Society In China

Yong Gao, Ying Wu

Society In China:

Society in China Sir Robert Kennaway Douglas, 1901 **Civil Society in China** Timothy Brook, B. Michael Frolic, 2015-03-04 The concept of civil society was borrowed from 18th century Europe to provide a framework for understanding the transition to post authoritarian regimes in Latin America and post communist regimes elsewhere This book asks whether this concept is useful for analyzing China Civil Society in China Runya Qiaoan, 2021-09-30 Chinese civil society groups have achieved iconic policy advocacy successes in the areas of environmental protection women's rights poverty alleviation and public health This book examines why some groups are successful in policy advocacy within the authoritarian context while others fail A mechanism of cultural resonance is introduced as an innovative theoretical framework to systematically compare interactions between Chinese civil society and the government in different movements It is argued that civil society advocacy results depend largely on whether advocates can achieve cultural resonance with policymakers and the mainstream public through their social performances The effective performance is the one in which advocates employ symbols embraced by the audience policymakers and the public in their actions and framings While many studies have tried to explain the phenomena of successful policy advocacy in China through institutional or organizational factors this book not only contains extensive empirical data based on field research but takes a cultural sociological turn to identify the meaning making process behind advocacy actions Civil Society in China will appeal to students and scholars of sociology political science social work and Chinese and Asian studies more broadly The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license The State and Society of China Yong Gao, Ying Wu, 2017-10-27 This book places the topic of the state and society in the context of modern development in China over the past century investigating the dynamic relation and internal tension between the state's power enhancement and society's vitality activation instead of simply regarding the country and society as two separate entities Building a modern country and activating the people's vitality involves three closely linked and mutually supporting aspects establishing the identity recognition of the people to unite the nation adjusting the organizational system of the society to promote mobilization and institute a social incentive system and determining dominant strategies and means for the interaction between the country and society to address social governance issues This book carefully sheds light on the logic behind China's roundabout strategy for building a modern country and motivating the vitality of its people Understanding Chinese Society Xiaowei Zang, 2012-03-12 As China gains power economically politically and militarily and interaction between the Chinese and people outside China increases it becomes more and more important that we understand the social factors that influence the daily lives of China's population This new introductory textbook is suitable for all students taking a course on Chinese society It presents both historical and contemporary contexts and the latest available research findings With chapters covering many key aspects of life in China

including religion social policy and welfare the history and impact of the Chinese Communist Party familial relationships ethnicity gender the media and the education system this textbook gives the reader a user friendly and comprehensive introduction to the most important issues affecting Chinese society today It also includes handy pedagogical features such as a chronology of the People s Republic of China further reading suggestions and related novels films and autobiographies Armed with such a book readers will not only gain a deeper understanding of Chinese society but a rewarding appreciation for the people cultures and social organizations of the world s most populous country Written by a team of contributors from the UK China Australia Singapore and Hong Kong Understanding Chinese Society is suitable for anyone studying Chinese Society Chinese Studies and Asian sociology State and Society in China's Political Economy Zhiyu Shi,1995 As China s reforms take root citizens are allowed even encouraged to be socialist and profit driven at the same time This book examines this precarious dyad demonstrating what reform has done to China s political and economic mechanisms and how this dyad dominates the thinking of reformers **Society in China** Robert Kennaway Douglas,1894 *China's New Order* Hui Wang,2003 Analysing the transformations that China has undertaken since 1989 Wang Hui argues that it features elements of the new global order as a whole in which considerations of economic growth and development have trumped every other concern particularly democracy and social justice **Civil Society in China** Timothy Brook,B. Michael Frolic,2015-03-04 The concept of civil society was borrowed from 18th century Europe to provide a framework for understanding the transition to post authoritarian regimes in Latin America and post communist regimes elsewhere This book asks whether this concept is useful for analyzing China **Civil Society in China** Karla W. Simon,2013-04-26 This is the definitive book on the legal and fiscal framework for civil society organizations CSOs in China from earliest times to the present day Civil Society in China traces the ways in which laws and regulations have shaped civil society over the 5 000 years of China s history and looks at ways in which social and economic history have affected the legal changes that have occurred over the millennia Chinese Society Elizabeth J. Perry,Mark Selden,2010-04-05 This bestselling introduction to Chinese society uses the themes of resistance and protest to explore the complexity of life in contemporary China An interdisciplinary and international team of China scholars draw on perspectives from sociology anthropology psychology history and political science and covers a broad range of issues Topics covered include labour and environmental disputes rural and ethnic conflict migration legal challenges intellectual and religious dissidence opposition to family planning The newly revised third edition adds two new chapters on gender and the family and the reform of the Hukou system thus providing a comprehensive text for both undergraduates and specialists in the field encouraging the reader to challenge conventional images of contemporary Chinese society *Global Civil Society and China* Anthony J. Spires,2024-04-18 This Element traces the history of and recent developments in the unstable relationship between global civil society GCS and China It analyses the normative impacts GCS has had on China including the Chinese state and domestic civil society and the possibilities created by Beijing s new going out policies for

Chinese civil society groups It examines the rhetoric and reality of GCS as an emancipatory project and argues that universal values underpinned by principles of human rights and democracy have gained currency in China despite official resistance from the government It argues that while the Chinese party state is keen to benefit from GCS engagement Beijing is also determined to minimize any impact outside groups might have on regime security The Element concludes with some observations about future research directions and the internationalization of Chinese civil society

Twenty Years of China's Ageing Society: Achievements, Challenges, and Prospects Peng Du, *Contemporary China* Tamara Jacka, Andrew B. Kipnis, Sally Sargeson, 2013-07-22 Introduces readers to key sociological perspectives about modern Chinese society and social change *Society Building - A China Model of Social Development -English Version - Hardcover* Xiangqun Chang, 2015-11-02 In China's future social development there is likely to be an interest in society building with interactions between top down and bottom up approaches along with a deepened level of social reform and the construction of a harmonious or symbiotic society This represents one of China's social development models and is reflected in the Communist Party of China CPC and state policy The term society building was proposed by Chinese thinkers nearly a century ago and was used by Chinese sociologists to study Chinese society since the 1930s In the 21st century society building has been used as an interdisciplinary concept by Chinese social scientists The main concern of China for its future social development is to enhance its people's wellbeing and encourage them to build Chinese society in innovative and creative ways This volume showcases the latest research of non Chinese scholars relating to this indigenous concept and to China's social development in a global context It tackles the following topics the assessment of the social impact of infrastructure projects China's reforms and its changing political system whether or not the Singapore model is suitable for China to follow soft power through education and boundaries cosmopolitanisms and spaces in Chinese and international cities The book will be of interest to academics professionals practitioners university students and the general public seeking a comprehensive understanding of China

Society Building A China Model of Social Development is the second volume in the *Understanding China and the World* series edited by the late Chinese sociologist ZHENG Hangsheng 1936 2014 and British Chinese scholar Xiangqun Chang Both the title of the volume and book series deliberately reflect a new perspective on China putting China in the context of globalization and inspiring comparative studies that enable non Chinese to understand China and the world

About the book series and background This book was first published in 2014 by Cambridge Scholars Publishing CSP Five new pieces have been added to this new edition and many changes in other 3 pieces It is published by the UK based Global China Press GCP and New World Press NWP GCP is the first publisher specializing in dual language publications that focus on Chinese perspectives of the world and human knowledge and non Chinese perspectives of China in a global context NWP was founded in 1951 and is a member of the China International Publishing Group CIPG It publishes multilingual books on social sciences literature management and other disciplines that serve to introduce China to the world As early as the 1980s NWP

published the China Study series in English covering China's economy politics ethnicity population history sociology and anthropology and including Fei Xiaotong's *Toward a People's Anthropology* 1981 *Chinese Village Close Up* 1982 and *Small Towns in China* 1986 NWP is republishing the China Study series jointly with GCP supplemented by new titles *The Democratic Implications of Civil Society in China* B. He, 2016-07-27 This book discusses the roles of civil society in the initiation stage of democratization in China It argues that there is a semi civil society in China and that this quasi civil society that plays dual roles in the initial stage of democratisation in China It makes a contribution to existing theories on democratic functions of civil society by applying testing revising and developing these theories in the context of Chinese democratization

Civil Society in China and Taiwan Taru Salmenkari, 2017-09-14 The concept of civil society has often been used as a device for differentiating China from other cultures Though sometimes portrayed as a growing phenomenon Chinese civil society is frequently said to be non-existent Definitional deficiencies have therefore led to both a simplification and a narrow appreciation of societal developments in China By examining various forms of activity such as NGOs residential movements and alternative spaces this book however reassesses the idea of Chinese civil society Through questioning current methodological theoretical and structural assumptions it uses an empirical approach to criticize and expand upon existing understandings of civil society as it is applied in the field of Chinese Studies Based upon ethnographic research undertaken among activists in both mainland China and Taiwan it examines issues such as inequality the mobilizing skills needed for civil society activities and the technologies which exist to maintain the boundary between state and society Offering an analysis of Chinese civil society in the context of modernization social and economic liberalization and international civil society promotion this book will be useful to students and scholars of Chinese Studies and Taiwan Studies as well as development studies and civil society studies The Changing Society of China Ch'u Chai, Winberg Chai, 1962 A social political and cultural survey of China from its remote past to the present day From ancient dynasties to communism

China in Search of a Harmonious Society Sujian Guo, Baogang Guo, 2008-08-15 The problems of corruption social injustice public unrest disparity in income and regional development shortage of energy and resources unemployment aging population inadequate social and economic safety network pollution etc are poised to jeopardize political stability and cast a shadow on the moral foundation of economic reform How to cope with these new problems is a daunting task facing the Chinese leadership and people in the twenty first century The new generation of leadership under Hu Jintao has begun to search for solutions and directions Building a harmonious society based on a scientific view of development has become a new catch phrase in political and academic discourse in China and a newly adopted program by the Chinese government It is in this context that this edited volume brings together a group of China scholars to discuss the concept and goal of building a harmonious society This book will be of interest to professors and students of China studies as well as policy makers and researchers **China in Search of a Harmonious Society** Sujian Guo, Baogang Guo, 2008-08-15 The problems of corruption social injustice public

unrest disparity in income and regional development shortage of energy and resources unemployment aging population inadequate social and economic safety network pollution etc are poised to jeopardize political stability and cast a shadow on the moral foundation of economic reform How to cope with these new problems is a daunting task facing the Chinese leadership and people in the twenty first century The new generation of leadership under Hu Jintao has begun to search for solutions and directions Building a harmonious society based on a scientific view of development has become a new catch phrase in political and academic discourse in China and a newly adopted program by the Chinese government It is in this context that this edited volume brings together a group of China scholars to discuss the concept and goal of building a harmonious society This book will be of interest to professors and students of China studies as well as policy makers and researchers

Society In China Introduction

In the digital age, access to information has become easier than ever before. The ability to download Society In China has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Society In China has opened up a world of possibilities. Downloading Society In China provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Society In China has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Society In China. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Society In China. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Society In China, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Society In China has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However,

it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Society In China Books

1. Where can I buy Society In China books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
