relevant theoretical analysis with contemporary and historical empirical evidence to provide a comprehensive yet concise and readable guide to the challenges of MTI. By explaining the innovation process, the book reveals the broad scope of MTI and its importance for company survival, growth, and sustainability. It describes how MTI has to be managed strategically and how this is successfully achieved by formulating and implementing strategy and delivering value. Chapters provide frameworks, tools, and techniques, and case studies on managing innovation, strategy, communities, and networks. R D design and new product and service development, operations, and production, and commercialization. Based on robust analysis, the book provides a wide range of empirical evidence from a huge diversity of case studies, with around fifty case studies newly written for this edition. It analyses MTI in all parts of the world, in companies large and small, and in services, manufacturing, and resource-based business sectors. This new edition has been fully revised and updated to reflect the latest teaching and research, and to ensure its continuing relevance to the contemporary world of MTI. It will be an important resource for academics, students, and managers throughout the world. It is a recommended text for students of innovation and technology management at postgraduate and undergraduate level and is particularly valuable for MBA courses.
