan. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Social Mobility In Contemporary Japan, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit

vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Mobility In Contemporary Japan has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Social Mobility In Contemporary Japan Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Social Mobility In Contemporary Japan is one of the best book in our library for free trial. We provide copy of Social Mobility In Contemporary Japan in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Social Mobility In Contemporary Japan. Where to download Social Mobility In Contemporary Japan online for free? Are you looking for Social Mobility In Contemporary Japan PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Social Mobility In Contemporary Japan. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Social Mobility In Contemporary Japan are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with

your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Social Mobility In Contemporary Japan. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book?
