Teenage Refugees From Eastern Europe Speak Out:

Teenage Refugees from Eastern Europe Speak Out Carl E. Rollyson, 1999 **Teenage Refugees from Eastern Europe Speak Out** Carl Rollyson, 1997 Teenage refugees from several Eastern European countries tell their stories of immigration and adjustment to the United States **Teenage Refugees from Eastern Europe Speak Out** Globe Fearon, 1998-12-01 *Rebecca West and the God That Failed* Carl Rollyson, 2005-07-13 After completing his biography of Rebecca West in 1995 Carl Rollyson felt bereft As his wife said Rebecca was such good company He had already embarked on another biography but Rebecca kept beckoning him He felt there was more to say about her politics a misunderstood part of her repertoire as reporter and novelist And had he done justice to her enormous sense of fun and humor He regretted excising the portrait of her he wanted to put at the beginning of his biography His editor kept cutting away at what he called Rollyson s doorstep of a book And then after years of waiting Rollyson received her FBI file He kept running into Rebecca so to speak when he was working on his biographies of Martha Gellhorn and Jill Craigie Interviews in London often turned up people who had known West as well Thus piece by piece Rollyson accumulated what is now another book about Rebecca West This new collection tells the story of how his biography got written of what it means to think like a biographer and why West s vision remains relevant She is one of the great personalities and writers of the modern age and one that we are just beginning to comprehend *Amy Lowell Among Her Contemporaries* Carl Rollyson, 2010-01-07 This engaging collection of essays restores Amy Lowells rightful place in the history of American literature Carl Rollyson author of several major literary biographies corrects the distorted and often hostile accounts of Lowell that have appeared in biographies of D H Lawrence Robert Frost Ezra Pound and other writers who collaborated with her in establishing the new poetry as an integral part of post World War I American culture For the first time a well rounded portrait of Lowell emerges to contradict the malicious and inaccurate reports of her public and private life Especially notable is Rollysons discussion of Lowells friendships with women who wrote memoirs about the poet that contradict the sort of prejudice leveled against her by Pound and his circle of writers and critics Rollysons brief but revealing discussions of Lowells poetry and his inclusion of the full texts of key poems makes this volume an authoritative introduction for new readers of one of the 20th centurys important writers And Rollysons meticulous analysis of several literary biographies also makes a contribution to the study of contemporary life writing

Documentary Film Carl Rollyson, 2006-11-28 Documentary Film Contexts and Criticism is designed to complement Rollyson s Documentary Film A Primer The films discussed in this volume include Zelig the Lumiere brothers documentaries Nanook of the North The Man With a Movie Camera Triumph of the Will Olympia The Wonderful Horrible Life of Leni Riefenstahl Why We Fight Fires Were Started and several Jill Craigie films including an extended discussion of Two Hours From London her controversial examination of the Balkan wars and the siege of Dubrovnik What sets this text apart from other studies of documentary is that it includes a wide array of student comments on the films and reviews very much

centered in discussions of the documentary tradition In this same vein Rollyson has included his essay Jill Craigie and the Documentary Tradition exploring her relationship with John Grierson and other prominent documentary filmmakers This dialogic text captures some of the actual give and take of the classroom and the range of opinion that even the best critics cannot convey What should emerge from the reading of these comments are the different voices mindsets through which the films are viewed British Biography Carl Edmund Rollyson,2005 Biography Before Boswell Carl Rollyson,2005-12-06 Biography Before Boswell includes a sampling of those pre Boswellian biographers Plutarch St Bede Giorgio Vasari and John Aubry who highlight the tradition Boswell drew on and yet altered irrevocably Boswell believed that Johnson a literary man could be the subject of moral instruction and therefore worthy of a Plutarchian biography While Boswell certainly revealed Johnson s moral failings Boswell nevertheless saw Johnson as an exemplary figure which suggests that medieval hagiography had its part to play in the Life of Johnson But like Vasari Boswell was keenly focused on the details of professional life How does a man become a Samuel Johnson an artist and oracle The sinner and the saint fuse in Boswellian biography Like John Aubry Boswell saw the vagaries of human experience and his subject s tics as intrinsically interesting It was as important to learn about Johnson s habits of dress as about his habits of mind Aubry s interest in the person of Thomas Hobbes is a clear forerunner of Boswell s own attachment to Johnson In other words the selections in this volume demonstrate that nearly all the elements necessary for a Boswellian biography were available when Boswell began his landmark work Along with Rollyson s British Biography A Reader Biography Before Boswell represent a succinct yet comprehensive history of biography in the western world *Lives of the Novelists* Carl Rollyson,2005-10 Is there a right way to write a literary life In this collection of columns from the New York Sun Carl Rollyson explores the relationship between narrative and literary analysis Should biographies be written in the style and form of novels How to balance the life and the work How much literary criticism can a biography absorb into its narrative Rollyson proposes a number of apologies for biography including the thought that in the right hands the literary biography is a continuation not only of the writer s work and life In such instances there seems to be a symbiosis between biographer and subject In other cases biographies spearhead the rediscovery of important writers He rejects the idea that literary figures are not good subjects for biography because they are not men and women of action That literary biography is a kind of strip mining a pathography laying bare the subject s life to no good purpose is another canard this book demolishes The pieces here also expose the genre s weak points a proclivity for overstatement and excessive length the failure of biographers to build upon their predecessors work Rollyson invents a term biographology in order to discuss the biographical tradition **El-Hi Textbooks & Serials in Print, 2005** ,2005
