the water the kids meet amazing ancient animals that test what they know about the world They learn how important it is to deal with stress together when giant squids with tentacles the size of the ship come up from the deep They learn about the power of words on the Island of Echoing Voices where their own words come back to them and give them advice and new ideas that help them find things they didn't know they were looking for A storm comes out of nowhere and tests them but they get through it by sticking together and understanding how close they are The pirate kids have many strange experiences on their journey that teach them important lessons Not only does a magical compass lead them to their next goal it also helps them understand how important choices are and what happens when you make them In the Cave of Whispering Shadows they face their fears and gain courage The Sea of Floating Delights sparks kids natural interest and sense of adventure by showing them all the wonderful things in the world The kids discover differences and work together as they explore an underground Coral Castle As they take part in the strange Festival of the Sea Spirits they learn how important traditions and society are A siren's call tests their loyalty and tells them of what could happen if they give up They face their darkest fears and learn how important it is to know themselves in the Labyrinth of Reflection The last defender of the depths dares them to show what they're made of while teaching them about how important bravery is and how much real success costs They understand that the most valuable things are not gold or gems but the lessons they've learned along the way about friendship bravery and working together As the Timeless Voyager heads back home the kids think back on their trip and decide that the most important thing they found was each other Not only do they come back as pirates looking for wealth but they also come back as lifelong friends who have been through a lot together and learned that they can get through anything

Chapter 1 The Eternal Traveler Starts Off A long time ago on their beautiful ship the Timeless Voyager a group of daring young pirates decided to go on an epic journey through a world full of wonders and surrounded by huge oceans This ship wasn't like any other it was a magical one that could go back in time to the Silurian Era a time before people when the oceans were full of strange creatures and treasures waiting to be found A young pirate leader named Captain Lucy who is known for being brave and kind planned this dangerous plan She thought that the best trips were those that were shared with friends and that they could handle any problem that came up on the seas The young pirates were waiting on the deck of the Timeless Voyager eagerly following her orders Their eyes were sparkling with excitement and their minds were racing with thoughts of the wealth they might find As the sun rose and turned the sky orange and pink the air was filled with the sound of busy people working hard The kids did their separate jobs to get the ship ready to sail while working together Some of them worked very hard to raise the sails and as the early breeze hit the cloth they could feel the ropes getting a little hot in their hands Some people were planning their next trip while others were looking at old maps that had lines and symbols on them that showed where secret islands and coves were The kids learned what it really means to work together during this crazy action frenzy They understood that every part of their journey no matter how big or small was important It was important for the people

pulling the ropes to have people reading maps and for the people steering the ship to have people singing shanties to keep spirits high Even the youngest ones who thought they had nothing to give found out that they had sharp eyes that could see ships far away on the horizon or get lost compasses by fitting into small cracks Captain Lucy looked on happy with how well her team was working together and looking forward to the trip ahead She knew that the sea would test them with its scary monsters and huge storms but she also knew that friendship and working together were stronger than any magic the Timeless Voyager could have People on board cheered as the ship sailed away leaving the harbor's safety behind As a sign of the uncharted lands that lay ahead they stood next to each other at the bow and looked out to sea The proudly flying flag and flapping sails of the Timeless Voyager made it more than just a ship It was a home for a family that wasn't related by blood but by a desire to learn an adventure and a way to reach their goals For the pirate kids this was just the start of learning how to work together As they sailed toward the horizon their hearts were full of hopes and their eyes were looking for wealth They knew the trip ahead would be hard They also learned that working together they could do anything With a group of brave and kind pirates on board the Timeless Voyager was ready to write its own tale of adventure friendship and the never ending search for riches across the ancient seas As the adventure started the Timeless Voyager broke through the waves The ship's crew worked together to reach a single goal People thought they were pirates but they were really spies looking for lost treasure explorers of the huge and strange seas of Siluria and most importantly a group that worked well together As a group they set out on a trip through time excited to find the mysteries and wonders that were hidden in the great seas of the past

## Chapter 2 The Mysterious Map

In the middle of their trip when the Timeless Voyager bravely faced waves and danced with the winds the pirate kids found something that would change their trip forever The old broken down trunk had an old map hidden inside hidden by layers of mystery and dust This map was different from all the others it was written on parchment and had strange marks symbols and winding tracks that made me think of old sea stories The crew was thrilled it seemed like every breath they took held the promise of excitement and secrets yet to be revealed Young people gathered around the old wooden table in the ship's poorly lit cabin their eyes wide with surprise The map was put out for everyone to see by Captain Lucy even though it had frayed ends and the paper was thin and falling apart On the map there were uncharted islands secret money and dangerous things just waiting for someone who wasn't paying attention to find them It was a task that really moved them and gave them new options Each child began to share his or her thoughts and ideas as they looked at the map Tim the pilot told them to use the stars drawn in the corner to find their way by the night sky Emma was very interested in history so she was able to figure out the meanings of the symbols that pointed to the cultures that may have made the map When Little Jack who had a huge imagination made up stories about sea monsters guarding the treasure their chase became much more exciting and dangerous The kids learned a useful lesson about working together while they were gathered around the old map They discovered that by sharing what they knew and had done they could all help find out

what the map was hiding Tim's knowledge of the stars Emma's views on history and even Jack's made up stories all helped put the puzzle together For some reason it felt like a miracle key that opened a treasure chest of information and teamwork instead of money
