Social Organization Charles Horton Cooley, 1983 **The Permanently Connected Group (PeCoG)** Katharina Knop-Hülß, 2023-11-03 The small group uniquely benefits from the ubiquitously available connective possibilities of mobile communication technologies The group chat feature of mobile instant messaging applications MIMAs e.g. WhatsApp Signal provides small groups with a permanently accessible communication place where members can relay information to all others at once independent of their spatiotemporal location The resulting permanent collective addressability PCA of members has implications for group processes e.g. group coordination socio-emotional concerns of members This book investigates the communicative activity in MIMA chats of 18 naturally occurring goal-oriented groups in a non-professional setting using a standardized content analysis It thus extends findings on individual level expectations of permanent connectedness and shows how a group using such technology can be understood as a permanently connected group PeCoG and group level manifestation of the hybridity of mediated and face-to-face communication constituting our current communication reality Above all this book demonstrates the potential of small group research to describe current phenomena relevant to communication science *Human Behavior and the Social Environment, Micro Level* Katherine Van

Wormer, 2017 Unique to *Human Behavior and the Social Environment Micro Level* is the focus on trauma and resilience in its exploration of human behavior across the life span Illustrations are drawn from the arts as well as recent brain research from recent biological research *Combat Trauma and the Ancient Greeks* P. Meineck, D. Konstan, 2014-09-11 This ground

breaking book applies trauma studies to the drama and literature of the ancient Greeks Diverse essays explore how the Greeks responded to war and if what we now term combat trauma post-traumatic stress or combat stress injury can be discerned in ancient Greek culture **Social Organization** Charles Horton Cooley, 1922 *Books in Print*, 1991

Classic Anthropology John William Bennett, *Classic Anthropology* is Bennett's label for the work produced by anthropologists during the period 1915-1955 which many believe represents the most productive era in the discipline's history It is also one that can never be repeated given the fact that most of anthropology's basic data the ideas and customs

of tribal peoples have been extinguished or greatly transformed by modernization and nationalization The book is composed of some fifteen essays Among the issues examined are the emergence of a functionalist viewpoint in ethnology the difficulties of developing a theory of human behavior because of the focus on culture the search for concepts of culture to serve specialized needs the neglect of social psychology by the culture and personality field how value judgments emerged willy nilly or conversely were neglected in ethnological research how applied anthropology was challenged by Action Anthropology and how the interdisciplinary anthropology of the late 1940s was submerged in the postwar effort to return the discipline to traditional roots Individual anthropologists whose work is examined include among others Bronislaw Malinowski Leslie Spier Alfred Kroeber Ralph Linton Margaret Mead Ruth Benedict Clyde Kluckhohn Gregory Bateson and Walter Taylor **Subject**

Guide to Books in Print, 1993 **Transactions of the National Association for the Promotion of Social Science**

National Association for the Promotion of Social Science (Great Britain), 1885 The volume for 1886 contains the proceedings of the Conference on temperance legislation London 1886 *Die Sozialität des Handelns* Frithjof Nungesser, 2021-06-23 Handeln Denken und Identität sind von Grund auf sozial Menschliche Individuen sind motivational auf Sozialität hin ausgerichtet ihre Identität wird in Sozialität ausgebildet und revitalisiert ihr Handeln und Denken wird durch Sozialität strukturiert Diese These einer konstitutiven Sozialität des Handelns findet sich im klassischen Pragmatismus konsequent ausformuliert Frithjof Nungesser analysiert die konflikt und folgenreichen Entstehungsbedingungen sowie die inneren Zusammenhänge und Spannungen dieser Theorieposition Darauf aufbauend reformuliert er sie im Rückgriff auf aktuelle lebenswissenschaftliche Befunde insbesondere aus Primatologie Linguistik Kultur und Entwicklungspsychologie So wird der Pragmatismus als eine Sozialtheorie sichtbar die Evolution Handeln und kulturelle Entwicklung in nicht reduktionistischer innovativer und empirisch haltbarer Weise verknüpft *The New Institutionalism in Sociology* Mary C. Brinton, Victor Nee, 2001 Institutions play a pivotal role in structuring economic and social transactions and understanding the foundations of social norms networks and beliefs within institutions is crucial to explaining much of what occurs in modern economies This volume integrates two increasingly visible streams of research economic sociology and new institutional economics to better understand how ties among individuals and groups facilitate economic activity alongside and against the formal rules that regulate economic processes via government and law Reviews This volume is a welcome addition to the expanding literature on institutional analysis Besides sociologists we are afforded the pleasure of contributions from anthropologists economists historians political scientists and scholars located in schools of law and education One of the pleasures of the volume is the wide range of topics times and locales addressed by the authors In all these diverse situations the application of institutional queries and approaches enhances our understanding and appreciation of the endlessly rich and diverse nature of social life Contemporary Society This admirable book makes a strong contribution to institutional theory has many excellent chapters and is a model for interdisciplinary exchange and cross fertilization It is dense with interesting ideas and

points for debate and I heartily recommend it Sociological Research Online

Kingsley Davis Kingsley Davis, David Heer's biography of Kingsley Davis is based on material contained in the Kingsley Davis Archive at the Hoover Institution Library at Stanford University the Kingsley Davis graduate file at Harvard University the interview of Kingsley Davis by Jean van der Tak in *Demographic Destinies* 1990 and David Heer's personal relationship with Kingsley Davis The book also contains thirty of the most important writings by Kingsley Davis These were chosen in part for the number of citations received in the Cumulative Social Science Citation Index and in part to ensure that readers would be able to assess the continuity of Kingsley Davis's ideas at all stages of his career

BOOK JACKET

Identities and Social Change in Britain Since 1940 Michael Savage, 2010-05-13 *Identities and Social Change in Britain since 1940* examines how between 1940 and 1970 British society was marked by the imprint of the academic social sciences in profound ways which have an enduring legacy on how we see ourselves It focuses on how interview methods and sample surveys eclipsed literature and the community study as a means of understanding ordinary life The book is the first to draw extensively on archived qualitative social science data from the 1930s to the 1960s which it uses to offer a unique personal and challenging account of post war social change in Britain It also uses this data to conduct a new kind of historical sociology of the social sciences one that emphasises the discontinuities in knowledge forms and which stresses how disciplines and institutions competed with each other for reputation Its emphasis on how social scientific forms of knowing eclipsed those from the arts and humanities during this period offers a radical re thinking of the role of expertise today which will provoke social scientists scholars in the humanities and the general reader alike
