Society, Spirituality and the Sacred Margaret Poloma, Don Swenson, 1997 Society, Spirituality, and the Sacred Donald Swenson, 2009-01-01 This work makes a much needed contribution to teaching and learning about the various forms of religious belief and action in our world Kevin J Christiano University of Notre Dame Society, Spirituality, and the Sacred Donald S. Swenson, 1999 This work makes a much needed contribution to teaching and learning about the various forms of religious belief and action in our world Kevin J Christiano University of Notre Dame The Lotus and the Lion J. Jeffrey Franklin, 2011-03-15 Buddhism is indisputably gaining prominence in the West as is evidenced by the growth of Buddhist practice within many traditions and keen interest in meditation and mindfulness In The Lotus and the Lion J Jeffrey Franklin traces the historical and cultural origins of Western Buddhism showing that the British Empire was a primary engine for curiosity about and then engagement with the Buddhisms that the British encountered in India and elsewhere in Asia As a result Victorian and Edwardian England witnessed the emergence of comparative religious scholarship with a focus on Buddhism the appearance of Buddhist characters and concepts in literary works the publication of hundreds of articles on Buddhism in popular and intellectual periodicals and the dawning of syncretic religions that incorporated elements derived from Buddhism In this fascinating book Franklin analyzes responses to and constructions of Buddhism by popular novelists and poets early scholars of religion inventors of new religions social theorists and philosophers and a host of social and religious commentators Examining the work of figures ranging from Rudyard Kipling and D H Lawrence to H P Blavatsky Thomas Henry Huxley and F Max M ller Franklin provides insight into cultural upheavals that continue to reverberate into our own time Those include the violent intermixing of cultures brought about by imperialism and colonial occupation the trauma and self reflection that occur when a Christian culture comes face to face with another religion and the debate between spiritualism and materialism The Lotus and the Lion demonstrates that the nineteenth century encounter with Buddhism subtly but profoundly changed Western civilization forever Religion and Family Links Donald Swenson, 2008-01-01 For many the experience of religion and the family are organically connected first exposure to religion often comes through the family and in families that practice a religion it often has a shaping effect on their traditions roles practices or structure. The author of this text captures the important relationship between religion and the family with a review of relevant literature on the subject synthesizing it within a theoretical framework The work begins with an introduction to the neofunctionalist theoretical framework of the family This framework is connected to a multidimensional understanding of religion With a focus on systems and a holistic interpretation of religion the author uses a systems approach to construct a synthesis of the salient literature on the link between religion and the family Four systems that are embedded in the Neofunctionalist theoretical framework are presented the chronosystem including time and history the organic system that which is part of our biology the personality system with an accent on the individual in social context the social system

everything to do with relationships and social organizations and the cultural system including mythology and ethos The concepts from religion that create a unity include the idea of the sacred religious experience ritual ethos and sacred organizations Another feature of the text is that it is not restricted to the modern era Much of the research is historical in nature that assists the reader in understanding links of the two social phenomena in the light of the past Further whenever appropriate literature will be drawn from folk religion Christianity Judaism and Islam The Changing World Religion Map Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind s eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media Social Cognition, Social Identity, and Intergroup Relations Roderick M. Kramer, Geoffrey J. Leonardelli, Robert W. Livingston, 2011-07-04 This volume to honor Marilynn Brewer contains original theory and research from leading social psychologists who study social identity theory intergroup relations cooperation and conflict and the psychology of the self It will be of interest to social psychologists industrial organizational psychologists clinical psychologists and sociologists Alleluia Don Swenson, 2018-09-15 The Alleluia Community is a unique Christian community of over three hundred committed charismatic Christians in Augusta Georgia who live a covenant and ecumenical lifestyle Emerging from the Charismatic Renewal Movement of the 1960s members of Alleluia have maintained a lively charismatic dimension of the Christian tradition with a willingness to make a life time covenant commitment to each other Since 1973 this group of people has exhibited heroic virtue self sacrifice humility deference for

one another and service to others outside their boundaries They claim to be guided by the Holy Spirit in their daily lives. Their leaders lead with a strong sense of service and Christian love and a willingness to lay down their own agendas A major feature of these covenant makers is that they strive for daily Christian unity while being committed to one of the twelve plus various denominations and fellowships Swenson had the opportunity of living among these people for twenty months During this time he used a mixed method approach involving over one hundred interviews and three hundred instruments to create both qualitative and quantitative measures of the lives of these people To structure their story he used the dilemmas of the institutionalization of religion from the scholarship of Thomas O Dea and secularization theory. The data gathered give abundant evidence that these Alleluia faithful have substantively resisted the secular influence so common in Western culture.

Lubavitcher Messianism Simon Dein, 2011-01-20 In 1994 the Lubavitcher Rebbe Menachem Schneerson died leaving no successor For many years his followers had maintained that he was Moshiach the Jewish Messiah and would usher in the Redemption After his death Lubavitch divided into two opposing groups While some messianists hold that the Rebbe died but is to be resurrected as the messiah others hold that he is still alive but concealed The anti messianists maintain that the Rebbe could have been Moshiach if God had willed it but they disagree vehemently that as such he could come back from the dead Using ethnographic data obtained by the author through twenty years of fieldwork this book presents a social psychological account of Lubavitcher Messianism and moves beyond the typical scholarly preoccupation with belief and dissonance to examine the role of rhetoric religious experience and ritual in maintaining counterintuitive convictions Through examining the parallels between early Christianity and messianism in Lubavitch this book provides a comprehensive perspective for examining messianism generally Communication Habits for the Pilgrim Church Warren Anthony Kappeler, 2009 Communication has become an important theme and heuristic concept in practical theology for Roman Catholics during the ecumenical age Communication Habits for the Pilgrim Church explains why the moral order is given priority in Vatican teaching about communication and the reasons for Catholic social teaching to make moral judgments about these new realities Attention is given in the book to the historical context of Vatican Councils I and II The first chapter shows that behind the pilgrim Church lies an emerging vision of the threefold ecclesial offices of priest prophet and king Chapter two examines the text and context of the Second Vatican Council's pastoral decree Inter Mirifica Chapter three provides a documented history of the Vatican's Pontifical Council for Social Communication and its teachings In chapter four we return to the threefold office and examine the contribution of Pope John Paul II It includes an analysis of how the politics of the Magisterium shapes Catholic social teaching Chapter five develops major tenets of a critical analysis of the communication of the post Vatican II Church attention is given to the discursive aspects of religious authority argumentation bureaucratization and market culture Chapter six takes a step toward examining the pragmatics of contemporary Vatican teaching For Roman Catholic moral theology religious ethics is now deeply concerned with providing moral teaching and

guidance on ethical questions raised by the social conditions of globalization and media communication Communication Habits for the Pilgrim Church concludes that there are three basic sociological and theological aspects of the pilgrim Church These include a ritual approach to religious communication the generational experience of Catholics and their respective attitudes toward Church teaching and the important link in the faith s praxis between reflexivity and forming habits of communication Introducing Religion Robert S. Ellwood, Patrick Horn, 2024-08-22 Introducing Religion examines the different ways of looking at religion in the twenty first century Providing a broad overview to the discipline of religious studies this new edition continues to introduce students to engaging and contemporary topics such as sociology of religion psychology of religion history of religion and art religious ethics popular religion religion and violence Thoroughly updated throughout this sixth edition includes new coverage of current debates and hot topics in the field such as concerns about essentialism in religion the importance of categorization and the role of psychology in religious experience This textbook is fundamental reading for students approaching this subject area for the first time Spiritual Ecology Leslie E. Sponsel, 2012-07-19 A prominent scientist and scholar documents and explains the thoughts actions and legacies of spiritual ecology's pioneers from ancient times to the present demonstrating how the movement may offer the last chance to restore a healthy relationship between humankind and nature An internet search for Spiritual Ecology and related terms like Religion and Nature and Religion and Ecology reveals tens of millions of websites Spiritual Ecology A Quiet Revolution offers an intellectual history of this far reaching movement Arranged chronologically it samples major developments in the thoughts and actions of both historic and contemporary pioneers ranging from the Buddha and St Francis of Assisi to Wangari Maathai s Green Belt Movement and James Cameron s 2010 epic film Avatar This foundational book is unique in that it provides a historical cross cultural context for understanding and advancing the ongoing spiritual ecology revolution considering indigenous and Asian religious traditions as well as Western ones Most chapters focus on a single pioneer illuminating historical context and his her legacy while also connecting that legacy to broader concerns Coverage includes topics as diverse as Henry David Thoreau and the Green Patriarch Bartholomew's decades long promotion of environmentalism as a sacred duty for more than 250 million members of the Orthodox Church worldwide For more information visit www spiritualecology info <u>Understanding Religious Ritual</u> John Hoffmann, 2013-03 This book represents contributions from leading scholars from several disciplines that show the diversity of approaches to religious rituals while also providing cross disciplinary perspectives on this topic Sufism in Ottoman Damascus Nikola Pantić, 2023-09-29 Sufism in Ottoman Damascus analyzes thaumaturgical beliefs and practices prevalent among Muslims in eighteenth century Ottoman Syria The study focuses on historical beliefs in baraka which religious authorities often interpreted as Allah s grace and the alleged Sufi ulamaic role in distributing it to Ottoman subjects This book highlights considerable overlaps between Sufis and ulam with state appointments in early modern Province of Damascus arguing for the possibility of sociologically defining a Muslim

priestly sodality a group of religious authorities and wonder workers responsible for Sunni orthodoxy in the Ottoman Empire The Sufi ulam were integral to Ottoman networks of the holy networks of grace that comprised of hallowed individuals places and natural objects Sufism in Ottoman Damascus sheds new light on the appropriate scholarly approach to historical studies of Sufism in the Ottoman Empire revising its position in official early modern versions of Ottoman Sunnism This book further reapproaches early modern Sunni beliefs in wonders and wonder working as well as the relationship between religion thaumaturgy and magic in Ottoman Sunni Islam historical themes comparable to other religions and other parts of the world

Introducing Religion Robert Ellwood, 2016-10-14 Introducing Religion 4 e explores the different ways of looking at religion in the twenty first century A broad overview to religious studies as a discipline introduces students to the various subjects of religion Introducing Religion teaches readers how to think in academic religious studies and its main areas including sociology of religion psychology of religion history of religion religion and art ethics and more The fourth edition has been expanded with new chapters exploring topics of contemporary interest myth spiritual paths religion and popular culture religion in the computer age religion and war Contemporary topics engage today s students relating the topics to the changing world around them Matriculture, Shamanism, and the Authority of Women Linnéa Rowlatt, Angela Sumegi, 2025-07-31 This book is an edited collection of chapters featuring research into the history and contemporary expressions of matricultures in communities that include the Basque of northern Spain and southern France the Mosuo of China the Ahtna of southern Alaska the Pangcah Amis of Taiwan and the Ho chunk and Cherokee of the contiguous United States as well as present day settler American society Based on Geertzian theory matriculture is a term used here to encompass that entire cultural system present within every society pertaining to mothers women and the feminine in other words the various cultural worlds that women inhabit voluntarily or involuntarily Power in this context represents the authority that women wield or are denied in these worlds This book then explores intersections between matriculture and power among a wide range of societies contributors document the waxing and waning of matriculture across diverse realms of the spiritual shamanic and the socio political By examining the powers that be these contributions provide new avenues of analysis and throw light on the forces at work that support or suppress women s authority action and agency They point to the social benefits of a thriving matriculture and to the conditions necessary for all members of a society to flourish

Sourcebook of Family Theory and Research Vern L. Bengtson, Alan C. Acock, Katherine R. Allen, Peggye Dilworth-Anderson, David M. Klein, 2004-11-09 Sponsored by the National Council on Family Relations the Sourcebook of Family Theory and Research is the reference work on theory and methods for family scholars and students around the world This volume provides a diverse eclectic and paradoxically mature approach to theorizing and demonstrates how the development of theory is crucial to the future of family research The Sourcebook reflects an interactive approach that focuses on the process of theory building and designing research thereby engaging readers in doing theory rather than

simply reading about it An accompanying Web site http www ncfr org sourcebook offers additional participation and Religion and Politics in Post-Communist Romania Lavinia interaction in the process of doing theory and making science Stan, Lucian Turcescu, 2007-10-25 In the post communist era it has become evident that the emerging democracies in Eastern Europe will be determined by many factors only some of them political Throughout the region the Orthodox Roman Catholic and Greek Catholic churches have tried to impose their views on democracy through direct political engagement Facing internal challenges and external competitions from other religions old and new the Orthodox Church in Romania has sought to consolidate its position and ensure Romania's version of democracy recognizes its privileged position of national Church Stan and Turcescu examine the complex relationship between church and state in this new Romania providing analysis in key areas church collaboration with communist authorities post communist electoral politics nationalism and ethno politics restitution of Greek Catholic property religious education and sexual behavior and reproduction **IUDAISM AND CHRISTIANITY** Donald Swenson, 2024-10-30 This is a second edition of the book The reason for that is that important new information has emerged on the early church with the addition of Tertullian and renewal movements within Christianity and Judaism Healing of the relations between the two traditions is so very vital for the healing of the nations on earth An integral part of the story is a sociological analysis of the Holocaust and the emergence of Messianic Judaism This text has more than an academic purpose but also a pastoral one It is hoped that this work will assist Christian leaders about the roots of the Christian faith in Judaism Much of the combined history of both traditions has been division and con ict The book s completion with what has been happening in regard to the healing of the many wounds that Christians have in icted on the Jewish people The time is now with the rise of antisemitism that Christians reach out to our elder brother in faith

The Shamaness in Asia Davide Torri, Sophie Roche, 2020-10-08 This book concentrates on female shamanisms in Asia and their relationship with the state and other religions offering a perspective on gender and shamanism that has often been neglected in previous accounts An international range of contributors cover a broad geographical scope ranging from Siberia to South Asia and Iran to Japan Several key themes are considered including the role of bureaucratic established religions in integrating challenging and fighting shamanic practices the position of women within shamanic complexes and perceptions of the body Beginning with a chapter that places the shamaness at the centre of the discussion chapters then approach these issues in a variety of ways from historically informed accounts to presenting the findings of extensive ethnographic research by the authors themselves Offering an important counterbalance to male dominated accounts of shamanism this book will be of great interest to scholars of Indigenous Peoples across Religious Studies Anthropology Asian Studies and Gender Studies
