Social Groups In Polish Society:

Social Groups in Polish Society David Stuart Lane, David Lane, George Kolankiewicz, 1973 Compilation of social research papers on the impact of social change on social class and social structure in Poland from 1945 to 1973 includes material on the characteristics of the working class rural workers the intellectual elite engineers and top management local level political leadership etc and covers political aspects of intergroup relations Bibliography pp 349 to 365 map references and statistical tables **Polish Society** Adam Podgórecki, 1994 Examines the political and organisational pressures that were exerted upon sociologists to produce dogmatically proper results in order to give a false diagnosis of social reality The author analyses the roles of Polish sociologists in the changes designed to bring about an alien communist utopia **Old and New Cleavages in Polish Society** Guérot, Ulrike, Hunklinger, Michael, 2019-03-20 What is happening in Poland Where is Poland heading Is Polish society as divided as it is often perceived How did we get there What do anti pluralist tendencies and a gender backlash mean for the everyday life in Poland What are possible ways to cope with this And what are the consequences for Europe This anthology is the result of a conference which took place in Vienna in April 2018 and offers some insight into debates taking place in and around Poland today The contributions are very different in expression and stand for themselves In this respect the book offers impressions but no solutions It offers suggestions to reflect on Poland in a new or different way which help to understand Poland and the complex social and political processes that are currently underway **Webs of Resistance in a Newly Privatized Polish Firm** Jennifer Lynn Roney, 2021-11-18 First Published in 2000 This is a research study that includes deep description supported by research in organizational studies as well as Polish history sociology and anthropology of the perceptions of employees in a single Polish factory This factory is experiencing the uncertainties and opportunities of tremendous change in external contingencies and internal operations The employees in this factory are trying to adjust to a new owner and many new managers the fear of lay offs and confusion about the world in which they now find themselves **The Polish Road from Socialism: The Economics, Sociology and Politics of Transition** Walter D. Connor, Piotr Ploszajski, 2019-07-26 What the contributors to this volume offer is neither a romantic version of the course of Polish history nor a jubilant account of the recovery of national independence and political choice Rather they offer a variety of tough minded analytic perspectives on what comes when the party is over not just the PPSR but the celebration marking its downfall They focus on Poland's movement toward an internationally competitive market economy a political democracy in which plural interests compete and the constitution of a civil society that both tolerates and ameliorates conflict The multidisciplinary contributors include Jan Muzel Keith Crane Benjamin Slay Kazimierz Poznanski Jan Bossak Wojciech Bienkowski Włodzimierz Wesolowski Edmund Wnuk Lipinski Adam Sarapata Andrzej Sicinski Piotr Lukaszewicz Krzysztof Nowak David S Mason Andrzej Rychard Krzysztof Jasiewicz Jack Bielasiak Janusz Reykowski Stanisław Gebethner Mirosława Marody Edmund Mokrzycki and Michael D Kennedy *The Polish Solidarity Movement* Arista M.

Cirtautas,2002-09-11 This book provides a groundbreaking analysis of democratization in Poland by placing Solidarity in the context of the major democratic upheavals of modernity the French and American Revolutions This study undertakes the first full historical comparison of the Polish movement with the ideals and institutions of democracy achieved in the last three centuries **Women in Early Modern Polish Society, Against the European Background** Maria Bogucka,2017-03-02

While far fewer studies on women and gender have been published in Poland than in the West the last decade has seen growing interest in gender history among Polish scholars The first general history of Polish women in the early modern times was published by Dr Bogucka in Polish in 1998 the present study constitutes an expansion as well as a translation into English of that seminal work Women in Early Modern Polish Society against the European Background makes widely available to historians and women s studies scholars in the West a mass of information about women in Poland from the 16th to the 18th century previously inaccessible in Polish archives In the preface Bogucka points to the need for theoretical reflection within Polish studies of women s history and the need to develop standard concepts and terms for the study of gender to allow this research to develop further She emphasizes that scholars of women s history must rely on all documents of a given epoch if they want to examine women s lives Urban and rural records especially law court records church archives private archives diaries noblemen s records collections of sermons last wills inventories belles letters correspondence are all sources which always contain scattered direct or indirect information on women and gender relations Bogucka examines the stages of the typical woman s life girl married woman widow discussing their position in the family and society as well as the societal changes that occurred in this sphere from the sixteenth to the eighteenth century She also looks among other things at the role of women s work in the countryside and in towns according to social status and education religious life which offered possibilities to women to appear and to act outside the home the impact of Reformation on the situation of women the participation of women in the creation and consumption of culture and women s roles in political life Finally she places her discussion of Polish women in comparative context exploring the legal status and general situation of women in Poland against those in Western countries Germany France and England as well as Central and Eastern Europe Hungary Bohemia and Russia **Social Stratification in Poland: Eight Empirical Studies** Kazimierz M. Slomczynski,Tadeusz K.

Krauze,2017-09-29 This title was first published in 1987 This is the autobiography of Fay Afaf Kanafani an Arab Muslim woman born in Beirut in 1918 Through telling the story of her difficult life as a woman in such a society and her struggles to free herself from her father brother and father in law it offers a feminist view of a people and culture Poland, a Country Study United States. Dependent Societies R. Breton, 1990-11-15 Both Quebec and Poland have undergone considerable change in the past few decades change that can be described as a quiet revolution This collection of essays by Polish and Canadian sociologists provides comparative analyses of the two societies and highlights institutional political cultural and socio economic changes

Social Connections Veronika Zilova, 2013-12-01 **Polish Paradoxes** Stanisław Gomułka, Antony Polonsky, 2025-08-01 Paradox is no new feature of Polish political life A Slavnation fiercely Catholic yet looking towards the non Slavonic largely non Catholic west a people whose sense of nationhood is uniquely strong yet who have spent much of their history under foreign rule Poland remains headline news and her present is as full of paradoxes as her past First published in 1990 Polish Paradoxes explains how Poles themselves look at their problems and opportunities and provides a unique insight into the real and perceived pressures on Poland As well as examining the historical and political roots of the Polish crisis the contributors analyse the Polish culture and a national psyche which has equipped Poles to resist foreign domination whilst often inhibiting them from resolving persistent political and economic crises This book will be of interest to students and researchers of history and politics **Polish Catholicism between Tradition and Migration** Wojciech Sadlon, 2021-06-27 From a critical realist perspective this book examines the manner and the extent to which religion is shaped by modernity With a focus on Poland one of the most monolithic and religiously active Catholic societies in the world but which has undergone periods of intense transformation in its recent history the author explores the transformations that have affected Catholicism from a position of reflexivity Viewing Catholicism as a system of ideas elaborated by tradition the author considers the relationship between human subjectivity and social structure by examining the shift from traditional religious practice to modern religious observance particularly in an era of migration in which many Polish Catholics have relocated to western European countries with profound changes in their religious outlook Presenting a new approach to understanding religious change from the perspective of religious reflexivity Polish Catholicism between Tradition and Migration will appeal to scholars across the social sciences with interests in religion research methods social change and critical realist thought Social Change and Political Transformation Chris Rootes, Howard Davis, 2018-05-11 Social Change in Political Transformation is thorough examination of political transformation the book features contributors from western and eastern Europe giving their views on how European society and institutions are changing The themes of social change new movements and the development of European institutions are developed within a broad framework and are supported by considerable empirical detail relating to the European Community and a disaggregated eastern Europe Students of political sociology politics and European studies will all find this a useful text providing theories and explanations as well as summaries of recent research *The Undeserving Polish Migrants* Magdalena Brzeska, 2025-09-15 The Undeserving Polish Migrants Homeless in a Place Called Home offers insights into aiding the Polish community's path out of homelessness while also shedding light on inadequacies in current policies addressing non British born homeless groups and the need for clearer regulations **Webs of**

Resistance in a Newly Privatized Polish Firm Jennifer Lynn Roney, 2000 This study examines how the shared cultural values of employees in a Polish firm influenced management attempts to transform organizational practices in a newly privatized factory By introducing a foreign management approach Total Quality Management TQM the management of this factory presents a potential conflict of values between the employees and the management philosophy Tracing the historical and contemporary impact of traditional political and religious influences in Poland and utilizing ethnographic techniques of observation interviews and secondary source data the author identifies four patterns of shared mindsets These mindsets insecurity and instability distrust reluctance to assume responsibility and a struggle between individualism and collectivism generate resistance to the successful implementation of TQM in this factory Organizational studies research has identified cultural differences in values but previous studies have not examined the congruence assessment that employees make when confronted with a management intervention such as TQM The author finds that an incongruence between societal values and the values the employees perceive are embedded in the TQM approach produced actual outcomes that are not consistent with TQM objectives of empowerment teamwork visionary leadership and continuous improvement of quality Employees demonstrated a reduced sense of empowerment team goals that are counterproductive to organizational goals autocratic leadership and an increased focus but not sustainable effort toward improving quality The book examines the reasons for these results through detailed description and extensive quotations from employees both inside the Polish firm and throughout Polish society

Private and Public Social Inventions in Modern Societies Leon Dyczewski, John Kromkowski, Paul Peachey, 1994

European Governance After Nice Hiroyi Akiba, Koji Fukuda, 2019-03-13 What is the impact of institutional reform implemented by the Nice Treaty on European Governance What should be done to enhance democratic legitimacy in the EU This book provides an up to date guide to understanding the European Union as an institution Globalisation has led to enormous changes in the international environment which in turn have demanded institutional reform of the European Union in the form of the Nice Treaty European Governance After Nice scrutinises how and to what extent the treaty will contribute to the solution of existing problems examining both its positive effects and its limitations and examines the reforms within the EU through political science law and economics in order to express the full extent of the different effects of the Nice Treaty on non member as well as member countries The contributors suggest that the threat of varying exchange rates in the future when the Treaty has an expansionary effect on economic scale will lead to a deepening interdependence between the excluded countries

Social Engineering Adam Podgorecki, John Alexander, Rob Shields, 1996-01-15 Social Engineering is a landmark attempt to develop both theory and a paradigm for planned social action In this collection of articles Podgorecki's work is a linchpin for debate among social policy practitioners and theorists from Europe and North America Their studies span a wide spectrum Nixon and the Watergate scandal Jaruzelski's Martial Law in Poland Soviet myth building the Canadian anti smoking campaign earthquake planning native land claims infoglut and

self fulfilling prophecy Yet these diverse analyses clearly support and enhance one another along carefully defined themes of guided social action Social Engineering is an important addition to the shelves of public policy libraries and will be as illuminating to governments corporations policy consultants and special interest groups as it is to theorists *The Holocaust Bystander in Polish Culture, 1942-2015* Maryla Hopfinger, Tomasz Żukowski, 2021-03-16 This book concerns building an idealized image of the society in which the Holocaust occurred It inspects the category of the bystander in Polish culture closely related to the witness since the war recognized as the axis of self presentation and majority politics of memory The category is of performative character since it defines the roles of event participants assumes passivity of the non Jewish environment and alienates the exterminated thus making it impossible to speak about the bystanders violence at the border between the ghetto and the Aryan side Bystanders were neither passive nor distanced rather they participated and played important roles in Nazi plans Starting with the war the authors analyze the functions of this category in the Polish discourse of memory through following its changing forms and showing links with social practices organizing the collective memory Despite being often critiqued this point of dispute about Polish memory rarely belongs to mainstream culture It also blocks the memory of Polish violence against Jews The book is intended for students and researchers interested in memory studies the history of the Holocaust the memory of genocide and the war and postwar cultures of Poland and Eastern Europe
