Social Judgment and Intergroup Relations Donald Granberg, Gian Sarup, 2012-12-06 *Social Judgment and Intergroup Relations Essays in Honor of Muzafer Sherif* is a stimulating collection which paints a crisp and fascinating picture of social psychology during its decades of growth into a mature science With his important contributions in the study of social norms attitudes self concept group relations and other areas Muzafer Sherif was a key figure in the discipline Each essay in this book illustrates the lasting influence of Muzafer Sherif s seminal work in social psychology *Social Judgement and Intergroup Relations* Donald Granberg, Gian Sarup, 1992 *Norms, Groups, Conflict, and Social Change* Ayfer

Dost-Gozkan, 2017-07-05 This book is about the life and work of a Turkish American social scientist Muzafer Sherif 1905-1988 He was known for his seminal work on norm and group formations social judgment and intergroup conflicts and cooperation Although Sherif is identified as one of the founders of social psychology his contribution to the science of psychology goes beyond the limits of social psychology as it is generally defined today This volume aims to rediscover the theory and research of its subject in the socio historical context of his time as well as his relevance for contemporary psychology Chapters cover a range of topics an in depth portrayal of Sherif s life and intellectual struggle in Turkey and in the United States his metatheoretical considerations on the science of psychology his theory and research on group and intergroup relationships social norms and social change formation and change of frames of reference ego involvements and identity and psychology of slogans Sherif had profound life experiences in different cultural contexts from the Ottoman Empire and World War I to American universities which enabled him to see the essentiality of the historico cultural context in the formation of human phenomena Sherif s psychology is an elegant exemplar of an integrative science of psychology that is worth rediscovering

Leonard Covello and the Making of Benjamin Franklin High School Michael C. Johanek, John L. Puckett, 2007 What is the mission of American public education As a nation are we still committed to educating students to be both workers and citizens as we have long proclaimed or have we lost sight of the second goal of encouraging students to be contributing members of a democratic society In this enlightening book John Puckett and Michael Johanek describe one of America s most notable experiments in community education In the process they offer a richly contextualized history of twentieth century efforts to educate students as community minded citizens Although student test scores now serve to measure schools achievements the authors argue compellingly that the democratic goals of citizen centered community schools can be reconciled with the academic performance demands of contemporary school reform movements Using the twenty year history of community centered schooling at Benjamin Franklin High School in East Harlem as a case study and reminding us of the pioneering vision of its founder Leonard Covello they suggest new approaches for educating today s students to be better public citizens **Relative Deprivation** Iain Walker, Heather J. Smith, 2002 The relative deprivation construct has been widely used in the social sciences to explain phenomena from experiencing psychosomatic stress to participating in

urban riots It is currently a valuable tool in research being used especially to understand processes of social identity and responses to disadvantage by both disadvantaged minorities and privileged majorities Originally published in 2001 this book assembles chapters by leading relative deprivation researchers in order to present comprehensive synthesis of knowledge Featuring integrative theoretical and empirical work from social psychology sociology and psychology the book provides a highly detailed reference work It is relevant to researchers in intergroup relations prejudice racism social identity group processes social comparison collective behavior and social movements The book will be of value to anyone with an interest in the topic and its practical application Certainty-uncertainty - and the Attitudinal Space in Between Sibilla

Cantarini,Werner Abraham,Elisabeth Leiss,2014-11-15 The selected papers of this volume cover five main topics namely Certainty The conceptual differential Un Certainty as attitudinality Dialogical exchange and speech acts Onomasiology and Applications in exegesis and religious discourse By examining the general theme of the communication of certainty and uncertainty from different scientific fields theoretical approaches and perspectives this compendium of state of the art research papers provides both an interdisciplinary comparison of the latest investigations methods and findings and new advances and theoretical insights with a common focus on human communication **The Oxford Handbook of Diversity**

and Work Quinetta M. Roberson,2013-01-31 Greater workforce diversity and business trends make the management of such diversity an important challenge for organizational leaders The Oxford Handbook of Diversity and Work offers a comprehensive review of current theory and research and stimulates thoughtful and provocative conversation about future study of diversity in the workplace Attitude Strength Richard E. Petty,Jon A. Krosnick,2014-01-14 Social psychologists have long recognized the possibility that attitudes might differ from one another in terms of their strength but only recently had the profound implications of this view been explored Yet because investigators in the area were pursuing interesting but independent programs of research exploring different aspects of strength there was little articulation of assumptions underlying the work and little effort to establish a common research agenda The goals of this book are to highlight these assumptions to review the discoveries this work has produced and to suggest directions for future work in the area The chapter authors include individuals who have made significant contributions to the published literature and represent a diversity of perspectives on the topic In addition to providing an overview of the broad area of attitude strength particular chapters deal in depth with specific features of attitudes related to strength and integrate the diverse bodies of relevant theory and empirical evidence The book will be of interest to graduate students initiating work on attitudes as well as to longstanding scholars in the field Because of the many potential directions for application of work on attitude strength to amelioration of social problems the book will be valuable to scholars in various applied disciplines such as political science marketing sociology public opinion and others studying attitudinal phenomena **Why We Evaluate** Gregory R.

Maio,James M. Olson,1999-11 This edited volume offers engaging summaries on the latest research on attitude function from

the leaders in the field Topics include attitude functions persuasion individual differences approaches the role of motivation and the practical implication

Forced Migration in the History of 20th Century Neuroscience and Psychiatry Frank W. Stahnisch, Gül A. Russell, 2017-09-18 The forced migration of neuroscientists both during and after the Second World War is of growing interest to international scholars Of particular interest is how the long term migration of scientists and physicians has affected both the academic migrants and their receiving environments As well as the clash between two different traditions and systems this migration forced scientists and physicians to confront foreign institutional political and cultural frameworks when trying to establish their own ways of knowledge generation systems of logic and cultural mentalities The twentieth century has been called the century of war and forced migration since it witnessed two devastating world wars prompting a massive exodus that included many neuroscientists and psychiatrists Fascism in Italy and Spain beginning in the 1920s Nazism in Germany and Austria between the 1930s and 1940s and the impact of the Soviet occupation of Eastern Europe all forced more than two thousand researchers with prior education in neurology psychiatry and the basic brain research disciplines to leave their scientific and academic home institutions This edited volume comprising of thirteen chapters written by international specialists reflects on the complex dimensions of intellectual migration in the neurosciences and illustrates them by using relevant case studies biographies and surveys This book was originally published as a special issue of the Journal of the History of the Neurosciences

Media Effects Jennings Bryant, Dolf Zillmann, Mary Beth Oliver, 2002-02 This new edition updates and expands the scholarship of the 1st edition examining media effects in

Political Humor in a Changing Media Landscape Jody C Baumgartner, Amy B. Becker, 2020-07-07 In the past decade various studies have examined how political humor may influence various political attitudes and voting behavior whether it affects learning cognition and media literacy how it might shape political participation how people process different forms of political humor and more This book is devoted to anticipating and addressing where the field of political humor and its effects will move in the next generation of scholarship exploring the continued evolution of the study of political humor as well as the normative implications of these developments It includes research accounting for important changes and developments on the ground in the political humor landscape These include the fact that the cadre of late night television hosts have completely changed in the past 3 years there are now more late night television choices and many hosts have become more overtly political in their presentations Recommended for scholars of communication media studies and political science

Intimate Relationships across

Cultures Charles T. Hill, 2019-06-20 A ground breaking study of the ways that intimate relationships are similar around the world and the ways they are different

Handbook of Theories of Social Psychology Paul A M Van Lange, Arie W Kruglanski, E Tory Higgins, 2011-08-31 Providing a comprehensive exploration of the major developments of social psychological theories that have taken place over the past half century this innovative two volume handbook is a state of the art overview of the primary theories and models that have been developed in this vast and fascinating field Authored by leading international experts each chapter represents a personal and historical narrative of the theory's development including the inspirations critical junctures and problem solving efforts that effected theoretical choices and determined the theory's impact and its evolution Unique to this handbook these narratives provide a rich background for understanding how theories are created nurtured and shaped over time and examining their unique contribution to the field as a whole To examine its societal impact each theory is evaluated in terms of its applicability to better understanding and solving critical social issues and problems

Advanced Social Psychology Eli J. Finkel, Roy F. Baumeister, 2019-03-15 Social psychology uses clever even ingenious research methods to explore the most essential questions of the human psyche Why do we help some people and harm others Why do we pay so much more attention to high powered people than they pay to us If humans evolved from great apes why are human selves so much more elaborate How does our attachment to our parents when we are infants influence the success or failure of our romantic relationships when we are adults Can behaving morally license us to behave immorally shortly afterward How do social relationships make us more versus less prone toward physical illness This volume an update to the original 2010 edition provides a graduate level introduction to social psychology The target audience consists of first year graduate students MA or PhD in social psychology and related disciplines marketing organizational behavior etc although it is also appropriate for upper level undergraduate courses The authors are world renowned leaders on their topic and they have written state of the art overviews of the discipline's major research domains The chapters are not only scientifically rigorous but also accessible and engaging They convey the joy excitement and promise of scientific investigations into human sociality

The Social Psychology of Consumer Behaviour Richard Bagozzi, Zeynep Gurhan-Canli, Joseph Priester, 2002-08-16 How do consumers process information How do they make choices and decisions How are decisions translated into actions of consumption How can marketing influence and respond to consumers The Social Psychology of Consumer Behaviour illuminates an area of intense academic and wider interest bringing together research and practical insights into how theories in social psychology can be applied to consumer behaviour Core themes include information processing and social cognition communication processes attitude models emotion social identity theory and action theory Within each of the major areas of social psychology a historical perspective is provided current knowledge reviewed theories and findings critiqued and directions for future research appraised The Social Psychology of Consumer Behaviour provides a deeper perspective than standard texts which tend to be either

atheoretical overly encyclopedic or outdated It considers why consumers buy what they do and how they go about making individual and group decisions concerning consumption The result is essential reading for students researchers and practitioners in psychology and marketing as well as for those in related fields such as public policy public health health psychology political science and sociology **Psychology Library Editions: Social Psychology** Various,2021-07-09 Psychology Library Editions Social Psychology 30 volume set brings together an eclectic mix of titles from a wealth of authors with diverse backgrounds seeking to understand human behaviour and interaction from a socio psychological perspective The series of previously out of print titles originally published between 1908 and 1993 includes those from some authors considered to be founders of social psychology and traces the development of the subject from its early foundations

The Social Psychology of HIV Infection John B. Pryor,Glenn D. Reeder,2015-06-19 In the early 1980s we witnessed the birth of one of the most complex and perplexing social problems faced by modern society the epidemic of infection with human immunodeficiency virus HIV which causes acquired immunodeficiency syndrome AIDS Originally published in 1993 this title looks at the social psychology surrounding HIV and AIDS The organization of the volume centres upon two themes The Theoretical Roots of Prevention and The Dilemma of the PWA person with AIDS The goal of this volume is not to evaluate previous attempts to answer these social problems but to provide theoretical analyses of some of the basic sociopsychological processes that underlie the problems Over 20 years on this is a snapshot of research into HIV and AIDS and attitudes of the time looking at social problems that are very much still with us **Striving and Feeling** Leonard L. Martin,Abraham Tesser,2014-05-12 Recently research on the ways in which goals affect and self regulation influence one another has enjoyed an upsurge New findings are being published and new theories are being developed to integrate these findings This volume reports on the latest of this work including a substantial amount of data and theory that has not yet been published Emanating from a conference exploring affect as both a cause and effect in various social contexts this book examines some of the complex and reciprocal relationships among goals self structures feelings thoughts and behavior The chapters address the effects of intrinsic versus extrinsic goals the different effects of approach versus avoidance goals the role of awareness in goal pursuit and affective states the meaning of affective states in relation to goal attainment the impact of hedonistic concerns as motivational factors how people regulate their moods and the role of the self in affective experiences
