Social Group Work And Alcoholism:

Social Group Work Today and Tomorrow Benjamin L. Stempler, Marilyn Glass, 2013-10-18 A comprehensive introduction to policy and planning approaches, methods, models, ways of thinking and techniques. *Social Group Work Today and Tomorrow* is presented in a reader-friendly fashion for persons with no prior formal training in this area. The book teaches social workers, group counselors, educators, and students and practitioners how to apply group work theory to practice in an increasingly time-limited and managed care-oriented society. *Social Group Work Today and Tomorrow* converts sophisticated policy and planning concepts and techniques into a form which even non-experts can understand, relate to, and apply in their own practice. Chapters reflect the work of the giants of social group work and also recognize contributions being made by the current generation of educators and practitioners. The contributors' chapters span many topical areas among them: an interactionist theoretical perspective on creative uses of groups; a moving look at the second decade of the AIDS epidemic; creative use of dance with group work; creative group work with ill elderly; practice groups for students to prepare them for professional work with groups; women's issues and empowerment; creative ways to use groups to educate among homosexual men on safe sexual practices; the use of one-session groups to respond to job-related trauma. Chapters strike a strong note for social group work's base in an interactionist perspective and for the overall efficacy and uniqueness of the method. Throughout the text, readers learn and explore group types and formats ranging from verbal to activity, from one session to beyond a year, from education to support and from developmental to rehabilitation. Ethics, self-esteem, identity, and empowerment themes are prominent throughout this work's pages. *Social Group Work Today and Tomorrow* is an accurate reflection of the quality, creativity, and energy that made up the Fourteenth Annual Symposium on Social Work With Groups. The creativity and innovativeness reflected in these pages offers new ideas and direction to all of social workers, counselors, and educators who choose the experience of working with groups. *Ethnicity in Social Group Work Practice* Larry E. Davis, 1984 *Research in Social Group Work* Sheldon D. Rose, Ronald A. Feldman, 1987 A broad range of critical concerns in group work research reflect not only the important advances and strengths in group work research but also some of the deficiencies and gaps that characterize contemporary research in the field. **Collectivity in Social Group Work** Norma C. Lang, Joanne Sulman, 1987 A concise and comprehensive examination of the theory of collectivity in social group work. Experts explore the impact of collectivity theory on social work practice and provide descriptions of practice in collectivity. *Stories Celebrating Group Work* Roselle Kurland, Andrew Malekoff, 2012-11-12 *Stories Celebrating Group Work: It's Not Always Easy to Sit on Your Mouth* celebrates the 25th anniversary of the esteemed journal *Social Work with Groups* with a collection of 21 narratives from group work practitioners and educators. These highly personal stories from a range of social workers, young and old, famous and not so famous, reflect each author's development and experience, serving as both instruction and inspiration for practitioners and educators.
