Critical Issues in Social Work With Older People Mo G. Ray, Miriam Bernard, Judith Phillips, 2018-06-26

This timely text highlights the importance of informed and critical practice in social work with older people. With an emphasis on reflection throughout, it argues for the need to rethink how social workers support some of the most vulnerable people in society. The text begins with an exploration of the relationship between gerontology, the study of aging, and social work and demonstrates that a gerontological approach has long been missing from social work practice. The central chapters consider key issues affecting older people and social work practice such as Risk of poverty, Memory loss and dementia, Palliative and end of life care, Loss and bereavement, Moving into a care home, Bringing together theoretical and research insights, this agenda setting text provides a sound base for creative practice with older people. All those looking to make a positive and discernible difference to older people will find this text rewarding reading. Social Work Intervention Trevor

Lindsay, 2013-03-19 Since launching in 2003, Transforming Social Work Practice has become the market leading series for social work students. These books use activities and case studies to build critical thinking and reflection skills and will help social work students to develop good practice through learning. Social workers need to have a sound working knowledge of intervention as they are often balancing complex and sometime stressful circumstances with the individual needs of the service users. Also, as there are a wide range of social work interventions in current practice, students will benefit from knowing the advantages and disadvantages of each model and approach. This book on effective social work intervention will help students apply and integrate this knowledge in practice to critically evaluate different methods and to choose the most effective in any particular set of circumstances. Fully revised to include new material on value based practice and direct links to the new Professional Capabilities Framework for Social Work, this second edition is essential reading for all social work students. **Psychology, Human Growth and Development for Social Work** Emma Zara O'Brien, 2020-04-09 An

engaging and accessible introduction to understanding human behaviour and development from a psychological perspective. Written by a psychologist with extensive teaching experience, it offers a clear and systematic exploration of psychological concepts and research and discussion of their relevance for social work practice. The psychological framework provides thematic coherence for a uniquely wide range of material from brain development to communication skills, psychiatric diagnoses to forms of discrimination. With a logical and intuitive structure, it's perfect for Human Growth and Development modules and other Social Work modules with psychological content, enabling students to see how different elements of theory and research connect together for practical application. A Dictionary of Social Work and Social Care John Harris, Vicky White, 2018-01-10 This new edition has been fully revised and updated to provide over 1,800 A-Z definitions of terms from the field of social care, concentrating on social work as a significant area within this field. Covering social work theories, methods, policies, organizations and statutes, as well as key terms from interdisciplinary topics overlapping with health and education, this is the most up to date dictionary of its kind available. It also provides extended entries on specialisms such as children and families, domestic violence and residential care, and has been extensively updated to include new legislation. Useful
