Social Security In Global Perspective:

Social Security in Global Perspective John E. Dixon, 1999-07-30 Describes and evaluates the social security systems in 172 countries

How social security works Paul Spicker, 2011-01-19 How social security works is an introduction to the much misunderstood system of benefits in Britain The book is an accessible broadly based and sometimes controversial text which can help readers to make sense of the system in practice It explains the guiding principles outlines the social context considers the development and political dimensions of benefits and reviews how the system operates now There are detailed discussions of the types of benefit and the contingencies covered by the benefits system Paul Spicker examines whether the system offers value for money how it could be simplified and how it can be improved The book will be useful to students on undergraduate and professional courses but beyond that it will appeal to policy makers practitioners and a broader general readership

Global Perspectives of Occupational Social Work Paul Maiden, 2013-04-03 Explore the history and practice of social work around the world This fascinating book presents a broad international survey of the development and current practices of occupational social work Covering seven countries around the world Global Perspectives of Occupational Social Work offers a unique cross cultural perspective on issues of interest to social workers everywhere From India to Ireland issues of training sexual harassment and workplace health and safety are remarkably similar and intriguingly varied Global Perspectives of Occupational Social Work describes the evolution of social work in factories and later in offices When industrialization brought women into factories owners hired nurses or governesses to guard chaperone and advise the young women in their employ Since then occupational social work has sought to keep a balance between the interests of management and workers In addition to discussing history and professional development Global Perspectives of Occupational Social Work reveals the way professionals like you handle the same situations you face every day including the shift toward privatization corporate restructuring and downsizing developing alcohol and substance abuse interventions creating employee assistance programs racism and sexism in the workplace HIV AIDS and other health problems workplace violence Covering Australia India Germany Ireland South Africa Israel and the US Global Perspectives of Occupational Social Work is a major contribution to the professional literature Not only will this book increase international awareness it may supply you with unique perspectives and fresh strategies for solving the problems your colleagues in Jerusalem and Pretoria also face

Contractualisation of Family Law - Global Perspectives Frederik Swennen, 2015-07-06 This volume presents global and comparative perspectives on the perpetual pendular movement of family law between status and contract It contributes to the topical academic debate on family law exceptionalism by exploring the blurred lines between public law private law and family law and sheds light on the many shades of grey that exist The contributions focus on both substantive and procedural family law on parents and children and on life partners with particular attention for contractual arrangements of family formations and of conflict resolution The hypothesis underlying all contributions was the trend towards

contractualisation of family law A convergent research outcome resulting from the comparison of national reports was the ambivalent position of family law in legal systems worldwide That comparison shows that whereas family law is clearly moving towards contract with regard to old family formations the contrary is true for new family formations The movement towards contract is rarely considered to be contractualisation pur sang with civil effect The movement towards status finally does not necessarily witness family law exceptionalism vis vis private law in view of the increasing State interventionism in private law relations in general In sum as the volume shows the high permeability of the demarcations between the State the family and the market impedes a categorial approach This volume is based on the general and selected national reports on the topic Contractualisation of Family Law that were presented at the XIXth International Congress of Comparative Law in Vienna in July 2014 *Social Problems in Global Perspective* Ronald M. Glassman, William H. Swatos, Jr., Barbara J. Denison, 2004-11 The global high tech economy has generated a technological and scientific productive miracle But along with the miracle has come problems This important book provides a detailed account of some of these problems *The Informal Economy in Global Perspective* Abel Polese, Colin C. Williams, Ioana A. Horodnic, Predrag Bejakovic, 2017-04-18 This book critically engages with how formal and informal mechanisms of governance are used across the world Specifically it analyzes how the governance mechanisms of formal institutions are questioned challenged and renegotiated through informal institutions Whilst there is an emerging body of scholarship focusing on informal practices this is scattered across a number of disciplines This edited collection by contrast fosters a dialogue on these issues moving away from monodisciplinary and normative methodologies that view informal institutions and practices simply as temporary economic phenomena In doing so the authors provide a wider understanding of how governance is composed of both the formal and the informal which complement each other but are also constantly in competition This novel approach will appeal to social scientists economists policy makers practitioners and anyone else willing to widen their understanding of how governance works *American Political Economy in Global Perspective* Harold L. Wilensky, 2012-02-29 This book is a guide to claims about the proper role of government and markets in a global economy Moving between systematic comparison of 19 rich democracies and debate about what the United States can do to restore a more civilized egalitarian and fair society Harold L. Wilensky tells us how six of these countries got on a low road to economic progress and which components of their labor crunch strategy are uniquely American He provides an overview of the impact of major dimensions of globalization only one of which the interaction of the internationalization of finance and the rapid increase in the autonomy of central banks undermines either national sovereignty or job security labor standards and the welfare state Although Wilensky views American policy and politics through the lens of globalization he concludes that the nation state remains the center of personal identity social solidarity and political action He concentrates on what national differences mean for the well being of nations and their people Drawing on lessons from abroad and from America s own past successes Wilensky shows how we

can reverse our three decade decline He argues that in order to get off the low road we must overcome the myths of moderation the rise of the independent voter and a rightward shift of the electorate He specifies a feasible domestic agenda that matches majority sentiments in all rich democracies Re-Examining EU Policies from a Global Perspective Monica

Raileanu-Szeles,2013-11-21 New perspectives and analyses of key European policies through their past successes and failures present challenges such as the global financial crisis and future developments This book captures a critical turning point in the functioning of European policies and highlights the necessity of quick adjustments for critical new global developments *The Routledge Handbook of Global Perspectives on Homelessness, Law & Policy* Chris Bevan,2024-06-06

This handbook provides a comprehensive global survey and assessment of the law and policy relating to homelessness prevention Homelessness is regarded internationally as one of the most pressing issues facing humanity and one of the greatest social challenges of our times This has been further amplified as a result of the Covid 19 pandemic Across the globe there is an enormous divergence in both experiences of and responses to homelessness from governments and state actors This handbook examines how different jurisdictions from across all five continents of the world have encountered framed and responded to homelessness Written by expert scholars and leaders in their field the book engages in a multidisciplinary and comparative analysis of homelessness as an issue of acute social concern Understandings of homelessness are geographically culturally and historically situated making analysis of each jurisdiction s approach by a national expert deeply insightful The collection examines legal and extra legal policy interventions targeted at reducing or preventing homelessness from across the globe Drawing on diverse perspectives differing cultures and welfare regimes it thus constitutes a timely evaluation of current approaches to homelessness internationally This book will appeal to students and scholars of homelessness sociology social policy anthropology and urban sociology as well as international and national policymakers **International**

Cooperation in Social Security Ive Marx,Bea Cantillon,2005 Some commentators have predicted that the developed welfare states may have to cut back on social protection in the face of international economic competition Concerns have also been expressed about social dumping and a race to the bottom This book addresses the following issues What does theory tell us about such claims Is there empirical evidence pointing to any form of social dumping Are welfare states converging What kind of international cooperation if any is necessary to safeguard developed welfare states while at the same time enhancing social protection in the less developed ones What can be learned from existing models of cooperation within federal states within the European Union and between other international organisations **Global Perspectives on Social**
