

The background of the cover is a painting of a stack of old, thick books. The books have worn, yellowed pages and dark, possibly leather, covers. The lighting is dramatic, with strong highlights on the edges of the pages and deep shadows in the crevices between the books. A dark green, textured rectangular area is superimposed over the top half of the image, serving as a background for the title and author's name.

Literary Criticism Mark Bauerlein,2013-04-19 As the study of literature has extended to cultural contexts critics have developed a language all their own Yet argues Mark Bauerlein scholars of literature today are so unskilled in pertinent sociohistorical methods that they compensate by adopting cliches and catchphrases that serve as substitutes for information and logic Thus by labeling a set of ideas an ideology they avoid specifying those ideas or by saying that someone essentializes a concept they convey the air of decisive refutation As long as a paper is generously sprinkled with the right words clarification is deemed superfluous Bauerlein contends that such usages only serve to signal political commitments prove membership in subgroups or appeal to editors and tenure committees and that current textual practices are inadequate to the study of culture and politics they presume to undertake His book discusses 23 commonly encountered terms from deconstruction and gender to problematize and rethink and offers a diagnosis of contemporary criticism through their analysis He examines the motives behind their usage and the circumstances under which they arose and tells why they continue to flourish A self styled handbook of counterdisciplinary usage Literary Criticism An Autopsy shows how the use of illogical unsound or inconsistent terms has brought about a breakdown in disciplinary focus It is an insightful and

entertaining work that challenges scholars to reconsider their choice of words and to eliminate many from critical inquiry altogether
