Social Motivation Justice And The Moral Emotions An Attributional Approach

Craig E. Carroll

Social Motivation Justice And The Moral Emotions An Attributional Approach:

Social Motivation, Justice, and the Moral Emotions Bernard Weiner, 2006-04-21 *Social Motivation Justice and the Moral Emotions* proposes an attribution theory of interpersonal or social motivation that distinguishes between the role of thinking and feeling in determining action The place of this theory within the larger fields of motivation and attributional analyses is explored It features new thoughts concerning social motivation on such topics as help giving aggression achievement evaluation compliance to commit a transgression as well as new contributions to the understanding of social justice Included also is material on moral emotions with discussions of admiration contempt envy gratitude and other affects not considered in Professor Weiner's prior work The text also contains previously unexamined topics regarding social inferences of arrogance and modesty Divided into five chapters this book considers the logical development and structure of a proposed theory of social motivation and justice reviews meta analytic tests of the theory within the contexts of help giving and aggression and examines issues related to cultural and individual differences focuses on moral emotions including an analysis of admiration envy gratitude jealousy scorn and others discusses conditions where reward decreases motivation while punishment augments strivings and provides applications that are beneficial in the classroom in therapy and in training programs This book appeals to practicing and research psychologists and advanced students in social educational personality political legal health and clinical psychology It will also serve as a supplement in courses on motivational psychology emotion and motivation altruism and or pro social behavior aggression social judgment and morality Also included is the raw material for 13 experiments relating to core predictions of the proposed attribution theory [Communicating Emotion at Work](#)

Vincent R. Waldron, 2013-08-22 *Communicating Emotion at Work* chronicles the rich emotional experiences of employees drawn from a broad cross section of industries and occupations It takes a decidedly positive approach recognizing that emotional communication is a vital and creative response to the challenges of life in complex organizations The text introduces readers to the engaging and cross disciplinary body of research that has emerged around organizational emotion At the same time each chapter is steeped in real life emotional narratives concrete examples and the contemporary trends that are changing the emotional tenor of work *The Handbook of Crisis Communication* W. Timothy Coombs, Sherry J. Holladay, 2012-01-10 Written as a tool for both researchers and communication managers the *Handbook of Crisis Communication* is a comprehensive examination of the latest research methods and critical issues in crisis communication Includes in depth analyses of well known case studies in crisis communication from terrorist attacks to Hurricane Katrina Explores the key emerging areas of new technology and global crisis communication Provides a starting point for developing crisis communication as a distinctive field research rather than as a sub discipline of public relations or corporate communication **Self-Conscious and Moral Emotions in Collectives** Fabian Bernhard, 2025-05-23 This book explores

self conscious emotions like guilt and pride and examines their profound influence on individual and collective behaviors It

empirically tests how these emotions rooted in personal and societal standards motivate ethical actions and shape group dynamics A key focus is on collective emotions such as group based guilt and pride which emerge in response to group achievements or wrongdoings The book provides real world examples from historical reckonings to professional and organizational contexts in family businesses highlighting the impact of these emotions on reconciliation reputation and moral behaviors It offers practical implications for managing emotions within groups and organizations Crisis Communication Audra Diers-Lawson,2019-09-26 Crises come in many shapes and sizes including media blunders social media activism extortion product tampering security issues natural disasters accidents and negligence just to name a few For organizations crises are pervasive challenging and catastrophic as well as opportunities for organizations to thrive and emerge stronger Despite the proliferation of research and books related to crisis communication the voice that is often lost is that of the stakeholder Yet as both a public relations and management function stakeholders are central to the success and failure of organizations responding to and managing crises in a cross platform and global environment This core textbook provides a comprehensive and research driven introduction to crisis communication critical factors influencing crisis response and what we know about predicting stakeholder responses to crises Incorporated into each chapter are global case studies ethical challenges and practitioner considerations Online resources include an extensive set of multimedia materials ranging from podcast mini lectures to in class exercises and simulation based activities for skills development <https://audralawson.com/resources> crisis communication managing stakeholder relationships Demonstrating the connection between theory decision making and strategy development in a crisis context this is a vital text for advanced undergraduate and postgraduate students of Communications Public Relations Marketing and Strategic Management **Envy** Clifton Wilcox,2012-08

Social Exclusion Paolo Riva,Jennifer Eck,2016-07-26 From ostracism on the playground to romantic rejection bullying at work and social disregard for the aged individuals are at constant risk of experiencing instances of social exclusion including ostracism rejection dehumanization and discrimination These phenomena have a powerful impact as testified by their immediate influence on people s thoughts emotions and behaviors Social Exclusion Psychological Approaches to Understanding and Reducing Its Impact investigates different psychological approaches across multiple psychological subdisciplines to understanding the causes and consequences of social exclusion and possible ways to reduce or buffer against its negative effects The purpose of this volume is threefold First it lays the groundwork for the understanding of social exclusion research reviewing the different instances of social exclusion in everyday life and methods to experimentally investigate them Second this volume brings together different psychological approaches to the topic of social exclusion Leading scholars from around the world contribute perspectives from social psychology social neuroscience developmental psychology educational psychology work and organizational psychology clinical psychology and social gerontology to provide a comprehensive overview of social exclusion research in different psychological subdisciplines Taken together these

chapters are conducive to the important development of new and more integrative research models on social exclusion. Finally, this volume discusses psychological strategies such as emotion regulation, psychological resources, and brain mechanisms that can reduce or buffer against the negative consequences of social exclusion. From school shootings to domestic violence, from cognitive impairment to suicide attempts, the negative impact of social exclusion has been widely documented. Thus, from an applied perspective, knowing potential ways to mitigate the negative effects of social exclusion can have a significant positive influence on people's and society's well-being. Overall, this book provides the reader with the knowledge to understand the impact of social exclusion and with tools to address it across many different contexts. Importantly, *Social Exclusion: Psychological Approaches to Understanding and Reducing Its Impact* aims to bridge the gap between the approaches of different psychological subdisciplines to this topic, working towards a comprehensive integrative model of social exclusion.

Interpersonal Communication Denise Solomon, Jennifer Theiss, 2022-03-16 This fully revised text demystifies interpersonal communication skills by bringing the latest research together with practical guidance that prepares students to discern key communication dynamics and communicate more effectively in all areas of their lives. The new edition draws on current theory and research to guide students through the foundations of the discipline, recent developments in scientific research, and tips for improving their own interpersonal communication skills. In addition, readers will find expanded coverage of technology and computer-mediated communication, including explicit examples of what interpersonal communication looks like online. Invitations to engage with elaborated descriptions of theories and related resources on the companion website whenever prominent theories of interpersonal communication are mentioned in the text. A commitment to gender-inclusive language and topics as well as a new feature, IDEA: Inclusion, Diversity, Equity, and Access, that invites students to consider ways to address exclusion and inequity in interpersonal communication. The fully revamped companion website includes updates across all resources, additional videos, self-quizzes for students, and all new instructor resources, which can be accessed at www.routledge.com/cw/solomon. Also new to the companion website for this edition are links to essays and videos featuring the work that students in the Communication Studies program at the California State Prison, Los Angeles County, produced in response to self-reflection prompts in the first edition. These materials provide insight into facets of interpersonal communication in these students' lives and they offer a broad range of rich life experiences.

Interpersonal Communication: Putting Theory into Practice, Second Edition is ideal for undergraduate students in courses on interpersonal communication and communication skills.

Getting Culture Regan A. R. Gurung, Loreto R. Prieto, 2023-07-03 How do we educate our students about cultural diversity and cultural differences and eliminate cultural ignorance, stereotyping, and prejudice? What are the conceptual issues involved in reaching this goal? How can we integrate these perspectives in disciplinary and diversity courses and the curriculum? This book is a resource for answering these questions. Within the framework of current scholarship and discussion of essential concepts, it offers practical techniques and empirically proven

best practices for teaching about diversity The book opens with a conceptual framework covering such issues as distinguishing teaching to a diverse audience from teaching about diversity and contrasting the incorporation of culture across the curriculum with tokenistic approaches Subsequent chapters identify classroom practices that can optimize students learning especially those from culturally diverse backgrounds describe feminist principles of education that promote learning for all students and address principles of effective on line instruction for diverse populations The book is intended for faculty integrating diversity into existing courses and for anyone creating courses on diversity The ideas and suggestions in the text can be incorporated into any class that includes a discussion of diversity issues or has a diverse student enrollment The contributors offer pragmatic and tested ways of overcoming student misconceptions and resistance and for managing emotional responses that can be aroused by the discussion of diversity The editors aim to stimulate readers thinking and inspire fresh ideas The book further provides teachers of diversity with a range of effective exercises and attends to such issues as teacher stress and burnout This book can also serve to inform and guide department chairs and other administrators in the design and implementation of diversity initiatives

The Happy Mind: Cognitive Contributions to Well-Being Michael D. Robinson, Michael Eid, 2017-06-28 This edited volume focuses on different views of happiness and well being considering constructs like meaning and spirituality in addition to the more standard constructs of positive emotion and life satisfaction A premise of the volume is that being happy consists of more than having the right things happen to us it also depends on how we interpret those events as well as what we are trying to achieve Such considerations suggest that cognitive emotional factors should play a fairly pronounced role in how happy we are The present volume pursues these themes in the context of 25 chapters organized into 5 sections The first section centers on cognitive variables such as attention and executive function in addition to mindfulness The second section considers important sources of positive cognition such as savoring and optimism and the third section focuses on self regulatory contributions to well being Finally social processes are covered in a fourth section and meaning related processes are covered in the fifth What results is a rich and diverse volume centering on the ways in which our minds can help or hinder our aspirations for happiness

Envy at Work and in Organizations Richard H. Smith, Ugo Merlone, Michelle Duffy, 2017 Competition for resources recognition and favorable outcomes are all facts of life in professional settings When one falls short in comparison to colleagues or subordinates feelings of envy may arise Fueled by inferiority hostility and resentment envy is both ubiquitous and painful Will employees level up with their envied counterpart through self improvement behaviors Or will they level down through sabotage and undermine their peers and subordinates in the process *Envy at Work and in Organizations* aims to determine the direction workplace envy takes Contributors are drawn from many countries and from an extraordinary range of disciplines to share their insight experimental social psychologists offer insights from lab studies psychoanalytical scholars emphasize unconscious processes organizational psychologists describe groundbreaking research from disparate

work settings and cross cultural psychologists reveal the variety of ways that envy can emerge as a function of cultures as wide ranging as the Japanese school system to the fascinating structure of the Israeli kibbutzim Work and insight from behavioral economists and organizational consultants is also included Envy at Work and in Organizations is a valuable distinctive resource for both scholars and practitioners looking to grasp the nature of envy Edited by Richard H Smith Ugo Merlone and Michelle K Duffy this volume will help readers understand the factors that help individuals and organizations overcome envy and transform it into something positive to promote workplace well being

Handbook of Classroom Management Edmund Emmer, Edward J. Sabornie, 2014-09-04 The field of classroom management is not a neatly organized line of inquiry but rather consists of many disparate topics and orientations that draw from multiple disciplines Given the complex nature of the field this comprehensive second edition of the Handbook of Classroom Management is an invaluable resource for those interested in understanding it This volume provides up to date summaries of research on the essential topics from the first edition as well as fresh perspectives and chapters on new topics It is the perfect tool for both graduate students and practitioners interested in a field that is fascinating but not immediately accessible without the proper guidance

Organizational Ethics and Stakeholder Well-Being in the Business Environment Sean Valentine, 2014-04-01

Organizational ethics involves the institutionalized principles guidelines and norms that influence how a company and its employees function in an ethical manner Ultimately these processes collectively influence a firm's 1 overall sense of business ethics 2 management of employees and 3 interactions with partners outside of the immediate work environment Researcher and practitioners are interested in organizational ethics because the different approaches used to develop such a context generate many other positive business outcomes While the connection between organizational ethics and employee stakeholder well being has been explored moving forward with a number of new investigations should push the literature forward This book seeks to explore these important topics and present a more comprehensive overview of organizational ethics and stakeholder well being in the business environment Such inquiry is important because the linkages between business ethics and stakeholders if well managed have the capacity to benefit both companies and employees In addition the content of this book should serve to guide future investigations within this area of business ethics

Innovative Stigma and Discrimination Reduction Programs Across the World Alicia Nordstrom, Wind Goodfriend, 2021-10-28 Offering practical stigma and discrimination reduction programs in a range of domains including mental health disability ethnicity and sexuality this book is the answer to What can we do to improve interpersonal relationships by reducing societal stigma towards social groups that are prime targets of prejudice In this volume researchers from four continents share empirically supported stigma reduction programs that capitalize on creativity and psychological science The programs capture a range of populations including high school and college students healthcare providers war survivors sexual assault survivors business professionals and community members With a focus on controversial topics in society today including racism sexism

ageism ableism and classism as well as stigma of mental health and body image innovative and unexpected methods of interventions are brought to life in the collected chapters from world leading experts The applications of theater game playing text messaging and social media as well as new formulations of educational workshops and communication strategies shed new perspectives on how all of us can use accessible tools to make positive and productive changes on societal attitudes This is an essential reading for professionals academics and students of psychology business HR mental health counseling and social work especially those interested in stigma reduction

The Handbook of Mental Health Communication Marco C. Yzer, Jason T. Siegel, 2025-03-31 The first book of its kind to offer a transdisciplinary exploration of mass communication approaches to mental health In the Handbook of Mental Health Communication a panel of leading scholars from multiple disciplines presents a comprehensive overview of theory and research at the intersection of mass communication and mental health With timely and authoritative coverage of the impact of message based mental health promotion this unique volume places mental health communication in the context of socio cultural causes of mental illness synthesizing public health psychopathology and mass communication scholarship into a single volume Throughout the Handbook nearly one hundred contributing authors emphasize that understanding communication effects on mental health outcomes begins with recognizing how people across the spectrum of mental illness process relevant information about their own mental health Fully integrated chapters collectively translate biased information attention interpretation and memory in mental health illness to real world implications of mental illness symptomatology and across the spectrum of mental health issues and disorders Providing a clear evidence based picture of what mental health promotion should look like The Handbook of Mental Health Communication is an invaluable resource for advanced undergraduate and graduate students scholars researchers lecturers and all health communication practitioners

Social Motivation Justice And The Moral Emotions An Attributional Approach Introduction

In the digital age, access to information has become easier than ever before. The ability to download Social Motivation Justice And The Moral Emotions An Attributional Approach has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Motivation Justice And The Moral Emotions An Attributional Approach has opened up a world of possibilities. Downloading Social Motivation Justice And The Moral Emotions An Attributional Approach provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Motivation Justice And The Moral Emotions An Attributional Approach has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Motivation Justice And The Moral Emotions An Attributional Approach. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Motivation Justice And The Moral Emotions An Attributional Approach. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When

downloading Social Motivation Justice And The Moral Emotions An Attributional Approach, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Motivation Justice And The Moral Emotions An Attributional Approach has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Social Motivation Justice And The Moral Emotions An Attributional Approach Books
