familiar literary figures showing how a surprisingly large number of poets in English engaged in individual ways with Old Norse myth English Poetry and Old Norse Myth A History demonstrates how attitudes towards the pagan mythology of the north change over time but reveals that poets have always recognized Old Norse myth as a vital part of the literary political and historical legacy of the English speaking world *Quarterly Review* ,1946 Includes section Some Michigan books

*The Survey* ,1928 **The Future is Degrowth** Matthias Schmelzer,Andrea Vetter,Aaron Vansintjan,2022-06-28 We need to break free from the capitalist economy Degrowth gives us the tools to bend its bars Economic growth isn t working and it cannot be made to work Offering a counter history of how economic growth emerged in the context of colonialism fossil fueled industrialization and capitalist modernity The Future Is Degrowth argues that the ideology of growth conceals the rising inequalities and ecological destructions associated with capitalism and points to desirable alternatives to it Not only in society at large but also on the left we are held captive by the hegemony of growth Even proposals for emancipatory Green New Deals or postcapitalism base their utopian hopes on the development of productive forces on redistributing the fruits of economic growth and technological progress Yet growing evidence shows that continued economic growth cannot be made compatible with sustaining life and is not necessary for a good life for all This book provides a vision for postcapitalism beyond growth Building on a vibrant field of research it discusses the political economy and the politics of a non growing economy It charts a path forward through policies that democratise the economy now topias that create free spaces for experimentation and counter hegemonic movements that make it possible to break with the logic of growth Degrowth perspectives offer a way to step off the treadmill of an alienating expansionist and hierarchical system A handbook and a manifesto The Future Is Degrowth is a must read for all interested in charting a way beyond the current crises *The English Catalogue of Books [annual]* Sampson Low,1929 Vols for 1898 1968 include a directory of publishers
