Skeletons in the Closet Jean-Patrick Manchette, 2023-11-07 Eugene Tarpon the private eye protagonist from Manchette's *No Room at the Morgue* appears once more for a characteristically brisk and brutal story full of unexpected comedy and feeling Private eye Eugene Tarpon is back to sleeping in his office waiting for a paying job to turn up Then he gets a call from a sometime contact in the police department He's referring a nice old lady a distant relative to Tarpon her daughter's gone missing and the cop says there's no finding her There are no leads She's gone But the old lady's pigheaded Do me a favor he tells Tarpon Humor her Take her off our hands Take her money too And by the way there's no need to investigate the actual business at all Tarpon may be down and out but he's too much of a gentleman for that Plus fed an obviously fishy story he doesn't have it in him to let well enough alone Once again Tarpon is making a very big mistake *Skeletons in the Closet* Dell Shannon, 2014-10-14 My favourite American crime writer New York Herald Tribune Ivor Maddox has his hands more full than ever with his wife Sue expecting a baby To add to this he also faces several of the most complex and frustrating cases of his career the killing of a thirteen year old whose grief stricken father takes the law into his own hands and the shooting of a wealthy businessman which sends Maddox digging into the past Most extraordinary of all are the corpses that keep turning up under the floorboards of abandoned houses all over the country And when the vital clue to the identity of the mass murderer turns up in Maddox's territory it's up to him to solve one of the crimes of the century **Skeletons in the Closet** Monika Nalepa, 2010-01-25 This book explores pacted transitions to democracy in which former autocrats are granted amnesty in exchange for allowing free elections *Skeletons in the Closet & Other Creepy Stories* Cheryl Kaye Tardif, 2015-01-08 Thirteen creepy stories take you from one hold your breath chapter to the next Enter the closet A Grave Error The Death of an Old Cow Maid of Dishonor Atrophy Picture Perfect Sweet Dreams Separation Anxiety The Car Deadly Reunion Remote Control Ouija Caller Unknown *Skeletons in the Closet* **Skeletons in Our Closet** Clark Spencer Larsen, 2020-09-01 The dead tell no tales Or do they In this fascinating book Clark Spencer Larsen shows that the dead can speak to us about their lives and ours through the remarkable insights of bioarchaeology which reconstructs the lives and lifestyles of past peoples based on the study of skeletal remains The human skeleton is an amazing storehouse of information It records the circumstances of our growth and development as reflected in factors such as disease stress diet nutrition climate activity and injury Bioarchaeologists by combining the methods of forensic science and archaeology along with the resources of many other disciplines including chemistry geology physics and biology read the information stored in bones to understand what life was really like for our human ancestors They are unearthing some surprises For instance the shift from hunting and gathering to agriculture approximately 10 000 years ago has commonly been seen as a major advancement in the course of human evolution However as Larsen provocatively shows this change may not have been so positive Compared to their hunter gatherer ancestors many early farmers suffered more disease had to work harder and endured a poorer

quality of life due to poorer diets and more marginal living conditions Moreover the past 10 000 years have seen dramatic changes in the human physiognomy as a result of alterations in our diet and lifestyle Some modern health problems including obesity and chronic disease may also have their roots in these earlier changes Drawing on vivid accounts from his own experiences as a bioarchaeologist Larsen guides us through some of the key developments in recent human evolution including the adoption of agriculture the arrival of Europeans in the Americas and the biological consequences of this contact and the settlement of the American West in the eighteenth and nineteenth centuries Written in a lively and engaging manner this book is for anyone interested in what the dead have to tell us about the living **Skeletons in the Closet** Anne
