Television Series Revivals Lee Goldberg,1993 From Adam 12 to Ultraman the series here were all ended but later returned To be included a show must have been cancelled with no new episodes produced for longer than one full year Each entry shows the original series title the network and the years they were broadcast Also given are an overview of how the characters changed between first run and revival plot synopses and production information on the remake **Stay Tuned** Christopher Sterling,John Michael Kittross,2001-11-01 Since its initial publication in 1978 Stay Tuned has been recognized as the most comprehensive and useful single volume history of American broadcasting and electronic media available This third edition has been thoroughly revised and updated to bring the story of American broadcasting forward to the 21st century affording readers not only the history of the most important and pervasive institution affecting our society but also providing a contextual transition to the Internet and other modern media The enthusiasm of authors Christopher H Sterling and John Michael Kittross is apparent as they lead readers through the development of American electronic mass media from the first electrical communication telegraph and telephone through radio and television to the present convergence of media business entities programming and delivery systems including the Internet Their presentation is engaging as well as informative promoting an interest in history and making the connections between the developments of yesterday and the industry of today Features of this third edition include chronological and topical tables of contents new material reflecting modern research in the field a new chapter describing historical developments from 1988 through to the current day an expanded bibliography including Web site and museum listings an updated and expanded glossary and chronology and extensive statistical data of the development of television and radio stations networks advertising programming audiences and other aspects of broadcasting Designed for use in undergraduate and graduate courses on the history of American mass media broadcasting and electronic media Stay Tuned also fits well into mass communication survey courses as an introduction to electronic media topics As a chronicle of American broadcasting this volume is also engaging reading for anyone interested in old radio early television and the origins and development of American broadcasting **Fear, Cultural Anxiety, and**

Transformation Scott A. Lukas,John Marmysz,2010-01-01 The contributors to this volume explore the themes of fear cultural anxiety and transformation as expressed in remade horror science fiction and fantasy films While opening on a note that emphasizes the compulsion of filmmakers to revisit issues concerning fear and anxiety this collection ends with a suggestion that repeated confrontation with these issues allows the opportunity for creative and positive transformation

Television Research Ronald L. Jacobson,1995 This directory consists of an alphabetical ordering of television related categories For each category a brief conceptual overview is presented followed by a list of relevant research or lecture topic suggestions and a bibliography of selected print sources mostly books Users should appreciate the directory as a reference tool intended solely as as guide to studying television and not as an end in itself As such the categories herein are not

necessarily mutually exclusive nor are the overviews topic suggestions and bibliographies meant to be comprehensive. Instead, this publication is intended to inform broadly, to stimulate critical thinking, and to serve as a catalyst for further inquiry. An Additional Sources section is included at the end of the directory. General reference books, relevant indexes, and databases, scholarly journals, popular magazines, newspapers, and trade publications are listed. Libraries and museums containing special television-related collections are also noted. There always seems to be new print publications and electronic databases that provide access to television-related content. Please consider this directory as but one entry point to television research. Users are encouraged to solicit the expertise of a professional librarian in order to access the most relevant sources available on topics of interest.

Cycles, Sequels, Spin-offs, Remakes, and Reboots Amanda Ann Klein, R. Barton Palmer, 2016-03-15. With sequels, prequels, remakes, spin-offs, or copies of successful films or franchises dominating film and television production, it sometimes seems as if Hollywood is incapable of making an original film or TV show. These textual pluralities or multiplicities, while loved by fans who flock to them in droves, tend to be dismissed by critics and scholars as markers of the death of high culture. *Cycles, Sequels, Spin-offs, Remakes, and Reboots* takes the opposite view, surveying a wide range of international media multiplicities for the first time to elucidate their importance for audiences, industrial practices, and popular culture. The essays in this volume offer a broad picture of the ways in which cinema and television have used multiplicities to streamline the production process and to capitalize on and exploit viewer interest in previously successful and/or sensational story properties. An impressive lineup of established and emerging scholars talk seriously about forms of multiplicity that are rarely discussed, such as including direct-to-DVD films made in Nigeria, cross-cultural Japanese horror remakes, YouTube fan-generated trailer mash-ups, and 1970s animal revenge films. They show how considering the particular bonds that tie texts to one another allows us to understand more about the audiences for these texts and why they crave a version of the same story or character or subject over and over again. These findings demonstrate that far from being lowbrow art, multiplicities are actually doing important cultural work that is very worthy of serious study.
