Technology And Gender Fabrics Of Power In Late Imperial China:

Technology and Gender Francesca Bray, 2023-07-28 In this feminist history of eight centuries of private life in China Francesca Bray inserts women into the history of technology and adds technology to the history of women Bray takes issue with the Orientalist image that traditional Chinese women were imprisoned in the inner quarters deprived of freedom and dignity and so physically and morally deformed by footbinding and the tyrannies of patriarchy that they were incapable of productive work She proposes a concept of gynotechnics a set of everyday technologies that define women's roles as a creative new way to explore how societies translate moral and social principles into a web of material forms and bodily practices Bray examines three different aspects of domestic life in China tracing their developments from 1000 to 1800 A D She begins with the shell of domesticity the house focusing on how domestic space embodied hierarchies of gender She follows the shift in the textile industry from domestic production to commercial production Despite increasing emphasis on women's reproductive roles she argues this cannot be reduced to childbearing Female hierarchies within the family reinforced the power of wives whose responsibilities included ritual activities and financial management as well as the education of children In this feminist history of eight centuries of private life in China Francesca Bray inserts women into the history of technology and adds technology to the history of women Bray takes issue with the Orientalist image that traditional Chinese women were

The Economy of Lower Yangzi Delta in Late Imperial China Billy K. L. So, 2012-10-02 Historically the Lower Yangzi Delta or Jiangnan has played a key role in China's economic development Indeed as the prime example of a traditional Chinese market economy the region serves as the core case study when making comparisons between the Chinese and Western economies in the early modern period This book explores aspects of this vibrant market economy in late imperial China and by presenting a reconstructed narrative of economic development in the early modern Jiangnan provides new perspectives on established theories of Chinese economic development Further by examining economic values alongside social structures this book produces a historically comprehensive account of the contemporary Chinese economy which engenders a deeper and broader understanding of China's current economic success With a broad range of empirical case studies which incorporate a range of social science and cultural theories this book will be of great interest to students and scholars of Chinese history as well as Chinese economics and business

Technology and Society in Ming China, 1368-1644 Francesca Bray, 2000 Historians of Chinese technology have tended to pay little attention to the Ming dynasty characterizing it as a stagnant period unmarked by significant inventions of the kind that in Europe gave rise to the industrial revolution and the modern world Yet the Ming was a period of extraordinary social cultural and economic vitality and change and it would be curious if technology had played no part in these changes This pamphlet approaches the material world of the Ming from a more anthropological perspective than has been conventional among

historians of China emphasizing the role of technologies in social order and identity Concubinage and Servitude in Late Imperial China Hsieh Bao Hua, 2014-06-18 In the long course of late imperial Chinese history servants and concubines formed a vast social stratum in the hinterland along the Grand Canal particularly in urban areas Concubinage and Servitude in Late Imperial China is a survey of the institutions and practice of concubinage and servitude in both the general populace and the imperial palace with a focus on the examination of Ming Qing political and socioeconomic history through the lives of this particular group of distinct yet associated individuals The persistent theme of the book is how concubines appointed by patriarchal polygamy and servants laboring under the master servants hierarchy experienced interactions and mobility within each institution and in associating with the other While reviewing how ritual and law treated concubines and servants as patriarchal possessions the author explores the perspectives available for individual concubines and servants and the limitations in their daily circumstances searching for their positional powers and privilege of the inferiors in the context of Chinese culture during the Ming Qing time period For a list of the book's tables and their sources please see <http://www.wou.edu/wp/hsiehb>

Asian Popular Culture in Transition Lorna Fitzsimmons, John A. Lent, 2013 Examines contemporary consumption practices in South Korea China India Japan and Singapore and both updates and extends popular culture studies of the region Through an interdisciplinary lens this collection of essays explores how recent advances and shifts in information technologies and globalization have impacted cultural markets fashion the digital generation mobile culture femininity matrimonial advertising and a film actress image and performance Publisher's description

Staging Personhood Guojun Wang, 2020-04-07 After toppling the Ming dynasty the Qing conquerors forced Han Chinese males to adopt Manchu hairstyle and clothing Yet China's new rulers tolerated the use of traditional Chinese attire in performances making theater one of the only areas of life where Han garments could still be seen and where Manchu rule could be contested Staging Personhood uncovers a hidden history of the Ming Qing transition by exploring what it meant for the clothing of a deposed dynasty to survive onstage Reading dramatic works against Qing sartorial regulations Guojun Wang offers an interdisciplinary lens on the entanglements between Chinese drama and nascent Manchu rule in seventeenth century China He reveals not just how political and ethnic conflicts shaped theatrical costuming but also the ways costuming enabled different modes of identity negotiation during the dynastic transition In case studies of theatrical texts and performances Wang considers clothing and costumes as indices of changing ethnic and gender identities He contends that theatrical costuming provided a productive way to reconnect bodies clothes and identities disrupted by political turmoil Through careful attention to a variety of canonical and lesser known plays visual and performance records and historical documents Staging Personhood provides a pathbreaking perspective on the cultural dynamics of early Qing China

Calligraphy and Power in Contemporary Chinese Society Yuehping Yen, 2004-08-02 This unusual and interesting book is a fascinating account of the world of Chinese writing It examines Chinese space and the political and social use of writing as

propaganda a publicity booster and as a ladder for social climbing *Health and Architecture* Mohammad Gharipour, 2021-05-06

Health and Architecture offers a uniquely global overview of the healthcare facility in the pre modern era engaging in a cross cultural analysis of the architectural response to medical developments and the formation of specialized hospitals as an independent building typology Whether constructed as part of Chinese palaces in the 15th century or the religious complexes in 16th century Ottoman Istanbul the healthcare facility throughout history is a built environment intended to promote healing and caring The essays in this volume address how the relationships between architectural forms associated with healthcare and other buildings in the pre modern era such as bathhouses almshouses schools and places of worship reflect changing attitudes towards healing They explore the impact of medical advances on the design of hospitals across various times and geographies and examine the historic construction processes and the stylistic connections between places of care and other building types and their development in urban context Deploying new methodological interdisciplinary and comparative approaches to the analysis of healthcare facilities *Health and Architecture* demonstrates how the spaces of healthcare themselves offer some of the most powerful and practical articulations of therapy
