

REFLECTIVE ESSAY

Public speaking has always been a daunting task for me. As an introverted person, I tend to shy away from large crowds and prefer to keep to myself. However, in my professional life, I have had to face my fear of public speaking and learn to communicate effectively with others. In this reflective essay, I will discuss my experience with public speaking, the challenges I faced, and the lessons I learned.

My first experience with public speaking was in college when I was asked to give a presentation in front of my class. I remember feeling nervous and anxious, worrying about forgetting my lines and making a fool of myself. However, as I practiced my presentation and received feedback from my classmates, I began to feel more confident in my ability to communicate effectively. This experience taught me the importance of preparation and practice in public speaking, and I realized that the more I practiced, the more comfortable I became.

As I entered the workforce, I was required to give presentations to colleagues, clients, and stakeholders. This was a challenging experience for me as I had to speak in front of people who held different levels of expertise and had different expectations. I found it difficult to strike a balance between presenting technical information and keeping my audience engaged.

However, I learned that the key to effective communication is to know your audience and tailor your message to their needs. By doing so, I was able to gain their trust and establish myself as a credible source of information.

Another challenge I faced was managing my nerves and anxiety during public speaking. I found that deep breathing exercises and visualization techniques helped me to calm my nerves and focus on the task at hand. I also learned to embrace my nervous energy and channel it into positive energy, which helped me to connect with my audience and convey my message with confidence.

In conclusion, my experience with public speaking has been a journey of self-discovery and growth. Through trial and error, I have learned that effective communication is a skill that can be honed through practice and preparation. I have also learned the importance of knowing your audience, managing nerves and anxiety, and embracing your unique style of communication. While public speaking may still be a challenge for me, I now feel more equipped to handle it and look forward to the opportunities it presents for personal and professional growth.

Social Reflections On Writing:

Reflective Writing for Nursing, Health and Social Work Elizabeth Tanguay, Peter Hanratty, Ben Martin, 2025-07-10

This book takes students step by step through the process of planning and writing a reflective essay beginning with crucial guidance on planning and structure. It introduces different reflective frameworks and shows readers how to structure a piece of writing according to a particular framework. Chapters contain a wealth of activities and exercises which will help build students' skills and confidence. The new edition will feature guidance on working with AI tools as part of the reflective writing process and will help students understand the benefits, the risks and how to maintain academic integrity. The book will also feature a new introductory section about getting into the reflective mindset. Suitable for students of all health-related disciplines, this book will give readers the key tools they need to take their writing to the next level. Social Reflections on Writing

Sandy Paul Baardman, Stanley B. Straw, Laura Elizabeth Atkinson, 1994 *Writing for Social Work* Lucy

Rai, 2021-02-03 Writing is an important skill not just for a social work degree but also as an integral part of practice. Social workers need to be able to write effectively in a range of formats for different contexts. Equipping students with guidance on both academic and assessed writing and writing in social work practice, this book will use case studies and examples to develop their ability to plan and respond to the challenges of new and familiar writing tasks. **Effective writing for social work**

Rai, Lucy, 2014-09-17 Based on original research, this book offers students an insight into the nature and challenges of writing in social work practice, enabling them to improve their writing skills. It explores the ways in which both students and qualified social workers can be more effective in their writing through an awareness of the purpose, context and audience. It makes explicit the connections and differences between learning to write in university and communicating through writing in practice and explores the impact that new technologies have on academic and professional writing. Drawing on both research and examples from practice, *Effective writing for social work* is a valuable tool for students, educators, practitioners and managers to critically examine ways in which writing could better support best practice in social work. Writing Skills for Social Work Students

Bella Ross, 2021-03-03 This book will equip social work students with the knowledge, skills and confidence to produce first-rate written assignments. Part one focuses on the foundational skills needed to produce excellent written work. Students are taken through the core stages of working on an assignment: from planning the task and reading and note making through to finding and evaluating sources, drafting a text and editing and proofreading. Part two hones in on the key types of assignment students will encounter on their degree. It contains dedicated chapters on writing an essay, a reflective text, a case study analysis, a literature review, a placement report and case notes on placement. Each chapter contains examples and activities which will help students to test their knowledge and understanding. This is an essential companion for all social work students. **Reflective Practice For Social Workers: A Handbook For Developing Professional Confidence**

Bruce, Linda, 2013-04-01 This book demystifies the reflective process and provides a straight
