Social Psychology Of Protest:

A Social Psychology of Protest Jacqueliën van Stekelenburg, Bert Klandermans, 2023-12-07 An interdisciplinary analysis of protest participation leading to integrated approaches to the social psychology of protest The Social Psychology of Protest Bert Klandermans, 1997-02-07 This is an overview of the development of social movements based on current research on movement mobilization and participation It is an ideal guide to the field for upper level students studying the development of movement participation in social psychology sociology or politics The discussion is illuminated by extensive international examples ranging from women's movements to right wing extremist groups to social movements in South Africa The Social Psychology of Protest addresses the classic problems that have been studied in the field construction and reconstruction of collective beliefs the transformation of discontent into collective action and sustained participation and disengagement Although the emphasis is on the individual's role the book also discusses how the dynamics of movement participation are influenced by movement characteristics multiorganizational fields and political opportunities *The Social and Political Psychology of Protest Across and Within Cultures* Martijn van Zomeren, 2025-06-27 This topical book explores the phenomenon of when and why people protest Based on social and political psychology the book takes a comparative approach across and within cultures and examines how human motivation and political and cultural contexts affect protests Showcasing state of the art chapters from a new generation of social protest researchers the book offers an overview of research into contemporary social change over the last decade It draws on interdisciplinary research from social and political psychology across and within cultures to increase the scope of the phenomenon of social protest The chapters feature different international examples and discuss diverse manifestations of social protest Each chapter explicitly connects key insights to the practice and real life relevance of social protest The book offers a unique perspective of the when and why of social protest and will be essential reading for students and academics in the fields of social psychology political psychology politics and sociology as well as anyone in behavioural and social sciences interested in social movements social protest and social change Agrarian Socialism Seymour Martin Lipset, 1971-01-01 A revision of the author's thesis Ph D Columbia University 1949 Cf p ix *The Oxford Handbook of Political Participation* Marco Giugni, Maria Grasso, 2022 The Oxford Handbook of Political Participation provides readers with up to date knowledge on the wide ranging topics covered in this field and considers the key theoretical and methodological pluralism in the area as well the most recent developments One of the aims of this Handbook is to bring together two research traditions from political science and sociology bridging research in political sociology and social movement studies Accordingly the Handbook mainly brings together authors coming from both the politics and sociology research traditions as well as key authors working on political participation coming also from other fields such as psychology economics anthropology and geography The volume provides the first comprehensive up to date treatment of political participation in all of its varied expression it covers a wide range of topics relating to the study of

political participation both from a theoretical and methodological perspective it brings together the political science and political sociology tradition on the one hand and the social movement sociological tradition on the other it is sensitive to theoretical and methodological pluralism as well as the most recent developments in the field and includes discussions combining perspectives that have traditionally been treated separately in the literature as well as discussions of current trends and future directions for research in this field

Revolt Kathrin Fahlenbrach,Erling Sivertsen,Rolf Werenskjold,2014-02-01 In what ways have social movements attracted the attention of the mass media since the sixties How have activists influenced public attention via visual symbols images and protest performances in that period And how do mass media cover and frame specific protest issues Drawing on contributions from media scholars historians and sociologists this volume explores the dynamic interplay between social movements activists and mass media from the 1960s to the present It introduces the most relevant theoretical approaches to such issues and offers a variety of case studies ranging from print media film and television to Internet and social media

Towards Inclusive Societies Dharmendra Nath Tiwari,2023-07-31 *Towards Inclusive Societies Psychological and Sociological Perspectives* focuses on the importance of building inclusive societies and communities for global human welfare within psychological social political and cultural realms It discusses the engagement of psychology and other social science disciplines on the need for building both cultural sensitivity and interdisciplinary dialogue The volume presents the issues and consequences of globalization and diversity in the social and psychological domains and their role in shaping the physical and mental health of people It systematically examines the various parameters of inclusivity such as equality equity social identity social stigma and coexistence of differences in socio cultural behaviour The volume focuses on the developments towards building inclusive societies in the South Asian countries including India Bangladesh and Nepal It also highlights the challenges and possibilities in making social psychological discourses more inclusive This book will be of interest to students teachers and scholars of psychology cultural psychology gender psychology social psychology sociology and political science and social work It will also be useful for psychologists sociologists social scientists social workers political scientists and

Gandhian philosophers **Grievances and Public Protests** Martín Portos, 2020-08-20 This book sheds light on the role that grievances play for mobilisation dynamics in a context of material deprivation Why do people protest To what extent do grievances account for the varying size of protest events over time Covering different levels of analysis the author argues that effects of socioeconomic aspects both objective material deprivation and subjective attitudinal grievances are mediated by political attitudes especially political dissatisfaction He develops a framework to account for the dynamics trajectory and timing of the cycle of contention that unfolded in Spain in the shadow of the Great Recession contributing not only to the field of social movement studies but to our broader understanding of European politics political sociology political economy and economic sociology **Resisting the Backlash** Donatella della Porta, Niccolò Bertuzzi, Daniela Chironi, Chiara

Milan, Martín Portos, Lorenzo Zamponi, 2022-04-28 Drawing interview material together with extensive data from the authors original social movement database this book examines the development of social movements in resistance to perceived political regression and a growing right wing backlash With a focus on Italy and the reaction to increasing inequalities and welfare state retrenchment policies it examines opposition to the government and state authorities on a number of issues Triangulating different types of data it sheds light on the ability of citizens to organise in the streets and addresses crucial matters in social movement research including the significance to political mobilization of grievances class gender and generational differences as well as considering the network dynamics of micro mobilization visions of Europe and the role of interactions with major political institutions As such it will appeal to scholars of sociology and politics with interests in social movements and political mobilization **Right-Wing Populism in America** Chip Berlet, Matthew N. Lyons, 2016-05-06

Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America *Protest Politics Today* Devashree Gupta, 2023-05-03 Social movements play a vital and increasingly visible role in modern politics Headline grabbing demonstrations against authoritarian governments

police brutality economic inequality and other grievances suggest that around the world social movements are seen as powerful catalysts of change In democracies as well as autocracies rich countries as well as poor citizens turn repeatedly to protest as a way of addressing a range of perceived social ills In this engaging and accessible book Devashree Gupta offers a thorough introduction to the study of social movements in these diverse settings examining their structures and operations to identify the ways in which political and social contexts shape how movements behave and what impacts they have Drawing on multiple theoretical approaches and contemporary case studies Gupta explores how movements think and act strategically learning from past interactions with authorities and the experiences of other movements to find innovative ways to challenge the status quo With suggestions for further reading and questions for class discussion throughout *Protest Politics Today* will be essential reading for students of social movements and contentious politics across the world

Social Protest Martijn van Zomerer, 2025-12-04 Why do people protest And how can people protest effectively This book is about the psychological science and practical art of social protest based in the psychology of motivation and mobilization Based on decades of theorizing and research the book offers a summary of knowledge about core motivations for social protest a tactical triad regarding the effectiveness of social protest and relational tools toward mobilization Furthermore *Social Protest* integrates those insights into a new relational psychological theory of social protest with a motivational and strategic pillar a theory that turns knowledge into understanding by portraying protesters as relational actors Van Zomerer further offers a guide toward the contextualized application of the theory's motivational and strategic pillars to real life social protests including a concrete checklist for practitioners who seek to motivate people to mobilize on the basis of the core motivations the tactical triad and relational mobilization tools Finally the book offers an outline of the bright horizons that researchers need to work toward if they want to enable their theories to make more specific and useful recommendations for the practical art of social protest and hence to effectively use social protest as a powerful pathway to positive social change

The Coming African Hour

Luc Sindjoun, 2010 The Coming African hour is not a slogan nor wishful thinking It is a conclusion that derives from an insightful analysis of the current situation pertaining on the continent Several African scholars coming from different regions and academic backgrounds are elaborating ideas and arguments in order to explain the constraints and to illustrate the opportunities The result of that scientific gathering is a book that synthesizes and renews the reflections on development What is at stake is not to be pessimistic or optimistic about Africa The epistemological challenge is to understand what is going on By focusing on converging and diverging African realities on the issues of state civil society gender and development strategies the authors of the book show under which conditions the African hour is coming At that level the commitment for political science meets the commitment for Africa The main success of this book is to overcome the preconceived ideas and self fulfilling prophecies about Africa Here the analysis avoids the trap of indulgence then hope is based on truth Consequently the coming African hour is not inescapable it is as analyzed a possibility that its achievement

depends on institutional human political social and economic factors *Protests as Events* Ian R Lamond, Karl Spracklen, 2014-11-05 Can activism be considered a leisure activity Can the Occupy movement local campaigns for change and lone acts of personal resistance be understood as events Within the field of Events Management the content of events is generally analyzed within three categories culture sport or business Such a typology can be helpful as a heuristic for interpretation and analysis within a commercial paradigm However this framework overlooks and depoliticizes a significant variety of events those more accurately construed as protest *Protests as Events* is the first book to explore activism as a leisure activity and protests as events using a fresh interpretation of event to develop a new critical politics of events and leisure Bringing together a range of cutting edge research from around the world it explores a variety of protests through the lens of events studies and leisure in order to understand how the study of events management might be conceptualized in the protest space *Handbook of Community Well-Being Research* Rhonda Phillips, Cecilia Wong, 2016-12-10 This Handbook brings together foundational and leading edge research exploring dimensions of improving quality of life in communities of place Social indicators and other assessment techniques will be explored including from the framework of community perspectives which is concerned with enhancing quality of life for community members As part of this trans disciplinary work participation engagement and empowerment will be key concepts presented Along with capacity building and service provision these elements influence community well being and will be considered along with subjective and objective assessment approaches Researchers from around the globe share their work on this important topic of community well being bringing together a diverse array of disciplinary perspectives Those working in the areas of public policy community development community and social psychology urban and regional planning and sustainable development will find this volume particularly useful for the array of approaches presented **The International Handbook of Sociology** Stella R Quah, Arnaud Sales, 2000-09-19 The most up to date survey of the range of research in contemporary sociology extremely useful to students teachers and researchers alike Indispensable for collective and personal libraries Immanuel Wallerstein Maison des Sciences de l Homme Paris This unique Handbook provides state of the art reviews of sociology conducted by prominent scholars Drawing on dedicated knowledge and expertise the book constitutes an unrivalled guide to the central theoretical and methodological perspectives in the discipline as a whole The book is organized into six parts o conceptual perspectives o social and cultural differentiation o changing institutions and collective action o demography cities and housing o art and leisure o social problems Each chapter includes a comprehensive review of the literature covering the full range of work from contrasting traditions of thought and approaches No existing work matches this Handbook for scholarly coverage and relevance It is a primary resource for understanding the discipline As such it will appeal to lecturers researchers and advanced graduate and undergraduate students in Sociology
